## THE SENIOR CLASS HISTORY

$\mathfrak{T}$HROUGHOUT the last four years the Class of 1930 has been learning how to develop equally all sides of its nature. We, its members, have healthier bodies, brains more alert, characters more tolerant, more willing to lead or to follow than when we entered East Orange High School. For the opportunities given us to increase our powers, we are truly grateful to ottr school.

New-made upper classmen jeered at us on our first day in E. O. H. S. As sophomores we were traditionally cock-sure. The freshmen pained us severely: We thought of ourselves as the equals in every way of the still more lofty classes. As juniors and seniors, too, we conformed to the accepted descriptions. That only goes to sho wthat we are perfectly normal young people. But the varied ways in which we differ from the classes preceding and following ours are of much more interest to everyone.

The Freshman Council for the first time had charge of the programs for Lower-Class Chapel during our first year. The plan proved a great success.

The girls of our class soon showed their extraordinary athletic ability in winning, while only sophomores, the hockey and baseball class championships. A member of the Boys' Tennis Team, Donald Hawley, won all his nine matches, that sophomore year, thus remaining indefeated throughout the season.

In the senior play of two years ago five sophomores played important parts. One might have foretold early from the performances of David Hay, Minna Kapelsohn, Nathalia Beals, Helen Altmaan, and Ira Williamson the successful dramas of the following two years.

For three years the National High School Orchestra and the State High School Orchestra has had a representative of our class. His classmates are proud of Kenneth Goodman.

A search of our junior years also yields many accomplishments. The girls excelled in sports, gaining the class champion-
ship in all fields-hockey, basketball, swimming, and baseball The Thanksgiving and Christmas plays had juniors for a large part of the casts. The greatest dramatic success of the year, a mystery melodrama, was wholly directed by Sidney Stern, a Junior, who also gave an exceptional performance as the leading character. The tennis team would have been utterly lost without its three star junior members.

As soon as the Class of ' 30 was able to play foothall intelligently, it worked undaunted against a record of six successive defeats just preceding its entry, and then as juniors and seniors, won two years from the school's greatest rival, Barringer.

The East Orange High School Band has won the state championship twice since the thirties have appeared as the musicians that they are. The orchestra also has won two state championships, during our third and fourth years in the school.

The News has undergone a complete transformation this last year. We seniors have put new life into that praise-worthy journal by changing its entire organization.

The senior girls have upheld their reputation for athletic prowess by winning, thus far in the year, the hockey, swimming, and basketball championships. Even though they are now more experienced than the other classes, they have shown exceptional ability in that line and are to be greatly commended.

One of the greatest feats of our senior class was bringing home for the first time the highest honors from the state swimming meet. This long coveted prize was well deserved for the hard work the boys put into earning it.

How many good times our school has given us to rememher all our days! And yet there is more: we wonder, in looking over this record whether our dearest dream may not have come true. When we first entered the terrifying, big building, we wished that we could do something really worth while for our school. Today we hope that we have indeed added to the laurels of our "Alma Mater."

## JUNIOR CLASS HISTORY

$\bigcirc$NE bright September day almost three years ago, the Class of 1931 were assembled in front of the school. waiting for the doors of four years of work, opportunity and pleasure to admit them-as mere Freshmen. Remember that day, Juniors? how the Seniors and Juniors drove up in their cars and gazed at us in amazement, and how a few haughty sophs stood in our midst and joked about us.

After the Freshmen had adjusted themselves, they elected temporary officers at the suggestion of Mr. Knight, class adviser. Ralph Murden, chairman, Jack Ball, vice-chairman, and Betty Hickey, secretary, were chosen to lead the class until everyone became better acquainted and could decide who would make the best officers. In November these officers were chosen as follows: President, Claire Brennan, Vice-President, David Burke, Secretary, Betty Hickey.

The following fall the Class of ' 31 came back as sophomores in words and actions. It was now their turn to make the Freshies feel like two cents, and they didn't have to be urged to do so.

Under the leadership of the following officers, the class took an active interest in student government: President, Thomas Niehaus; Vice-President, Edward Stasse; and Secretary, Betty Shea. Although no Sophs were permitted to be study hall chairmen or C. P.'s, they did as much as the law allowed, and often even more for which they received a notice commonly known as a "summons."

On the athletic field the Sophs began to come into their own. Many went out for varsity teams while most of those who didn't, went out for the squads. The girls, too, took an active part in school athletics by forming hockey, basketball, and swimming teams, in which they were successful players.

At the annual school election held in June, the Class of '31 elected the following officers to lead them and represent them in the council: President, Edward Stasse, Vice-President, Hamilton McCroskery ; and Secretary, Martha Marden.

For the first time they were actually let in on the big affairs of the school. Many Juniors were on the Student Council, some were study hall chairmen, and were appointed members of the various committees and helped a lot in fulfilling the committees' work.

As for athletics, the Juniors by this time were older, bigger, and more experienced than ever, and they were an important part of every team. The captains for next year's teams have naturally been elected from members of the Junior Class. They will do their best to fulfill their position and uphold their school's sport traditions next year.

Altogether, most of the Juniors have been playing a very important part of the school life during the year. In whatever they are doing they are preparing themselves for next year, preparing to be leaders of next year and one of the best senior classes that ever graduated from East Orange High School.

## SOPHOMORE HISTORY

$\eta$N PRECISELY the same manner as the thirty-eight classes preceding it, the class of 1932 entered high school, with wonderful resolutions, aspirations, determinations. Here was a chance to start all over again-new teachers, new subjects, no back records to ruin reputations. And so, with humbled mien, but exalted thoughts, we sailed through our first few weeks or so. Naturally it took time to become adjusted, to find our way around, and to assume a nonchalant air which fooled nobody but the other freshmen. And now we, who were the humble freshmen last year, cast a pitying glance at some bewildered young thing trying to find the gym, Mr. Knight's office, the library, or the fourth floor. Can it be possible that last year-?

As in all other classes, a few shining lights have emerged from the great mass this year. Two football men, five swimmers, two soccer men, and one basketball player have found their places on first teams, not to mention the six noble second
team men who won their numerals or made the second soccer team.

And we must not forget the girls. Many do, because they have no varsity teams. Nevertheless, remarkably keen team spirit is shown in the interclass games. The sophomore girls' hockey team was especially successful, conquering all but the invincible Seniors. As much enthusiasm, though less success, characterized the sophomore swimming and basketball teams.

Those who are not, perhaps, so athletic, have supported the glee clubs, orchestra, band, or dramatics. Last, but not least, shall we not mention the vast majority of good all-round sports, who do not excel in any particular thing, but who give their all-important support to our teams, and come out to fight with them during the games, share with them the sweet happiness of victory or rise above the bitterness of defeat and be good losers as well as generous victors. For of what use the hard working eleven in football, the five in basketball, the eleven in soccer, were it not for the hundreds who fight in spirit?

## HISTORY OF THE FRESHMAN CLASS

WITH the opening of the school year of '29 came a new freshman class with its usual opportunity to make good. As we became the innocent amusement of the upper classmen, our inexperience and bewilderment could only be compared to that of previous sufferers of the same class Letters by members of our band to solicitous relatives reported high school a vaguely delightful place, extremely big and complicated. But responding to the challenge of new things, a friendly faculty, interesting subjects and fine equipment, we found ourselves putting a foot on the lowest rung of the ladder and beginning to climb.

The new Freshman Council was organized, and a representative was sent to the Student Council. Many of us speciallized in favorite activities. For those who had persevered came honor slips. During the foothall season, Saturdays were red letter days for most freshmen calendars. Although too light
to make the teams, we were competent on the sidelines, cheering our betters and praising our Alma Mater.

The boys gave hearty support to interclass athletic competitions, upholding the new honor of the freshman class. One of us became a member of the Varsity soccer team, winning his letters.

The girls sent their representative to the Girls Athletic Association. They also responded to the athletic activities of soccer, hockey, basketball, and baseball, participating in the girls interclass swimming meet

Those interested in public speaking joined the Freshman Debating Club, while others interested in music became members of the orchestra or joined the Freshman Glee Club, which took part in the Christmas Play.

## THE STUDENT COUNCIL

## STUDENT COURT

$\mathfrak{F}$HE Student Council under a reduced membership has, besides attending to its regular duties, accomplished work in other fields of school activities.
The hand book which last year's Council had almost completed has been finished by members of this year's Council. This handbook will be of invaluable assistance to new students coming from other schools and also to our underclassmen.

The Student Council sent a delegation to the Columbian Convention on Student Government in which many ideas were exchanged with other schools from every section of the State of New Jersey. These conventions are held every year by alternate schools and in this manner ideas and helpful suggestions on Student Government are given to the various schools. This year's delegation consisted of, besides Seniors, several lower classmen who may be on future Councils and who thereby may have gained a knowledge of Student Government first hand.

The President of the Student Council following a precedent set two years ago has attended all of the Class Council meetings offering suggestions from time to time and also has reported any important business of the Student Council to the Class Council. In this way the two Councils have been in close contact with each other.

The parking problem which has become increasingly annoying to the students who bring their cars to school has been acted upon by the Student Council. The council petitioned Dr. Scott, the superintendent of schools, for the students. Dr. Scott has been planning some way in which a restricted parking space for student's cars exclusively can be successfully worked out. Although nothing can be accomplished this year, it is hoped that by the beginning of the next school year a definite space will be set aside for all those who wish to bring their cars to school. Thus when this year's Council disolves, it will look to the future Councils to carry on the work of past Councils.

$\mathfrak{T}$HE Student Court, one of the outstanding organizations of our High School, has functioned this year with greater success than in years past. This fact is based on the number of appeals that have arisen from court decisions. Of all the cases handled by both the Boys' Court and the Girls' Court only two cases were appealed and in both cases the Student Court decisions were upheld.

The total membership of the Court numbers eighteen of which nine are boys and nine are girls. Each court is headed by a Chief Justice.

In most schools where students participate in the government a Student Court is conspicuous by its absence. It is here, claim most school authorities, that student government ends. Are we not to be proud then that we have succeeded where most other schools have failed?

Our Court has reached a high degree of efficiency mainly through the experience of previous courts. Formerly the court was held after school but this plan gave way to holding court in the morning before classes.

Much of the success that the Student Court has enjoyed can be traced to the tireless efforts of Mr. Knight, who, five years ago, introduced into our midst the system which has proved its worth. But the real success of the Student Court is in the hands of the student body. The wonderful attitude and spirit of cooperation from the students themselves have made this court possible.

To the Juniors, Sophomores, and the Freshmen lie the responsibility of carrying on the good work of the Student Court to even greater heights.

## THE MATHEMATICS CLUB

| President | Irving Krieger |

| Faculty Adviser | Mr. Palmer |

3HE Math Club is a senior organization for those students who wish to include in their study of mathematics some topics not taken up in the classroom. Meetings are held every other Wednesday. At this time talks are presented by a student or sometimes by a faculty member. This year the members discussed magic squares, the derivation of $\log$ tables, the slide rule, cube root, the various proofs of the Pythagorean theorem, and scales of notation. From time to time, fallacies, both algebraic and geometric, were given.

Mr. Hart spoke excellently on the importance of mathematics to the world. A talk that proved interesting was one in which Mr. Daniels related his personal experiences during the World War. He told the club how a big gun could be aimed at an invisible enemy, the part that mathematics played in the army and the principals of the range finder.

The club was especially fortunate this year in having Mr. Mallory, the former adviser of the Math (lub) come back to tell about the application and structure of measuring instruments. He demonstrated some of the instruments on which he touched in his speech.

This year, a Calculus Class was held every Thursday after school, under the instruction of Mr. Hart, for the members of the Math Club who wished to learn the fundamental principles of that subject. Much credit is due to Mr. Hart and these ambitious students who took the course.

In March, honorary membership was extended to twentyfive Juniors who had shown ability to undertake the more abstract problems. To them is intrusted the privilege of continuing the club next year.

Near the end of May a picnic was held at Glen Wild Lake, Bloomingdale, New York, All the mathematicians forget their x's and y's for a day and had a grand time. Games were played, and the members went swimming in the morning. After working up an appetite, they displayed their ability to devour hot "Wienies." A short business meeting in which the officers for next year's club were elected was held directly after lunch. The remainder of the afternoon was given over to frolic for those who were able.

3HE year 1929-30 was a fairly successful one for the Spanish Club. Mr. Garcia, the faculty adviser, spent much time planning interesting programs for the club. Near the beginning of the year Mr. Garcia told the club of his trips to Spanish speaking countries and of Spanish customs and idioms. He also described a bull fight which he attended in Spain.

During the year the members learned several Spanish songs and poems as well as bits of conversation useful to a traveler.

The members devised an interesting game for increasing their vocabulary which they played quite frequently. All conversation carried on in the club is in Spanish, speaking English being a punishable offense.

As in previous years the club held a picnic in the country where the members amused themselves by playing games and consuming refreshments.

In May the Spanish Club gave its annual chapel program which is looked forward to every year by the student body. Sidney Stern, dramatically inclined member of the club, directed a short skit which was a perfect imitation of a radio broadcast even to the studio sound effects. Along with the skit was presented Jack Mason and his orchestra who played popular selections.

## FRENCH CLUB

OISS Katherine Rowley has successfully devoted a large part of her life to the finding of the formula. of the compound that will give the most successful results in the teaching of foreign languages, and with the aid of this quality she, as faculty adviser of Le Cercle Francais, has inspired in the minds of the members of the clubs a desire to supplement the regular course in French with research into France. This is the purpose of the club.

Le Cercle Francais is an assembly of the best French students in the school, engaged in a practical study of an important language. Both the fact that the members have, as a group and individually, high scholarship records, and that the programs of the meetings are so interesting and instructive, make the club one of the best in the school. These programs are ar-
ranged under the guidance of the faculty adviser and the officers and are conducted in French. At times outside speakers address the club; at other times the Cercle visits the French Line ships or other French organizations. A paper, entitled Le Coq Gaulois is published. The editors are Rosemary Faris, Emanuel Sarotzkin, Herbert Gausebeck, Blanche Berkowitz, and Margaret Faust.

Throughout the year different members of the club pre-sent various plays and dialogues which are enjoyed by the members. In addition singing programs flourish under the direction of Miss Rowley and Mrs. Gearhart. The club also has its shares of socials and parties. Each year a diner is given at which French food is eaten, French table manners used, and the French language spoken. This dinner is usually a great success.

## ENGINEERING CLUB

$\bigcirc$RGANIZED three years ago by a group of science students, the Engineering Club has become one of the most popular clubs in the school. At the meetings, the members speak upon and discuss current engineering and scientific topics. When possible, the members go in a body to neighboring manufacturing plants where they see scientific principles in actual application.

At the first meeting, after the election of officers and the appointment of Fred Gitzendanner and Ralph Friedel as members of the program committee, Frank Hatch opened the discussion of the year with a detailed talk on the history and development of Diesel engines. Mr. Marshall then spoke on light, a subject of vast interest.

Mr. Marshall, Fred Gitzendanner and George Kanzaki were the speakers at the second meeting. Mr. Marshall gave a very interesting talk on the surveyor's transit and its use, demonstrating on an instrument the principles of operation. Fred Gitzendanner then spoke on the device used for steering an automobile. George Kanzaki concluded the pragram with a chemical demonstration of burning iron.

At the meetings following diverse subjects were spoken upon and discussed. Jack Waite gave a talk on the front wheel drive; Ralph Friedel spoke about floating airdromes. Charles Anderson talked on meteorites; Edwin Holman gave a demonstration on the preparation of hydrogen ; Roy Sticket spoke on: the history and development of submarines; Robert Bonfield enumerated the value of the by-products of coal, and described useful fog piercing devices; Richard Ashby summarized Sperry
and his inventions; Gregory Brown spoke concerning the new two hundred inch telescope; Robert Booth told the history and construction of rifles; Eliot Fleming described the building of the Hudson River Bridge; Stephen Babbitt explained electric clocks; Robert Lytle spoke on radio tubes; Harry Griffith summarized the uses of wireless in aviation; Robert Finigan talked on the construction of the vehicular tunnels; and Carl Brenner spoke about the manufacture of china ware.

The first trip the Engineering Club made was to the Lighting Institute of the General Electric Company in Hoboken. They saw a moving picture of the manufacture of Mazda lamps. Lighting effects were demonstrated by means of a model city, movable wall devices, and the like. The other trips were equally interesting. Included the visit to the Kearny electric power station of the Public Service. The club was shown through the entire plant. One of the most interesting trips of the year was the one to the Brooklyn Navy Yard.

The annual social, held on Thursday, February thirteenth, proved to be an unbounded success. After p'aying cards, checkers, and chess for about an hour, the members duly devoured quantities of sandwiches, cake and ice cream. When they had rested from the feast, they went to the gymnasium and played a game of volley ball and indoor baseball.

To Mr. Marshall, the club's faculty adviser, every member extends his heartiest thanks in appreciation and gratitude for Mr. Marshall's invaluable advice and executive aid, which has brought the club to its present high place in the activities of East Orange High School.

DRAMA STUDY CLUB

$\mathfrak{G}$HE Drama Study Club has had a most interesting season. The group was small enough to give every member an opportunity to take an active part in every meeting. The work suggested a seminar rather than a club.

Instead of following the policy of the past years in studying the drama from the historical or biographical standpoint, the club this year studied types of modern plays, making the historical and biographical study secondary.

Last June members of the club attended the production of "The Trojan Women," a Greek tragedy by the Greek dramatist, Euripedes. It was presented in an out-of-door Greek theatre by the students of the Bennett School at Millbrook, New York. The members of the club were agreeably surprised to find a former member in the cast. Admission is by invitation only, and the invitation has been extended to the members of this year's club. It is an opportunity, for the Greek plays given by the Bennett School are ranked among the most artistic in the United States.

The members of the club had the pleasure of seeing a unique production this season, a play without scenery, "The Admiral" by Charles Kennedy. In the cast was Edith Wynne Matheson, whose voice has been voted the most exquisite on the American stage.
"Berkley Square," an excellent play for a study club because it has aroused so much comment with regard to its real meaning and because it has satisfied the most adverse critic, and William Gillette, that famous old portrayer of Sherlock Holmes, in his last revival of that play, added greatly to the enjoyment of the club.

Perhaps the best opportunity for the study of dramatic technique came in "Lancelot and Elaine," Milton Royles' adaptation of the beautiful Arthurian legends.

The club points with interest and to the former Drama Study club members who are doing excellent work for the amateur and professional theatre.

## THE ART CLUB

$\mathfrak{G}$HIS has been a fortunate year for the Art Club. It became a pioneer for the first time this year when the members successfully blazed the way to get worthwhile pictures to adorn the bare school rooms. The purchase of these pictures for 221 was the beginning of the realization of this long-felt dream of the club. It could not have been possible without the vigorous and enthusiastic campaign waged by the members in selling Christmas cards and Japanese prints.

Particular study of the American art of the 17 th and 18 th centuries was made by the club. To bring home more clearly its significance the members visited the Metropolitan Museum, where they saw the gracious dignity, refreshing simplicity, and fascinating charm of early American architecture, furniture, and silver wares. At the same time we studied the Greed statues, and saw the magnificent Roman Courtyard. We studied
portraits and modern style of the painters at the Newark and Montclair mussums. The arts of various countries were interesting side-lights of these trips.

A lesson in modern community architecture was learned when the members inspected the recently-completed, imposing Civic Center of East Orange.

The costume party staged by the club last November was a success. By common consent, the Spanish couple, Boyd Maddock and Barbara Campbell, won the prize.

The real purpose of the Art Club is to create and foster taste for the beautiful. In studying various arts we become intelligent to their characteristic traits as revealed by geniuses. In this way we instill in ourselves a deep appreciation for the artistic side of life. At a later date we can transmit in turn out knowledge to all those with whom we come in contact.

3HE Boys' Debating Club, organized in 1893, has added an illustrious chapter to the already glorious history of one of the most active and popular clubs of the school. The members have acquired the poise and self-possession necessary in speaking before an audience, and thus they fulfill the chief purpose of the club.

At the weekly meetings, subjects of general and current interest have been debated and discussed. Timely talks by Mr. Blom have aided materially toward furthering the knowledge of the principles of argumentation and debate for which we extend our sincere appreciation and thanks. During the year two socials were held with the Girls Debating Club, and both functions were thoroughly enjoyed.

In the first inter-scholastic non-decision debate in December at South Side High School the strong combination of Fred Gitzendanner and George Kanzaki defended the negative side of the question: Resolved, that the installment plan of buying should be discouraged for the benefit of society. Debating against Montclair on the same subject, Edward Stone was voted the best speaker by the audience.

Holloway Robinson and Thomas Leavy journeyed to Montclair in February and debated on the question: Resolved, that Electoral College should be abolished by the United States. Joe Millimet was voted the best speaker in the debate with Hillside High School.
"Resolved, that the Philippine Islands should be given their complete and immediate independence," was the subject for debate at Irvington. Paul Anderson, George Dyson, and George Kanzaki, alternate, composed the East Orange team. Anderson was adjudged best speaker. Debating the same question with South Side Goldberg, Berkowitz, and Kooneman, alternate ably represented East Orange.

Paul Anderson, George Kanzaki, and Thomas Leavy, alternate, are the members of the Delta Epsilon team which will debate the subject of installment buying with the Ken Mair team. The outcome is anxiously awaited by all.

The officers for the first half year were Edward Stone, President, Holloway Robinson, Vice-President, Fred Gitzendanner, Secretary.

## FOOTBALL

$\mathcal{A}$LTHOUGH the football season was a decided failure in the number of games won and lost, the victory over Barringer atoned in a great measure for an otherwise poor season. Only three of the eight scheduled games were won, but, as two of these were N. J. I. A. A. contests, the eleven managed to finish the season in a triple tie for the title. Kearny was beaten for the first time in East Orange history this year. Although the Cardinals have never been formidable, they have managed to meet the Red and Blue eleven during a slump, and for the two previous years, Harry Ronnie had defeated East Orange single-handed.

At the close of last year's very successful season a number of the crack players were expected to return and make this season just as victorious. Changing of schools and ineligibility, however, reduced the number of returning players to four. They were Captain Moe Frankel, Bill Hellmers, a fine end, Dick Weisgerber, and Reid. At the end of the preliminary practice season, a lineup replete with faces unfamiliar to East Orange football fans was running through the daily scrimmages.

Unfortunately for the green team the first opponent was the powerful Nutley machine, with a $52-0$ victory already under their belt. For the first half of this tense game the fighting Red and Blue line held the vaunted Maroon backfield in check, while the East Orange backs were likewise stopped by the rangy visitors. The play centered about midfield until at length Nutley managed to get the oval in scoring position. Though twice repulsed, big Hank Stager finally carried the ball over the line, Hub Crawford added the point by a placement kick. Nutley continued her season undefeated, defeating all her other opponents by more than twice the margin of victory over East Orange.

Kearny was the first team to taste defeat at the hands of East Orange. The game was dull and poorly played. Weis-
gerber scored after intercepting a Kearny pass.
Columbia, with Pat Stark and Hienie Allen going strong, outplayed and outscored East Orange, 6-0, in a thrill-fraught game at Underhill Field. East Orange reached the South Orange ten-yard marker on one occasion, but failed to shove the ball over. South Orange, with the same opportunity, converted.

On the following Saturday Montclair was met and defeated at the local stadium. This was the first victory scored over the mountainside eleven in three years. Bobby Douglass was the star of this encounter, scoring the touchdown which won the game.

A journey was taken to Warren County with dire results, as the Phillipsburg eleven turned the tables on the Red and Blue to win 13-7. East Orange scored first when Asheroft ran to a touchdown after seizing a fumbled ball out of the air. Weisgerber converted. Phillipsburg, by scoring a touchdown in each of the last two quarters, passed the East Orange total to win the game.

Plainfield conquered East Orange by the score of 13-0. East Orange put up a game fight, but the undefeated Red and Black was not to be denied.

The final encounter before the Thanksgiving Day fracas was a baleful one, Dickinson handing East Orange its only defeat in a series which is more than a score of years old. Only the fine work of a fighting line kept the score from mounting higher.

On a gray-skied Thanksgiving morn two of the poorest teams that ever represented East Orange-Barringer met before a capacity crowd at the Newark Schools Stadium. Both teams were inspired by the importance and tradition of the occasion, and put up their best brand of football.

The first quarter was memorable. After an exchange of kicks East Orange found herself in Blue territory. On third down Bill Egan tossed a pass over the center of the line. An East Orange man touched it, then a Blue shirt, and then alert Moe Frankel seized the pigskin and raced the remaining distance to the goal. For the remainder of the quarter East Orange made aggressive gains.

In the second canto, the Red and Blue was again in scoring position. This time Bill let the ball fly at young Dave Burke, who caught it over the goal line for a second score. This time Weisgerber made a pretty dropkick to send the total to thirteen.

Caruso, Barringer back, returned the kick off of the third quarter for a touchdown. He slanted toward the left side of the field, broke for the sidelines, and cleared the East Orange defenses.

Barringer had more power and drive in the third quarter, accounting for their first down. At the close of the quarter, however, the Red and Blue were on the foe's five yard line.

Failing to push it over, Barringer took it on its own five.
With ten minutes left to play the Blue started in an unforgetsble march down the field, which East Orange finally stopped a few yards from the last white line. The game ended before the teams could line up.

There was only one truly great played on this year's team, Captain Frankel. Injuries and changes of position slowed the big center up during the season, but his performance against Barringer, until injuries necessitated his removal should surely be written in the chronicles of East Orange football.

Dick Weisgerber, Bill Egan, and Phil Marfuggi were honored along with Frankel in the Daily Courier All-Oranges selections. Frankel was officially selected All-State High School center by Field Secretary Gus Falzer of the Newark Sunday Call.

Prospects for a successful season for 1930 are in the hands of the fates, but a few of the letter men are returning, and as yet no unfavorable reports have reached our ears.

BASKETBALL TEAM 1930
Top Row-Ernest Benatre, Coach; Edward Owens, Robert Wright, Ray Braitsch, Douglas Babbitt, William Steel, Manager. First Row-Richard Astley, William Egan, Milan Spellmeyer, John Clark, Ross Cummings.

## BASKETBALL

$\bigcirc$VER forty candidates answered the call for basketball this year in hopes of filling the vacancies left by the graduation of last year's players. The early drills under the direction of Coach Benatre soon showed who the basketball players were and the squad was reduced to about twenty-one in number.

In the first official game of the season, the Red and Blue quintet defeated Kearny by the score of $30-17$ on the home court. Althought the visitors were leading 12 to 8 at the end of the first quarter, the Red and Blue broke loose in the second quarter and were in the lead the rest of the game. Braitsch was
the high scorer for East Orange with fifteen points. Paul Gaul led the losers with nine points.

The high hopes, raised by the successful outcome of the first game, were lowered in the second game of the season when the Columbia High School five defeated East Orange, 27-9, on the winner's court.

In the next game a fighting East Orange team was beaten, 35-29, by Montclair in a last minute rally of an exciting game. In the last three minutes of play, with East Orange leading by two points, Montclair staged a thrilling rally to win by six points. Astley and Spellmeyer played well for East Orange.

The team adopted a policy which they started in this game whereby the captain and his teammates ran the game ihemselves. Although the coach may care for a disabled player, he is on his honor not to do any coaching at this time.

The Red and Blue again went down to defeat at the hands of a strong Plainfield team, on the winner's court, by a score of 41-20. Clark and Spellmyer both played well for East Orange netting six points apiece, while Kroll starred for Plainfield with twenty points.

The Red and Blue met their fourth successive defeat when they invaded Orange and lost to a wide awake team by the score of 23-8. The Orange team led through the entire game, playing a snappy offensive and defensive game. The Red and Blue defense was decidedly weak in this game.

The Red and Blue finally broke the losing spell by defeating the West Orange High School team 20-18, on the loser's court. Clark and Spellmyer played a good game, each accounting for a large part of the score.

In the annual game with the Alumni, the regular East Orange team was taught a little basketball to the tune of $36-27$. Although the half broke even with a score of 12-12, the Alumni established a lead in the second half and held it to the end. The Red and Blue staged a desperate last minute rally but the Alumni were too strong for them. Doremus, captain of the Alumni, was high scorer with thirteen points. Heimert and Currey also played well for the winners. Clark led the Red and Blue with eleven points and Babe Spellmyer followed with nine.

The Red and Blue won the only game with Morristowth 27-22, on the home court. East Orange led throughout the game only being threatened once by the visitors. Clark, acting captain, and Astley starred for East Orange with thirteen and six points, respectively.

Kearny turned the tables on East Orange in the second
game between those schools. Kearny led during most of the game and finished up with a score of 26-19.

East Orange made up for the first game with Orange by handing them a $26-23$ beating on the home court. East Orange led the first half. In the third quarter Orange rallied and forged ahead to a 23-21 lead only to surrender to the Red and Blue in the end. Bill Egan was forced to retire with a sprained ankle but two of Orange's men were put out for fouls, which evened things up.

A well deserved victory was gained by East Orange in a close, hard fought game with Irvington High School. Although the Red and Blue was in the lead the entire game, the contest was very close, and the tricky and numerous shots of Novogrodskey, Irvington guard, held the East Orange hearts in doubt until the final gun. Braitsch and Clark were high scorers for the Red and Blue in this game which ended 22-18.

A fast Columbia five again defeated East Orange, 35-21. Although many fouls were called and several players of both teams put out of the game, the contest was interesting in many ways. Nick Lombardy was the individual star of the game, running up a total of fifteen points for his team. Babe Spellmyer was high scorer for the Red and Blue with a total of nine points.

The Red and Blue were again set back by the Montclair High quintet by the score of 29-22. Although East Orange fought hard, they lacked the fine team work exhibited by Montclair.

In the final game of the season East Orange was defeated by West Orange, who returned the defeat handed them by the Red and Blue earlier in the season. The East Orange defense was weak in this game, giving the West Orange team a foothold. The game was exciting, and some good playing was exhibited by players on both teams. The game ended, 22-28, with the Red and Blue desperately trying to patch up the hole in the score.

## BASEBALL

3 HE baseball team experienced a rather unsuccessful season last year, winning less than half of its schedule. The team was greatly handicapped due to the fact that East Orange Oval, our team's home field, was not available for pre-season practice. This lack of practice was clearly evinced later in the season by the many errors which marred our team's play.

In the first game of the year, Nutley vanquished our nine by a score of 9-3. The outstanding performance of this game was furnished by Ross Cummings who rifled two balls over the left field wall for home runs.

The second game of the season was lost to Atlantic City. Untimely errors cost us this game as we collected 13 hits, including a home run by Douglass to 9 for our opponents.

The team hit its winning stride in the next game, defeatink Kearny by the one-sided score of 10-4. Captain Brueno, Egan and Cummings all had perfect batting averages.

Our team continued on its winning way with an 8 to 3 victory over the South Orange team. McGarry turned in a nice pitching performance, while Cummings, the "Babe Ruth" of the East Orange nine, hit two more home runs to bring his total to 4 in 3 games. Bill Egan also hit for the circuit in this game.

The East Orange winning streak was snapped short by Dickinson to the tune of 9-4. Cummings again starred at the offensive with 3 hits, including another home run, in as many trips to the plate.

The East Orange nine added another scalp to its collection with a 9-7 victory over Orange. The whole team played a steady hand of baseball, and three was no outstanding star.

In a return game with Kearny, the East Orange batters found themselves helpless in the hands of Gaul, star Kearny twirler, and could garner only three hits to lose 7-0. Emerson and Deacon, the East Orange pitchers pitched well, allowing only 5 hits and 2 earned runs.

The Red and Blue nine next defeated Barringer by the score of $5-1$ in a game which was featured by the fine pitching of "Pop" McGarry.

Dickinson again proved too strong for our team. Steinberg was our batting star with a home run and a double.

Our second encounter with South Orange resulted in a 7-7 tie, which had to be called on account of darkness. Barringer again felt the sting of defeat at our hands as Bob Wright baffled the Barringerites with his south paw throwing. Brueno contributed three timely hits to the East Orange cause.

East Orange was defeated in the last two games of the season, dropping a close 10-8 decision to Irvington, and then losing to Orange by the score of 14-6.

With such veterans as Captain-elect Douglass, Egan, Cummings, Wright, Astley, and Deacon returning from last year's team to form a nucleus, and with Hodge, Clark, Hayes, Gussow, Burd, Loprete, Israel, Chalmers, and Weisgerber of the second team to compete for the remaining positions; the prospects for a successful season this year are quite bright.

The regular schedule ended with a record of 5 victories, 7 defeats and 1 tie.

## SOCCER

$\mathfrak{T}$HE first game of the season was played against Verona High School on October 8. Verona High has always been noted for its strong soccer teams but the East Orange boys beat them 2 to 1 .

The second game was played October 11, against Dickinson High School. This game was also won by our boys by the score of 1-0. What a game that was, with every man on his toes protecting our goal until the final whistle. Harry Greene was the man who hung up the only score in this game. He shot
a goal from the sidelines in the first ten minutes of play. Chalmers saved the East Orange team by keeping his goal well guarded throughout the entire game.

The third game was played against Montclair, and the score resulted in a tie 2-2. The field was wet and slippery, and both teams played rather raggedly on account of the condition of the field. Harry Green and Howard Israel scored.

The fourth game which was against St. Benedicts resulted in a victory by East Orange the score standing 1-0. It was a
hard fought game. Eddie Owens made the one and only score of the game early in the first period. Gust Loprete who had been out of the line-up for several weeks was back on the field again.

Murphy of St. Benedicts was East Orange's only worry, but Skinny Chalmers defended the goal and not a shot went through.

The next game was played against our old football foe, Barringer, but they were no trouble at all. East Orange won with a 3-0 score. Eddie Owens was the star of this game.

The East Orange Soccer Team had a much easier time with Pingry Prep than it did with Barringer. The goals came so hard and fast that when the final score of $8-1$ in favor of East Orange was totaled the visitors were very much surprised.

The second game with Dickinson was captured by East Orange by the score of $2-0$. The score was made by Owens and Wilson.

St. Benedict's came back with plenty of vim in their second game against East Orange as may be judged by the 0-0 score. The boys on both teams fought very hard but were unable to score.

East Orange was only able to score one goal on a determined Barringer team that came back for a second game. The Big Blue boys seemed to have some of that old foothall blood in their veins. They held E. O. to one tally. The final score was 1-0 in favor of East Orange.

The greatest games of the whole year were played with Kearny High School. A lucky shot by Triano, right half back of Kearny, made the only score of the first game. The boys of
both teams covered their ground very well, showing the experience which they had gained earlier in the season by the other games. The Kearny boys were out to tear East Orange up, but, although they did win the game by the score of $1-0$, they didn't have an easy time of it. The Kearny boys looked like a regular machine, and East Orange had to work hard to keep them in their place. This game had been postponed from October 22 to November 19.

The second Kearny game followed on November 19, and was hotly contested by both teams. Both teams were in excellent form and both did their very best. The Kearny boys, having triumphed over every team that they had played, expected to find East Orange very easy. But the Kearny team met a real team that day when they got out on the field with Coach Griffin's boys. If the coach carries his head a little higher on account of that game and that team, he has a right to do so. The final score was 3-3.

The last game of the season on November 22 was won by East Orange by 4-0. The Verona boys were all right but they could not come near the East Orange men who were at the peak of perfection.

East Orange lost the championship to Kearny on account of the fact that they had won one game and tied one, thus giving them the advantage over us.

Our combination of players was very fine this year, and the soccer team has experienced the most successful season for a long time. Eddie Owens was the high scorer for the year, and Skinny Chalmers was the impenetrable goalie. All the opposing teams scored only seven points on Chalmers. East Orange scored twenty-eight points for the whole season, and they won every game but one.

## SWIMMING

$\mathfrak{G}$HE East Orange swimming team has had a more successful season than any preceding team has ever experienced. They won every high school meet by onesided scores and defeated two prep schools. The only defeat of the season was suffered at the hands of Lawrenceville, state champion in prep school ranks. Is a gala ending to a superb season, the team journeyed south to Trenton and there annexed the state championship, defeating its nearest rival by ten points. This final win was loudly acclaimed, for East Orange
had been runner up to Atlantic (ity for seven or more years in succession before this year's team came through and defeated them decisively.

The team entered two open meets, the Columbia and Pennsvlvania Interscholastics. It took first place in the Columbia meet defeating the best high school teams in the East. In the Penn meet two prep schools were the leaders with East Orange third leading the high schools.

Several members of the team have done outside swimming which had added to their fame. The most outstanding of these is "Skinny" Chalmers. Besides taking first places in the Penn and Columbia meets, the was the key man on the Newark A. C. team. He won the national interscholastic championship and the Senior Metropolitan championship in the backstroke as well as the national junior 300-yard medley championship. These accomplishments are all the more notable when it is remembered that last year George Kojac was the holder of the Senior Metropolitan championship. In the national interscholastic individual championships he competed against the pick of the nation's best high school swimmers. In addition to this he was invited to swim in the national senior championships and iplaced second in the backstroke.

The other members of the team who have done outstanding swimming are "Devvy" Smith, Donald Chalmers, and

Walter Ashley. All swam for the Newark A. C. and Donald Chalmers took third in the Columbia Meet, and third in the national championships also. Walter Ashley besides swimming for N. A. C. took second in the national individuals at diving. He was a vital factor in the relay team, and took first place in diving in the state meet. "Devvy" Smith swam both the 40yard free style and in the relay. He won in the state meet at the 40 -yard swim and helped win the relay. He also placed fifth in the national individual championships.

The other outstanding member of the team was Harry Green who swam in the relay and helped it win the Columbia open meet, the state meet and to break the East Orange High School pool record by two seconds. Early in the season he swam the 200-yard free style but it was found that he could do better in the sprints so he was used in the relay. Walsh, Cashen and Cleveland swam well and did their part in wining the dual meets.

The results of the dual meets follow:

TRACK-1929

$\mathfrak{G}$HE East Orange track team completed a fairly successful season last spring. The team's first meet, a dual with Glen Ridge, was a decisive victory for the Red and Blue. Glen Ridge was outclassed in nearly every event, winning but three first places. Captain Kingsley Schroeder was the star of the meet rolling up twenty-one points, first in the high jump, first in the shot put, first in the pole vault, second in the high hurdles, and second in the discus throw. Cap Johnson won his favorite events, the high and low hurdles without the least bit of trouble; and he also took second in the 220-
yard run followed by George Marshall. Dick Hardy took first in the 100-yard dash with Ed Haldeman third, and first in the hunning broad jump with Marshall second and Irving Krieger third. Krieger was also runner-up to Schroeder in the pole vault. In the quarter mile run East Orange took all three places, Joe Coburn first, Bill Hellmers second, and Bob Hopkins third. East Orange took highest honors in the Javelin throw Tom Soriggens first, and Art Lange second, but lost all three places to Glen Ridge in the mile. Other scorers for East Orange were Elson Burroughs, Ed Bruen and Gil Jones. The final score was 81 to 36.

East Orange made a respectable showing at the sixth annual track and field meet held by South Side High at the Newark School Stadium. Cap Johnson was East Orange's outstanding performer, accounting for two-thirds of the team's points, in upholding his claim for the high and low hurdles titles. King Schroeder, Dick Hardy, Linton Marsh, and Art Lange scored the other five points for East Orange. Schroeder took second and Marsh tied for fourth in the high jump. Hardy came through with a fourth in the 100 -yard dash, and Lange tied for fourth in the javelin throw.

A week later the East Orange trackmen were defeated in a stiff dual meet with Columbia High. Johnson, Schroeder, and Hardy starred for East Orange. Cap Johnson captured the high and low hurdles and King Schroeder won the high jump and the shot put. Other tallies were made by Hardy, first in the 100 -yard dash and a close second in the broad jump; Marsh, second in the high jump and third in the javelin; Elitch, second in the mile; Lange, first and Scriggens second in the javelin throw ; Dordleman second in the discus; Burroughs third in the low hurdles; Boud third in the half mile; Coburn third in the quarter mile ; and Haldeman tie for third in the high jump. The final score stood, Columbia $631 / 2$, East Orange $491 / 2$.

In the N. J. I. A. A. track and field meet at Monclair,

East Orange took third place. The powerful Montclair team won the meet easily. East Orange trailed Barringer by only a few points and Dickinson brought up the rear. Cap Johnson was East Orange's individual star winning the high and low hurdles as usual. King Schroeder took first honors in the high jump and fifth in the high hurdles; and Dick Hardy also starred when he broke the meet record by stepping the 100 -yard dash in ten seconds flat. He also placed fourth in the broad jump. Other tallies made by East Orange trackmen were Lincon Marsh's third in the high jump and fifth in the broad jump; Art Lange's fourth in the javelin; and Elson Burrough's fifth in the low hurdles.

The last meet of the season was the New Jersey State Interscholastic Championship held by Barringer at the Newark School Stadium. Cap Johnson successfully defended his two championships in the high and low hurdles. King Schroeder and Dick Hardy were East Orange's only other scorers. Schroeder tied for first in the high jump and Hardy took third in the 100 -yard dash.

The prospects for the 1930 season are not so bright, having only two lettermen left, Dick Hardy and Linton Marsh. Coach Benatre, however, will undoubtedly round up a well balanced team from his host of candidates.

## TENNIS

$\mathcal{L}$AST year the East Orange High School Tennis Team enjoyed a very successful season. I eed by Captain Winslow Smith they won twelve matches and lost only one. The first match of the season was a decisive win for our netsters, for Newark Academy fell before our men 5-0. On May eighth Barringer was defeated to the tune of 5-0. Orange High School was the next victim, and 5-0 was the score. Montclair, who are our rivals in tennis, put up a little fight, and the score was 4 to 1. Hawley and Kabacoff won quite easily while "Shorty" Smith was beaten by Roger Willet. The doubles matches went to us after a hard fight. On May seventeenth the East Orange boys made their annual trip to Atlantic City. There after a hilarious night and a hearty breakfast they almost lost their first match. The score was three-two. Kabacoff lost to their captain and our first doubles team composed of Israel and Hawley lost. On May twentieth Summit, who had twentyfour straight victories under its belt, battled us to a two-two tie. Roger Taylor beat Don Hawley after a two hour battle. Cap-
tain Winslow Smith won, but Kabacoff lost to Ray Smith 6-1, 0-6. 6-1, after a queer match. Our doubles team won by default and the last match was called on account of darkness. Barringer was the next victim, and the score was $4-1$. Finlayson substitute for Kabacoff lost his match. Columbia lost to us on our home courts at the count of $3-0$, since the doubles matches were called off. We beat Orange again 5-0. On May twentyninth, at the East Orange Tennis Club, another battle with Montclair was seen. Hawley won his match but Kabacoff and Smith lost. Since it was dark, the doubles matches were postponed till June fifth. On that day East Orange won both doubles matches. The teams of Kabacoff and Hawley, and Agens and Smith won. The next mateh was the only blot on the team's whole record, for it was beaten by Pingry 3-2. On June 3 the team traveled to the Canoe Brook Country Club to battle Summit. The East Orange boys emerged the victors to the tune of 4-1. Hawley was the only man to be defeated. After an almost perfect season the team was awarded the State Championship in recognition of its superior playing.

## SOCIAL

$\mathfrak{T}$HE social committee has been a most active committee during the year 1930. Through the cooperation of its members, many dances of various types have been successfully held.

The committee dances which this group planned have been satisfactory both socially and financially. At the first committee dance of the year, held in November, the number of stags was limited to fifteen. A great number of couple tickets were sold, however, and as a result of the the limited number of stags, the couples were not crowded to the middle of the floor but had plenty of room in which to dance.

The second committee dance was held on February eleventh. Although this year is not Leap Year, the committee decided to give a Leap Year Dance, as those of former years had been so successful. This dance was a bigger success than any of the other committee dances.

One of the biggest events of the year, the Junior-Senior Prom, was also planned by the social committee. The dance was held on March twenty-eighth. Riker's Commanders furnished the music.

The seniors are all looking forward to the last and most important dance of the year, the Grad Dance, with great interest, as it is the last big social event which they will enjoy together in East Orange High School. Although the seniors dread seeing this go by, it is a pleasant feeling to leave with a final good time in mind.

Jack Mason, a member of the senior class, played at all the committee dances, and his orchestra furnished plenty of pep and rhythm for all those present; Jack is also goind to play at
the Grad Dance in April, and thus the music is hound to be good.
Miss Cohen, Mr. Bulger, Mrs. Hoagland, and Mr. Davis were present at all these gala events, not merely to chaperone, but to enter into the spirit of the dance and make us all feel at home. Mr. Price was the cheerful and able ticket collector.

The members of the committee who planned these socials are: chairman, Orleno Koenig; Bill Helmers, Devonald Smith, Oliver Hall, Robert Duncan, and Margaret Spohrer.

Another big entertainment of the year was the annual football dinner held in the fall just before the Barringer game. The senior girls served and made the supper even more interesting.

The annual Mother and Daughter Banquet was held in Janwary. The Home and School Association under the capable direction of Mrs. Smith, a student committee consisting of : chairman, Margaret Spohrer, Florence Robinson, Janet Doig, Helen Napier, and Ruth Monaghan, and Miss Rowley of the faculty, were responsible for the success of the banquet. The dinner itself was excellent, planned by Miss Fawcett, Miss Bensinger, and Miss Lundel. The Girls' Junior Council wated on the tables, and five senior girls, dressed in white sport costumes, led the songs and cheers. The speeches which followed the dinner were both interesting and beneficial. The speakers were: Miss Smith who announced the speeches, Mr. Heiss, president of the Board of Education, Miss Derby of the faculty, Mrs. Shepard, representative of the mothers, Margaret Spohrer, the senior class representative, the speaker of the evening, Miss Helen Ferris, Editor of the American Girl.

The seniors have many pleasant recollections of their Alma Mater to carry away with them; for certainly so many good times cannot easily be forgotten.

E. O. H. S. ORCHESTRA

E. O. H. S. BAND

## ORCHESTRA

$\widetilde{\sigma}$HE entire student body of the school may well be proud of the Senior Orchestra this year. Many honors, tributes, and prizes that have been won during the year have made the orchestra one of the most successful since Mr. Herfurth took charge of the instrumental music in the school.

Mr. Herfurth succeeded in organizing, during the past year, a full symphony orchestra, numbering sixty-two piecesthe largest in the history of the school. Many instruments have been added to the orchestra also during the past year. The violin section has been greatly improved and augmented, the viola section has been increased substantially, and the number of basses has been increased to six.

All these additions have proved very profitable to the orchestra, and is shown by the favorable reports received from many critics at the various concerts during the school year.

The outstanding activity of the orchestra for the entire year, was the continuance of the series of Children's Concerts. These concerts proved so popular, that it was necessary to repeat each concert twice, at a week's interval. Attendance at these concerts, given for the benefit of the grammar schools of the city was not compulsory, but each concert found the auditorium filled with grammar school students, eager to hear
the orchestra. The Glee Club gave one of these concerts this year, while the orchestra gave two, and the orchestra and band combined to present the final one of these concerts on April 28.

East Orange once more had the honor of sending more musicians to the All-State High School Orchestra than any other high school in the state. As usual, the organization, composed of more than 225 pieces, met in Atlantic City, in the early part of November. A concert was given in the Atlantic City Auditorium to the largest audience ever assembled under one roof in the State of New Jersey. The orchestra, which draws its musical talent from the best players of every high school orchestra in the state, was praised very highly by all music critics. The same organization was asked to play again in February for the National Supervisors of Music Conference, but the offer was kindly declined.

The National High School Orchestra also had several East Orange names in its personnel. This orchestra, under the direction of Mr. Maddy, of national fame, Walter Damrosch, and other noted conductors gave concerts at Carnegie Hall, Philadelphia, and Washington, D. C.

One of the outstanding events of the year for the entire orchestra, however, was the wimning of the first prize in the

New York Graphic Contest at Madison Square Garden, on March 29. For this achievement, the judges, including Edwin Franko Goldman, and John Phillip Sousa, awarded the large loving cup to the East Orange High School Orchestra. Not satisfied with winning first prize in the orchestra division, the band captured third prize in competition with twenty-one other bands. East Orange was the only High School band to reach the finals.

The band has also been active in appearances during the year, playing at all of the football games, participating and winning a prize in the dedication of the New City Hall ; giving several concerts combined with the orchestra; and presenting many minor engagements.

The Upper-class and Lower-class chapels were entertained by both the band and orchestra in their concerts given April 2 , and May 1.

Because of the high degree of success with which both the band and orchestra have met during the year, Mr. Herfurth holds every hope of both these organizations winning first place again, it will make the third consecutive year it has received this honor, and it may then keep the cup it has now, permanently. The orchestra has succeeded in capturing one first prize and
one second prize during the two years it has competed in the contest. Two years ago, it was narrowly defeated for first place by Atlantic City, while last year the tables were reversed. and East Orange captured first, with Atlantic City trailing in second place. May 2 should find the band in excellent condition, ready to fight hard for possession of the first prize cup. The following day, May 3, will find the air of New Brunswick filled with beautiful music, and East Orange will be in the pink of shape to once more face their ancient rival of Atlantic City.

The active season of both of these outstanding organizations will culminate in the annual concert of the orchestra and band, on May 8 in the High School Auditorium. The favoriic selections that the band and orchestra have played during the entire year will find a place on the progrgam.

The members of both the orchestra and band want to thank Mr. Herfurth sincerely for everything he has done for them during the past year. The graduating members wish to take this opportunity of showing their appreciation to Mr. Herfurth for leading them to so many honors during the years of their membership, and to wish both the band and orchestra the best of luck in vears to come in every undertaking-large or small.

## CLASS OF 1930 HOLDS FIRST REUNION

With all the spirit of a class fresh from high school, three hundred members of the Class of 1930 held their first reunion at the Ritz-Carlton Hotel, in New York City, on February 12th, Lincoln's birthday.

From the moment when the doors of the dining room swung open, up to the time of the singing of the last E. O. H. S. song, Walter Turkus the famous cinema star, led chorus after chorus, picking up each tune as Jack Mason, radio's foremost baton-wielder, plaved on the piano, and only stopping from time to time as the toastmaster, Emanuel Sarotzkin, whose recent translation of Ovid's Metamorphoses had made him famous, wished to call on a speaker. Lewis Grosenbaugh, editor of the New York Times, Dr. Leo S. Bell, eminent physician, Priscilla Anderson, the wellknown writer, and Robert Douglass, who is "wowing" audiences with his wise cracks, composed the committee in charge.

## CLASS PROPHECY

A special guest of the evening, Moe Frankel, chairman of the Board of Athletic Control at Dartmotth and an ant thority on football in general, was placed at the speakers' table as were Nathalia Beals, Broadway star, Gordon "Skinnv" Chalmers, wearing his medals won at the last Olympic games; Harry Weiner, who is coaching lacrosse at N. Y. U.. George Mayberry, Broadway columnist; Norman Tymeson, president of the Dentist Association of America; and Devonald Smith, professional football star.
Frankel, who has been quoted much of late in the papers, said he was especially honored to be present. He was recently elected President of the National Collegiate Athletic Associatioon

Miss Beals related several interesting experiences on the stage.

After all business has been attended to, and the next meeting set for the coming year, there was dancing in the ballroom. The music was furnished by lack Mason's Orchestra which includes such famous musicians as Kenneth Goodman, Eliot Wagor, Eliot Dorgan, Herbert Gausbeck, Morris Fuerstein, Joe Cattlett, and Francis Dodge, crooner.

Those present included:
Tentschert and Neare, the famous undertakers; Mr. Files, Mr. L. J. Caldwell, and the ever-youthful Grossie; Mary Adams, who is famous for her denunciation of prohibition; Charles Altemus, the champion of chess players; Mary

Amthor, who has charge of the Forlort: Heart's Department of the Star-Eagle; Helen Napier, the charming society matron; Orlena Koenig, widely-known artist's model; Seymour Krieger, barrister; Irving Krieger, scientist; Charles Berton, ambassador to Japan; Ray Braitsch, pro basketball star; William Clover, ceramics expert; Chester Dahlmeyer, famous Metropolitan Opera Company tenor; Rosemary Faris, professor of French at Middlebury; Laura Jane Hebard, sports writer; "Hank" Evans, physician to the President of the U. S.; Lester Kabacoff and Donald Hawley, the Davis Cup players; Leonard Kahn, the artist; Herbert Irish, matinee idol; the Hon. Fred Gitzendanner, member of the House of Representatives who was instrumental in the repeal of 18 th amendment; Margaret Spohrer and Jane Shepard, who were tied for first place as the most heautiful woman in the U. S.; Rear-Admiral Edward Wendell; Bob Duncan, Winner of the American Open golf title; Raymond Smeraldo, President of General Motors ; Sidney Stern, actor ; and many other lawyers, doctors, teachers, lexicographers, statesmen and diplomats.

## CLASS WILL

ๆ,THE Senior Class of 1930, of the East Orange High School, being of sound mind and memory, and wishing to follow in the common rut of leaving my possessions and wide knowledge to those who are to fill my renowned place, do on this 21st day of June, A. D. 1930, make and publish this, my last Will and Testament in the following, to wit:

First, to my eldest, the Class of 1931, I duly bequeath my front seat in chapel, all my untouched knowledge, and any overlooked notes in the margins of my Johnson; a snap (?) course in Chemistry, the privilege of entering 207 when unprepared, and my successful manner of gypping in lunch line, all on condition that he will defeat Barringer next Thanksgiving.

Second, to my next eldest, the Sophomore Class, I grant the privilege of aiding the Freshmen to adapt themselves to East Orange High School routine. Any and all privileges therefore are to be theirs.

Third, upon the Freshmen I bestow the honor of paying for all extra butter in the lunch room, and in addition I leave them the joy of throwing spitballs and matching pennies in 221. Upon them is levied but one condition: that they attend diligently the orientation course offered by the Sophomores.

Fourth, upon members of the faculty I bestow the following:

To Mrs. Archer I leave the agonizing memory of my melodious voice.

To Mr. Lottridge I leave the hope of acquiring a senior Chem class as diligent as that of 1930 .

To Mr. Price I bequeath a new print shop.
To Miss Holloway, the astronomer, I leave the right of discussing a new and unknown planet.

I do hereby appoint Mr. Files and Mr. Caldwell executors of this, my last Will and Testament.

Signed, sealed, published, and declared by the Senior Class of 1930 , testator, on the 21 st day of June, one thousand nine hundred and thirty, to be his last IVill and Testament.
(Signed) Class of 1930

## Looking for Good Printing?

T
HEY used to tell a story about and old fellow named Diogenes, who took his lantern and went out looking for an honest man. Well we don't know much about that, but we do know that some folks are still looking for the right printer, and to them we hasten to proclaim that besides doing good printing, we can submit dummy suggestions for that Broadside, Booklet or Folder that you may have in mind.

## "FAULTLESS MEN ARE EMPTY"

This was the way Confucius, greatest of philosophers, felt about those "who never make mistakes". He found them most uninteresting,

Yet, he had just as much criticism for those who make the Same Mistake Twice.

Errors of judgment never discourage the aspirant to success. But he does profit from them by adding them to his list of "don'ts".
