CHARLOTTE ALFORD*Secretary*

GRADUATION, the aim and goal of every student of E. O. H. S., has come at last for the Class of 1922. After four long years of endeavor, we have come to the end of the road. Reviewing our work of the past years, we feel that we have accomplished all that we anticipated. We bent our every effort to uphold and even surpass the standards set by preceding classes, and in our work we have a fitting memorial by which we may be remembered.

We began our career when as Freshmen we contributed to the Thrift and War Saving Stamp drives to the best of our ability. Though the Liberty Loan drive taxed our strength enormously, we proved that the freshmen were indeed "live wires." Many joined the Freshmen Debating Club, where our now well known orators won their first laurels.

The Sophomores of 1919-20 immediately undertook their responsibilities as one of the upper classes. The varied and numerous clubs showed a goodly number of Sophomore members. In science, literature and athletics, we ranked foremost. Our first social activity served to more closely unite the members of the class in friendship, and this undertaking proved a great success. When the

numerous and successful games at Ashland Field made the need for a stadium apparent, we subscribed as all true lovers of sport should. The magnificent structure at Ashland is in part the result of our efforts.

The Junior Class of 1920-21 was distinguished by its brilliancy and talent. The promise of ability which we had shown as freshmen and sophomores began to be fulfilled. Our scholarship manifested itself in every way. Through our co-operation the Corridor Patrol was planned and it progressed so favorably that it is now a splendid example of student government. In athletics our men shone forth. There was no sport in which we were not participants.

In February came the long-awaited Junior-Senior Prom, which the Juniors will never forget. The school as a whole enjoyed the dance and it was a success from every standpoint.

Then as dignified Seniors we entered upon our final year. The committee dances of course continued and the Junior-Senior Prom was an especial delight to all. A splendid season of football won the New Jersey State Championship, and secured gold footballs for each mem-

SENIOR CLASS

ber of the team. The Christmas play, an interesting sketch from Dickens' Christmas Carol, helped to increase the spirit of good-will and cheer.

Due to the great amount of remarkable talent in the class, Senior Dramatics was unusually successful. Two plays were given, one to further the appreciation of good music, and the other, "Sir David Wears a Crown," a delightful pastime for both young and old.

Class Night afforded the usual amusement and entertainment to our parents and friends.

The Graduation Dance, the most important social event of the year, was a decided attainment of all that might be hoped for.

Now, perfectly fitted and qualified for the commencement of our life work, we leave the scene of our misdeeds and triumphs to play a greater part in the affairs of the world.

RHODA ADERER

"Bob"

"So calm; so quiet."

Indoor Sport—Trying to get permission to get my hair bobbed.

French Club; Camouflage Club; Drama Study Club; Basketball Team 4.

Class Will

WE, the members of the illustrious Class of 1922 of East Orange High School in the City of East Orange, County of Essex, State of New Jersey, the majority of us being sound in wind and limb, of unparalleled capacities and superior intellect, being desirous to grant, confer, and bestow upon our successors the wisdom that during four years of hard labor we have amassed, collected, and compiled, do hereby constitute, publish, and declare this to be our last Will and Testament, to become effective after our demise.

FIRST. To our immediate successors, the Senior Class, we cast the mantle of responsibility to follow our guidance in conduct, wisdom, and heaven-sent ability for pulling a sandy. In all reverence we dedicate to them that holy of holies, Valhalla, the Abode of the Gods, known to the laity as 214. To further their instruction, we grant to them our box seats in Auditorium, and the privilege of appearing occasionally on the platform, provided they keep their shoes shined. To further this, we leave behind several members of our class as paragons of senior conduct, to instruct the neophytes in upholding their honors with dignity. May the new class serve as a model for senior classes for decades to come!

SECOND. We freely deliver, impart, and donate to the future Junior Class the right of residence in 221, provided their right of tenure clause is not violated unseemingly by flinging, casting, hurling, propelling, or

otherwise throwing the pallid bust of the inventor of lightning out any of the various windows or down any of the sundry ventilation shafts. To them we also leave the hope of some day achieving the honor of becoming an old inhabitant of 214.

THIRD. The Sophomore Class may consider themselves fortunate in coming in for a legacy which gives to them full power to instruct the barbarian in the ways of understanding. Their sacred right to assist the freshies in their desire to kiss the left ring-toe on the foot of the statue of Athene gracing the Board Room entrance shall not be violated.

FOURTH. We leave the coming Freshman class in the care of the sophs, and hereby state, declare, and pronounce that their privilege to be innocent, playful, and super-studious shall not be infringed because of race, color, or previous condition of servitude. And may heaven have mercy on their little souls!

FIFTH. We are proud to bequeath to our posterity the guidance of Mentor and Nestor—Mr. Ralph E. Files and Mr. L. Jay Caldwell—grieving that we will be denied their precepts, but rejoicing that we still retain their friendship and example. To our efficient office force we leave our best wishes and threadbare excuses for cutting periods. Likewise, we swear our everlasting friendship to every one of the good sports of our faculty who have striven with us for four years, and instilled in most of our hearts a desire for wisdom, not so much by precept as by

example. To them we give full right to all the unpatented discoveries and inventions of Twenty-Two, and the privilege to use in any way they see fit our yet uncopyrighted themes.

SIXTH. To every teacher and student we are proud to leave unstained the traditional institutions that have made E. O. H. S. one of the greatest high schools in the country. Firstly, the joy of taking home an "A" report card or certificate of merit, where but a valentine bloomed before. Secondly, all the freedom and personal liberty that they can get away with. Thirdly, the honor of lunching in our superior Chow Palace in such time as the C.P. on duty permits. Fourthly, the social delights of afternoon tea in Room 304 for the fortunate stung. Fifthly, all right and authority to pass through the corridors of the building unmolested, unless wearing golf stockings. Sixthly, The E. O. H. S. News and every other sport or student activity to make as much of each as has been done by the seniors in the past year. Seventhly, my brethren, the all-embracing force called E. O. H. S. Spirit: the inspiring love for Alma Mater to which every loyal son of East Orange pledges his sacred honor.

SEVENTH. Any legatee found, encountered, or otherwise discovered raising a disturbance over his or her inheritance shall be required to write the Class Will for the next graduating class.

IN WITNESS WHEREOF, we, the Class of Nineteen Twenty-Two, the testators, have to this, our Last Will and Testament, set our hand and our seal, this 27th day of June, in the year of our Lord one thousand nine hundred and twenty-two.

(Signed)

THE CLASS OF NINETEEN TWENTY-TWO,

[SEAL]

A. Grove Day, Attorney.

Signed, sealed, published, and declared by the above named Class of Nineteen Twenty-Two as and for their Last Will and Testament, in the presence of us, who have hereunto subscribed our names at their request, as witness thereto, in the presence of the said testators and of each other.

BENJAMIN TURPIN,
JOE MAGEE,
SMITH BROTHERS.

The Junior Class

PRESIDENT *Durand Taylor*

VICE-PRESIDENT *Maideline Scriggins*

SECRETARY *John Van Ryn*

THE spirit of the Junior Class has been carried through three full years of the High School. We entered as Freshmen in the fall of 1920. Early in the football season a large concrete stadium was proposed. The plan was accepted and fostered by the sale of Stadium Bonds. In the Stadium Drive we, the Freshmen, far outdid the other three classes. We showed our fighting spirit, proved our ability, and, above all, established the spirit now prevalent in our East Orange High School.

The Sophomore year soon came upon us. Already many Sophs were taking active part in school functions. The flower of our Freshman enthusiasm had not faded. We were a part and parcel of the school. Being organized and governed by our class officers, we put our

shoulder to the wheel and co-operated with the other students in all their enterprises. However, it was not until our Junior year that we really became worthy of East Orange.

During our three years we have contributed much to fill the school's coffers. We are proud of our record, for not alone in athletics, but in all activities the Class of '23 have undertaken we have proved successful.

From past experience what may we not expect in the Seniors of tomorrow? If the results of our concentrated efforts have not gone to waste, we will come back next year with the ideals of past Seniors behind us, our own ambitions before us, ready to stand shoulder to shoulder with the school to prove ourselves the ideal high school class.

The Freshman Class

ACH school year has witnessed larger Freshmen classes, and, running true to form, the Class of 1925 swarmed in upon the presiding genii, on the opening day, literally in hordes, filling every allotted space and overflowing to the upper realms, where we captured and occupied the library and Room 300.

In time we learned the position of the mysterious Room 400 and devious other landmarks with their enthroned Boabdils. Then turning our thoughts to serious paths, we commenced to absorb the treasures stored in lessons "one to ten inclusive" as propounded by those worthy exponents of learning, our teachers.

With a multitude to pick from, it was only a matter of time before our Freshman Assembly (something new under the sun) was blessed with the fervid orations of our bright lights. Still another field was opened for our intellectual geniuses by the organization of the Freshman Council. This, a new venture, was heartily supported by the whole class, who sent representatives from their respective home rooms to the council.

Under the able leadership of Mr. Tewksbury and Miss Warner this group was soon functioning, and within a short time undertook the management of Miss Lilote's recital of James Whitcomb Riley's poems, which proved to be a great success.

With its object to promote Freshmen activities in the school, and to represent the class in the Student Council this organization bids fair to become a great aid in developing future classes, with the honor of its origin due to the Class of '25.

Outside of the Assembly and the Council the Freshmen distinguished themselves in various other activities.

Mr. Knight successfully guided the Freshman Boys' Debating Society through a year of hot and spirited argument, while many weighty problems were solved in the Freshman Girls' Debating Society under the leadership of Miss Rupert.

Judging from the number of candidates who appeared professing to deserve that honorable monica, "Freshman," the football squad this year was considerably augmented by the Class of '25, while the results of the basketball league were considerably enlivened by the play of the "yearlings." Several Freshmen galloped through indoor track shaking a wicked foot, making the athletic future of the class appear auspicious.

Turning the half-year mark most of the clubs throughout the school were showered with applications for membership by the Freshmen.

We are confident that the Class of 1925 will set a high mark for itself in all E. O. H. S. activities.

FRESHMAN CLASS

School Activities

The Student Council

JACK FAILING *President*

ESTELLE BARNES *Vice-President*

WALTER BINGHAM *Secretary*

L. JAY CALDWELL *Treasurer*

THE Student Council has every reason to be proud of what it has accomplished in the past year. Under the leadership of Jack Failing this organization has inaugurated and successfully carried out many projects of importance to the school. To its already long list of represented clubs and associations three new names have been added during the year—the Scientific Society, the Freshman Council, and The Quad and Quoin Club.

The most outstanding work of the Student Council was the selection of a pin to be the standard pin of the High School hereafter. The design, chosen from a number submitted by the students, is the Athletic E. O. on a gold background.

The Barringer game revealed the need for a school banner, so a committee was appointed to obtain one. The result was a splendid East Orange banner, which hereafter will be displayed on every important occasion.

Under the auspices of the Student Council, East

Orange High School observed Booster Week, December 5-10. It opened with an auditorium session, at which the Student Council presided. Every phase of school spirit was emphasized by the different speakers. Throughout the week, posters placed at strategic points around the buildings reminded the pupils of their various duties.

A Council Committee, in conjunction with a faculty committee, has been investigating the possibilities of a school motion picture machine. Under the guidance and care of another committee, a contest for school songs was held.

This year, for the first time, the meetings have been open to all members of the school who wish to come and hear the discussions. For this reason the place of meeting has been changed from Room 224 to the Senior Study Hall.

The Student Council is grateful to the school for its loyal support and hopes to carry on the good work as successfully next year.

NEWS STAFF

The E. O. H. S. News

THE largest and most important activity of student life, The E. O. H. S. News, this year reached its highest peak of perfection. A staff that supplied 1,700 students and their parents with all the news of the school every fortnight is proud to say that not once did the issue fail to appear on time, a record before unequalled. Not once has appeared in the columns of the publication a useless word, or an article that did not represent the highest type of student journalism.

Following a clearly defined policy, The E. O. H. S. News fully developed its stated purpose to "Report Truthfully the School's Activities and to Uphold Its Honor and Traditions."

Legitimate news held the dominant place, but literary and artistic work was likewise encouraged. Especially noteworthy were the ten-page Christmas and Thanksgiving Day numbers, the latter appearing with a foot-

ball supplement on the first school day after the game. Several excellent articles by members of the faculty, and a series of extremely good cartoons lent additional interest to the newspaper.

The first book ever written by E. O. H. S. undergraduates made its appearance in March, 1922, when "Smiling Thru 'Til Half-Past Two," a collection of cartoons and humorous prose and verse written by three seniors, was published by The E. O. H. S. News. A committee composed of several members of the staff gathered a part of the material for the Students' Handbook, which contains the information all students should know about the school. A Style Book, showing official headlines and establishing certain usages in grammar and preparation of copy, was also compiled by the editor-in-chief with the assistance of the faculty adviser.

The E. O. H. S. News this year has occupied a place in student life that will be hard to duplicate.

SYLLABUS STAFF

The Syllabus

WE of the Syllabus Board wish to express our deep appreciation of the earnest co-operation of the Faculty and Student Body in preparing this book. We must admit that we were frequently a great annoyance, but we are proud of the patience and kindness that have greeted us unfailingly at every step.

Although the greater part of this book was compiled and financed by the Board itself, we are much indebted to Mr. Caldwell for his unceasing cheer and advice. At times we have been sunk in gloom and despondency, but always some word of praise or encouragement has fallen from the lips of fellow students to spur us on with new life and vigor.

Doubtless the failings of this book are many, but we have taken great pains in its preparation, always striving to make it worthy of the admirable school it is to represent in the years to come.

We hope that in the future you will look upon this book with warm hearts, cherishing it as a treasure trove of fond memories of East Orange High School.

Ken Mair

KEN MAIR, the girls' debating club of the school, points with pride to its work of the past year. Out of an enrollment of some forty members, twenty-five or thirty have been present at each meeting. The debates have all been interesting and instructive. Even the listeners can now converse intelligently on such subjects as Philippine Independence or Immigration. A number of girls have won their pins by doing good work in at least two debates.

Ken Mair has enjoyed two socials, one given by her own members and one tendered by the Boys' Debating Club.

Ken Mair's team won the Interclub debate on the subject of cancellation of the Allies' debt, the girls supporting the affirmative side. Two Ken Mair members made the interscholastic teams.

Miss Burrill, the new faculty advisor, has done much to encourage good debating and good friendship in the club.

GIRLS' DEBATING CLUB

The Boys' Debating Club

THE Boys' Debating Club has completed a succesful season and is leaving another fine record for succeeding organizations. Although there were not quite as many members in the club as heretofore, this condition is hardly a fault in a club of such a character. A smaller membership means greater opportunity for everyone to debate.

Wayne Blanchard as President, William Nevins as Vice-President, and Harold Gutman as Secretary held the offices of the club for the first half year. During this time many good debates were given and many good speakers were developed for bigger contests not far off. The second half year was even more enjoyable and instructive than the first, perhaps because of the new officers. They were W. Blanchard as President Howard Vail as Vice-President, and Robert Riotte as Secretary.

Late in January the tryouts for the team to debate against Ken Mair were held. A. Grove Day, Wayne Blanchard and Charles H. Yocum were delegated to uphold the honor of Delta Epsilon. The famous verbal conflict, held on March 3, is now a matter of history. The boys, although they did their best, were beaten by the girls by a vote of two to one.

The question was: "Resolved, that the United States should cancel the war debt of its Allies." A. Grove Day, the rebuttal speaker for the boys, received the coveted prize of ten dollars offered by the Home and School Association.

The smoke of this great struggle had hardly disappeared before the debaters were again preparing for other and more important work. W. Blanchard, Robert Riotte and Norman Bayles, the latter for the third time, debated against Barringer and upheld the affirmative of the debt question. A. Grove Day, Howard Vail, and Charles H. Yucum, supported the negative of the same question against Montclair.

In these debates, our part of the A League, we won at home from Barringer, but, unfortunately, lost to Montclair at Montclair. As Barringer defeated Montclair, the result is a triple tie and no one can claim the victory.

One feature of public speaking in which East Orange has always excelled has been the Colgate Extemporaneous Speaking Contest. Owing to the absence of the professor who sponsors this work, the contest had to be called off, and thus a potential honor for the school was lost.

A new idea was also tried out through having the two school teams debate against each other in the Forum. This drew a good crowd and encouraged the activity a great deal.

Another sensible move was the preparation of the history of the club from the beginning up to the present time. This report fills a long felt need of a complete history of the club.

Thus endeth the twenty-fourth year of debating in E. O. H. S.

FOOTBALL TEAM

Football

FAST ORANGE HIGH SCHOOL in the past season achieved its long hoped for ambition by winning the Interscholastic Championship of Northern New Jersey. This is the first championship in football received in the past four years. The season was a distinct success. We lost only one game to another school. A great number of players responded to the initial call in September, most of whom stuck through the entire season. The season's success was due to the conscientious co-operation of Coach Grosenbaugh and the entire team, which included Captain Failing, Taylor, Bayles, Leigh and Knowles of last year. Knowles, Taylor, and Leigh received positions on the All-Scholastic eleven.

September 24th opened our season with a defeat at the hands of our Alumni, but the result of this defeat was shown when the team journeyed to Lawrenceville and under bad weather conditions defeated their opponents 6 to 0.

The next game, with South Orange, was the first one with a Class B team in some time. We conquered the invading team by a score of 20 to 6 after a hard fight.

The following game we vanquished Phillipsburg 21 to 0, which avenged our loss of the last year. Then Trenton entered our field with high hopes of eliminating us as contenders for the State Championship. The teams were evenly matched and the result was a tie, 7 to 7.

Montclair came down from the hills with the fond hope of repeating its victory of last year, but the tables were turned when we beat them to the tune of 26 to 21 in a very exciting game.

On Election Day, Dickinson was outplayed and defeated by 28 to 0. Neptune, another aspirant for the state title, having beaten Trenton, was, after a hard battle, finally defeated by 20 to 0. At this game the first moving pictures of our team were taken for state educational movies.

On November 19th we journeyed to Montclair minus the services of Captain Jack Failing and Elliot Leigh, due to the pending game with Barringer. The game was hard fought, but we were beaten by a team that was better than we were at that time, the score being 19 to 6. This defeat had a two-fold effect; it unfortunately broke a long string of victories while, on the other hand,

it was a great factor in the winning of the Barringer game.

Thanksgiving Day soon arrived and with anything but ideal weather conditions to play in our team succeeded in subduing our old rivals by a memorable comeback in the last quarter. During the first ten minutes of play, Barringer picked up a fumble and ran for a touchdown, but failed to kick the goal. Thus handicapped, our team outplayed their opponents in every stage of the game and made a gallant showing by getting two touchdowns

in the final period. The game ended with the score of 14 to 6.

The moving pictures that were started in the Neptune game were completed in the Barringer game and finally shown in the High School Auditorium. This is the first time in the history of the school that any game has been reproduced on the screen.

With Johnny Gardner to pilot next year's team, and our same faithful coach, Mr. Grosenbaugh, to witness its growth, we are hoping for another successful season.

OP-TOM-ETRY and Better Eyesight

DO YOU REALIZE

that through the Vision most knowledge reaches the brain? A student's eyes must not be clouded by defective focus if the brain is to absorb facts easily.

Overstrained eyes drain the entire nervous system. In time the result must be a breakdown. Prevent it.

Timely Examination Will Prevent Costly Correction
