## FOREWORD

Our Senior Class has this wide world as its future. We are going forth into the many facets of an infinitely expanding universe.

Some of us will find our callings in the world of science or in the world of literature or in any one of a thousand fields. It is our sincere hope that this Class of 1958, graduating in June, will contribute an integral part to a better tomorrow.

We should like to take this chance to thank the National Broadcasting Company and particularly Mr. Barry Wood, the executive producer of the television program "Wide Wide World," for their permission to use their title and familiar pictures as a source of our thematic treatment.

# DEDIC

#### MR. EUGENE H. HELLWIG

To many East Orange High School graduates, class periods with Mr. Eugene H. Hellwig will provide pleasant memories of exploring the intricacies of the universe. During his years in East Orange High School, Mr. Hellwig, who retired in the summer of 1957, was a member of the Department of Science, having classes in both general science and physics. His kindly and sincere interest in his students and their welfare will long remain in the hearts of those fortunate enough to have been members of his classes or of his home room. The Senior Class wishes him the best of everything in the years to come.

HAZEL A. VanDERVEER

#### MRS. HAZEL A. VAN DERVEER

Mrs. Hazel A. Van Derveer, in retiring from her position on the staff of the Department of Business Education, has left the school and students of East Orange with many fond and cherished memories. Mrs. Van Derveer has taught Office Training to every student in the business course for the past sixteen years. She has done a remarkable job in the training of and contributing to the knowledge of many people now holding positions in the business world. When Mrs. Van Derveer leaves East Orange, she, too, is going to enter business. We offer you, Mrs. Van Derveer, our sincerest good wishes for much success. The students extend to you deep appreciation and sincere gratitude for your untiring efforts.

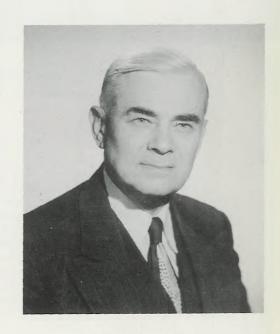

# ATION

#### MISS NATALIE D. CODEY

To Miss Natalie D. Codey, who retired on September 30, 1957, the members of the Senior Class wish to express their deepest gratitude for her many kindnesses whenever any of us needed information from the main office and for her painstaking care in making sure all our records were right. Many of us, too, will remember the numerous times she made sure we received forgotten lunches or lunch money, or notice of important telephone calls. The Senior Class extend their best wishes for a long and happy retirement free from watching the clock to make sure the bells are on time and free to paint or to travel or to do as she pleases.

#### MR. STEPHEN J. SECOL

Business training, business law, and accounting are some of the subjects Mr. Stephen J. Secol has taught in East Orange High School. Mr. Secol has been an active member of the Staff of the Department of Business Education for many years. All of the students who were fortunate enough to have been in one of his classes know of the valuable knowledge and training he has to offer to others. We thank you, Mr. Secol, for preparing us for a variety of occupations. We know how valuable your services have been. Deep appreciation and gratefulness is extended to you from the students of East Orange High School. We wish you many, many happy years ahead.

STEPHEN J. SECOL

HENRY E. KENTOPP, Ed. D. Superintendent of Schools

#### THE WIDE, WIDE WORLD

The theme of your yearbook presents quite a challenge. I am sure you realize that the "wide, wide world" of which you speak is ever-widening and is being extended at an accelerated pace in all directions, physically, mentally, and spiritually.

No past generation of Americans has traveled so much nationally or internationally; no past generation has had to adjust to changes so rapid and so numerous. New problems of earth-shaking significance rotate toward us in kaleidoscopic fashion, each one replacing the other before its true significance can be determined. "Hit of the week" tunes are slow in comparison.

Such times produce great frenzy and much hand wringing; they also develop stalwart leaders who fathom the depths of new situations with poise and skill, who lead their fellow men through to greater heights than were ever attained previously. May your class contribute more than its share to such inevitable progress.

HENRY E. KENTOPP

ROBERT B. REDMAN, M.A.

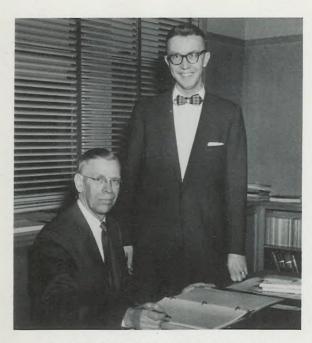

Principal

We will probably always remember your class as the class of the year of the Sputnik. This device is important, not so much because man has been able to reach outer space, but because it is further proof that the mind of man, when properly trained, can create marvelous things and accomplish great deeds. It is important too because it is an indication that there lie before us vast uncharted areas awaiting the inquisitiveness and the intelligence of man.

It is our sincere hope that your alma mater has given to you the training, the courage, and the insight to recognize the many opportunities and to accept the many challenges that exist in this wide wide world.

ROBERT B. REDMAN

### BOARD OF EDUCATION

Mr. Moody and Mr. Smith planning business of the Board of Education.

Before leaving East Orange High School this June, the Senior Class would like to express its appreciation to the Board of Education for all that it has contributed to our school careers.

In our four years at East Orange High School, we have seen many improvements. Our freshman year saw a newly decorated band room, improved school grounds, and a second phone booth. Our second year witnessed the transformation of our campus into a student-faculty parking lot following city ownership of our past parking facilities. During the past two years the Board has been primarily occupied with plans for our new addition.

Although we shall not be able to take advantage of the new wing, we know that this and future action such as this will continue to keep East Orange classed with the better schools in the country.

LEFT TO RIGHT: Maurice N. Trainer, William L. Hoffman, Vice-President; Mrs. George Rose Starr, President; Scott Harris, Fredrick B. Duncan.

## OUR CLASS

#### 1954-55

That first day of high school! How insignificant and lost we felt, groping our ways through the crowded halls of East Orange High School. At our first social event, the New Student Party, we gathered en masse to build many new friendships and to renew former acquaintances.

With a great football team, East Orange went on to win eight games while losing only to the state champs, Montclair. To cap our brilliant football season, we romped over Barringer, 45-25, to keep possession of the Old Guard Trophy.

On December sixteenth, much to our surprise, what we thought was just another fire drill turned out to be the real thing. With the smell of smoke still lingering in the air, our Christmas Concert went on that night, and with the end of January came our first taste of mid-year exams, and trailing not far behind, the Junior Prom.

With the passing of winter, we witnessed our first student-faculty play, "Hangman's Noose," and took part in our first General Organization Elections.

At last June came, bringing the Grad Dance and final exams. Our Freshman days were now history.

#### 1955-56

Sophomores—we were now "upper-under-classmen," really a part of "our" school!

Again we had another victorious football season, climaxed by the Thanksgiving triumph over Barringer. The coveted "trophy" was still ours.

Amahl and the Night Visitors added a special touch to our Christmas concert and was a fitting farewell to Mr. Jones, our music director.

The January winds blew, bringing our mid years which passed in no time as our thoughts turned to the Junior Prom. "Snow Flake Swirl" was the theme, with Joan Conradi as the Queen.

Our basketball team lost to Seton Hall in the semi-finals of the Essex County Tournament. With a 17-won and 3-lost record we had one of the best teams in years. The middle of our basketball season was high-lighted by the Hi-Y-Faculty game, with the faculty winning as usual.

The Senior play, My Sister Eileen, and the surprise snow storm vacation led us into the spring of our second year.

The whirl and excitement of the General Organization elections, the Grad Dance and final exams swept us to the night of graduation when we bade farewell to another class of seniors. We suddenly realized that at last the day was coming when we, too, would be upperclassmen.

## HISTORY

#### 1956-57

Now we were upperclassmen! How long we had waited for the day when we could say, "We are juniors!"

After Mr. Knight's retirement, Mr. Redman became our new Principal. The position of football coach was now vacant. Dr. Fuoss ably took over the job and led East Orange on to an admirable football season, crowning it with another Red and Blue victory over our annual rival, Barringer. Once again the Old Guard Trophy watched over our school for a year.

The Christmas Concert, filled with new ideas, was under the direction of Mr. Gilbert, our new vocal music instructor, who did a splendid job.

This year we had another sparkling basketball season taking us all the way to the semi-finals at Seton Hall. Bloomfield was the favored rival, but we still played a tremendous game.

Mid-years came again and all too soon. The thought of our own Junior Prom coming in February pulled us through and finally the long-awaited night arrived. Barbara Larsen, our Queen, and her Princesses made a gorgeous sight at "Winter Wonderland."

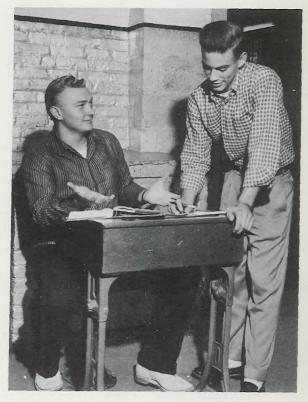

Another long-awaited event was the school play. This year Mr. Mohn did a wonderful job in bringing back the hilarious play, The Man Who Came to Dinner.

At last our turn arrived, and we took part in the General Organization elections, very important for us because our class was taking over the Student Council. When the ballots were tallied on that tense Friday afternoon, Nick DeSantis was President; Joe DeCapua, Vice President; Barbara Larsen, Secretary; and Barbara Jacobitti, Treasurer.

Now, our last final exams, because as seniors we do not have to take them. The Grad Dance and graduation were more beautiful than ever, as we pictured in the back of our minds next June when we too would be taking part in these momentous occasions.

#### 1957-58

Seniors at last! This year started off with class elections, Larry Lodato, Ellen Thornton, Estelle Manos, and Joy Davis to be President, Vice President, Secretary, and Treasurer respectively.

Now we began to become aware of "lasts" in everything that took place. We went to our last Barringer football rally and game, and how we mourned when the Old Guard Trophy went back to reside at Barringer.

The candlelight processional and our Christmas Concert were more beautiful than ever before and put us in a sentimental mood.

Mid-years went very quickly, suddenly making us realize that we were in the last lap now, going for the finish.

The days were really speeding, as the Junior Prom raced by, followed closely by the General Organization elections and the school play, a murder mystery called *Trunk Crime*.

The Junior-Senior Assembly told us we had not long to wait for that "anticipated day."

Before we knew it, we were dancing to the music of our own Senior Prom, held outside of school for the first time at the Hotel Suburban. And then the long awaited day, Graduation! Now, as parting Seniors, memories of our high school days will stay with us always as we go our separate ways into the wide, wide world.

## CLASS PROPHECY

Today—a beginning of man's dreams. Tomorrow the fulfillment of every hope and desire.

The changes that time fashions are great, and once the last semblance of childhood has disappeared, those grey hairs can no longer be called premature, and those wrinkles are no longer erasable. Let us see what lies in the future. Fabulous plans have been made for a reunion to surpass even a king's coronation.

Three, two, one—Stop! You can't explode that bomb yet. The Class of '58 are having their reunion on the testing grounds.

There is Joe Woisard, chief physicist in charge of the project, going through security now. A nurses' staff composed of Nancy Fitzgerald, Judy Serwatka, Claire Metules, Eleanor Donaldson, and Cary Keogh is on hand in case of emergency. Newly appointed Secretary of War, Paul Pendorf, is conferring with Ellen Thornton, the lab technician, and Virginia Thomas, the chemical engineer.

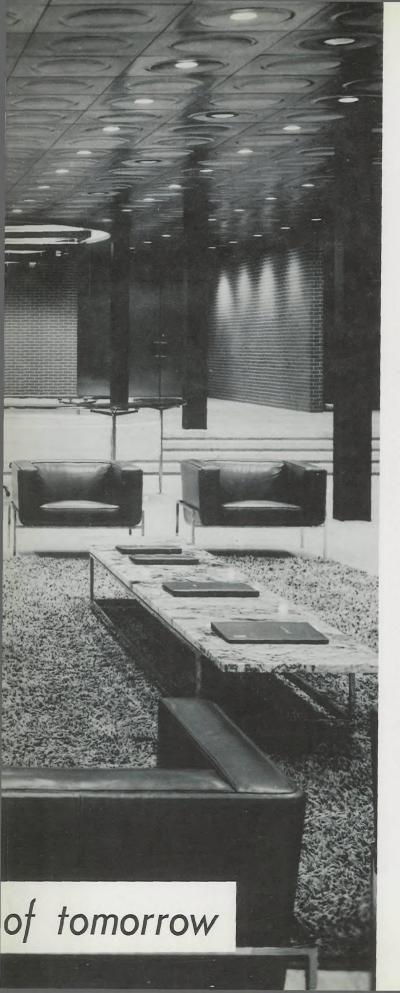

Setting up the movie cameras are Pete McCulloch and Pete Beardsley, who are co-owners of that big studio—MCB. Joe DeCapua, chief army photographer, is checking with Professors Kathy Fritz, Alfred Brown, Rose Marie Meola, Sue Mirabella, Joyce Clarendon, and Kathy Moon to be sure that the angle of the shots is the best possible for educational study. Majors Sal Guttilla and Ronnie Vanadia have just landed on the runway built by the engineering firm of Reimer, Burgess, Biber, and Brown.

The Lodato Transportation Service's buses are just pulling up to the gate. Larry is supplying free transportation for all the entertainers.

Leaning out the window are John Amos, Captain of the New York Giants, and his team members, Nick DeSantis, Elmer Eoff, Ronald Curry, and Bill Peer, who are going to give an exhibition. Sports writer Roger Mitchell is on hand to give the event world-wide coverage.

Ann Flannery is busy operating the switchboard at the White House while from all the four corners of the earth newspapermen are trying to get some information on what's about to take place.

## CLASS PROPHECY

Back at White Sands, technicians and stagehands work to get everything in readiness. Metropolitan Opera Star Linda Weidman is spraying her throat as Mike Miele, Richie Bertoldo, and Joe Priori tune their instruments. Carnegie Hall pianist Evelyn Eskin is practicing one of the newest numbers with songstress Doris Cuthbert, who recently signed a twenty-year contract with RCA.

Domenick DeSantis, a painter of world-wide reknown who was recently given \$5000 for a portrait of Ann Van Nest, the famous African explorer, is putting the finishing touches on the scenery. Joy Davis is just completing the costumes designed es-

pecially by her for the occasion.

Play producer Ed Banagan took a short leave of absence from his play which has been a hit on Broadway for over two years. His leading lady, Suzanne Brunner, and the star of her own television show, Marge Steward, have accompanied him.

The final airplane has just landed with dancers Joan Bennett and Shirley Hendricks, and ballerina Pat Cullen, who recently finished a tour of Europe. Carrying his props and rabbits, Master Magician Tom Gee prepares for his one-thousandth show. Last to come down the stairs is Joy DePasquale, official translator for the U.N. Joanne Thorne, experienced airline hostess, is showing them off the plane.

What will come of this unforgettable meeting? What wonderful memories will be revived and how many pictures of children will be passed from hand

to hand?

The long hard road lies behind: the future, ahead—straight and clear. The peak has been reached, but beyond it lie others seeminally insurmountable.

The Class of '58 have succeeded and will continue to succeed. They've served humanity and contributed much that will remind the world that 1958 was a good year.

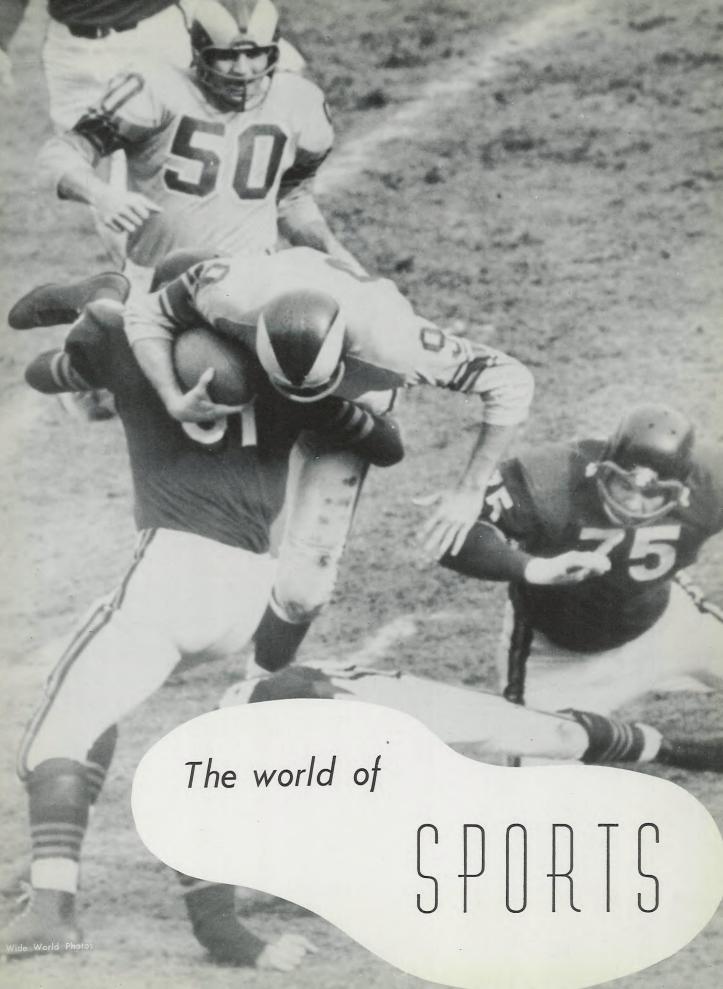

Mr. Hahn explains vectors to the physics classes.

Mr. Mauriello supervising basketball drill.

Mr. "D" leads the "Trabajadores."

Inexperienced personnel, minor injuries to key players, the Asian Flu, and the inconsistency in scoring the point after touchdown may best sum up the Panthers' 3-6 record. Nine players were lost to the squad, including two lettermen, for sundry reasons before the first game. With eight underclassmen in the starting line-up, and playing most of the time, the Panthers scored a total of 20 touchdowns to 22 for the opposition. The Panthers were able to convert only seven points after touchdowns to 16 for the opposition. Two games were lost by the margin of one point, keeping the Panthers from enjoying a winning season after a fast start of three straight wins.

The Belleville game, slated as East Orange's opener, was postponed because of the Asian Flu epidemic to the Saturday before Thanksgiving. The first game, played with Nutley, was won by the Panthers with a score of 13 to 7. Sophomore quarterback Cliff Baskerville scored the first touchdown of the year for East Orange. Nutley scored and converted, leading 7 to 6 until the third quarter when Bernico Boyce on an off-tackle run went 58 yards for East Orange's deciding touchdown. Amos carried for the conversion.

The Panthers struck on the ground and through the air for a stunning 40-14 victory over West Orange. Two touchdowns were made by Amos; one by Baskerville to Jenkins on a pass-run play; and one each by Baskerville and Robert Lee on a 52-yard run, and Lloyd Johnson on a four-yard plunge.

The Irvington game turned into a defensive battle after Wally Florence's touchdown on an intercep-

tion in the opening minutes of the game. The Panthers held on to their 6-point margin for the rest of the game, making the final score 6-0, although the Panthers had to hold off two Irvington drives on the one and two-yard stripes to win.

The Panthers held Montclair 7-6 for the first half, but in the second half the high-rated Mounties exploded for four touchdowns. Led by the twin half-backs Richie and Bob Haines, the final score was 34-6.

West Side scored an upset in defeating the Panthers 14-13 in a heartbreaking one-point win. Baskerville and Lee made the touchdowns.

A fired-up Orange squad handed the Panthers their second one-point loss, 19-18, in a scoring contest which saw each team score two touchdowns in the first quarter.

East Orange received Columbia's kick-off and marched 48 yards for a touchdown with Baskerville going over from the one-yard line. The attempted point after kick was wide. Two touchdowns by Columbia sewed up their 13-6 win.

East Orange lost to Belleville by a score of 21-13. East Orange's touchdowns were made by Baskerville and Lee.

The high point of the season, the annual Barringer game, was lost to the highly favored Newark eleven by the slim score of 20-12.

The last touchdown of the season was made by Senior Bill Peer on his 46-yard pass interception.

Twenty-five players lettered for the Panthers this year with eleven seniors playing their last game.

The outlook is bright for next year's team as fourteen lettermen are expected to return.

## BASKETBALL

The 1958 East Orange basketball squad provided the student body with many thrills and much excitement although the players lagged in the win department somewhat, turning in a 8-9 record. Coach Milner's problem of building a new team after the loss of last year's powerhouse may have been the reason for the slump; nevertheless, the basketball season can be termed successful.

In the first game against West Side, the Cats fought back from an early deficit to tie 39 all at the end of regulation time. In the overtime West Side tallied two quick baskets to take the lead. But toward the end of the overtime Grant Sager hit on two jump shots to send the game into "sudden death". But West Side's Jeff Feldman stole the ball and dropped in a lay-up to wrap it up for West Side.

After this close one, the Panthers reeled off four straight wins against Orange, Kearny, Irvington, and Nutley, respectively, only to lose to Montclair and West Orange. The Cats, however, got back in their

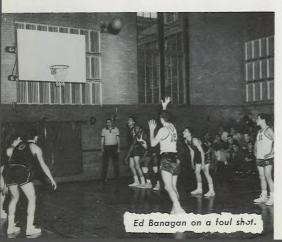

winning ways by trimming Nutley. Next, the Panthers dropped a thriller to Orange, 43-39, on the latter's court. Once again the Cats snapped back to beat their arch rival, Montclair, 47-45. In this encounter the Cats fell behind the Mounties, 41-35, and then proceeded to rack up nine straight points to take a lead that they never relinquished. After passing Columbia in another squeeze, 50-48, the Cats lost the next ball games to tough opposition, including Belleville, Bloomfield, and West Orange, three of the best teams in Essex County.

In the opening round of the Essex County Tournament, the unseeded Panthers were a decided underdog against Belleville. The Cats, however, led by Ron Clark and Bob Kerris, rolled out to a 13-9 first quarter lead and held on to take a 26-23 halftime edge. Playing their best ball game of the season, the Panthers held the lead into the middle of the fourth period when Belleville finally overtook the Cats and went on to win 52-48.

"Don't wait until you're old and gray; Join the G.A.A. today!"

The Girls' Athletic Association, under the supervision of Miss Elizabeth Allan, has offered an excellent program of after-school activities.

With its slogan, "a sport for every girl and every girl in a sport," the organization has enjoyed another successful year, bringing to each girl a chance to take part in her favorite sport or sports.

The season started in the fall with hockey, which all of the girls eagerly anticipated. Volleyball seemed to be interesting to many girls, because of the opportunity to compete with other schools and to meet new friends. Climaxing this season was the Faculty-Student volleyball game.

After the Christmas holidays, the new year began with bright and exciting highlights. Among them was the Faculty-Student Basketball game. All the proceeds went to the Mentally Retarded Children's

Association. Intramural tournaments were also held in basketball, volleyball, and tennis.

In the spring, softball, tennis, bowling, badminton, and swimming were sponsored by the G.A.A.

The Girls' Athletic Association has an award system which is based on active participation. In June, awards are presented at their annual G.A.A. tea.

The officers for this year were Joan Cooney, president; Becky Burnett, vice-president; Helen Gott, secretary; and Patricia Allen, hostess. These girls did an excellent job and helped to prove that the Girls' Athletic Association is an integral part of school life.

We give many thanks to Miss Allan and Mrs. Glancy, who began their first year with us, and to Miss Filomena Perone, who also helped to develop qualities of leadership, sportsmanship, and citizenship for the girls of our school.

Under the competent direction of President Nick DeSantis, Vice-President Joe DeCapua, Secretary Barbara Larsen, and Treasurer Barbara Jacobitti, the General Organization of E. O. H. S. has once again completed an industrious and successful year of events.

The Banking Committee established a banking system in the school. As a result of the work of this committee, headed by Rose Marie Meola, students opened bank accounts with the Howard Savings Institution and deposited their money with their home room representatives once a week.

By popular request of the students, the Music Committee secured the rock 'n' roll records played during lunch periods. The Music Committee, under the leadership of Nick Spezio, was very successful.

Making certain that all the students' cars are registered, so that adequate space for each car is provided, was the responsibility of

the Parking Lot Committee. Chairman Bill Reimer and the committee were responsible for the over-all operation of the lot and for the maintaining of its surface.

A newly formed committee, the Rally Committee, headed by Shirley Hendricks, promoted a greater school interest in attending sport functions by holding rallies throughout the year.

The Elections Committee conducted the elections of class officers and home room representatives to Student Council, and of the General Organization officers.

The Assembly Committee set up a program of exchange assemblies with the schools of the Oranges and Newark.

Without the able guidance of Miss Leinonen and Mr. Hitchner, the Student Council might not have been successful. All the students of E. O. H. S. express thanks to them for their invaluable help throughout the year.

The Social Committee, under the guidance of Miss Ellen Leinonen, spent many hours during the school year preparing decorations and other business for the success of school dances. Chairmen Bob Wilkinson, Virginia Thomas, and Inese Zeltins served as officers.

Fred Riecke's Farmer Boys provided both square and round dancing for the "Howdy Hop", the first dance of the season, given by the sophomores for incoming freshmen. Decorations transformed the gym to a "Dogpatch" setting. Novelty games conducted by the caller proved to be hilarious and thoroughly enjoyed by all.

An all-school dance, "Football Fling", was held on November 15, in the boys' gym. Colorful pennants, cardboard footballs, and three large murals comprised the decorative scheme. The dance band, The Ramblers, and the cheerleaders contributed to the fanfare for the crowning ceremony. Our first football Queen, Shirley Hendricks, was crowned by our princpal, Mr. Redman. Many faculty members attended the dance.

The Junior Prom, a tremendous social success, was held on the evening of February 15. Guests danced to the music of The Melody Kings in a "Hawaiian Paradise" setting with two magnificent murals on two walls depicting pounding surf and palm trees. Overhead and on the walls were tropical flowers, cocoanuts, and pineapples. Entertainment was interesting, especially during the crowning ceremony when Linda Weidman sang familiar strains of "Aloha" and "A Song of Old Hawaii".

At a senior class meeting held in December, the Seniors voted to have their dance held at the Hotel Suburban in East Orange. Six sets of parents and eight seniors comprised the Senior Prom Committee. The gala ball took place on the evening of June 6, a pleasant memory in the lives of the members of the Class of 1958.

# DEPARTMENT OF VOCAL MUSIC

Marching in with their candlelight processional, "At Solemn Midnight," the choirs of East Orange High School are deeply concerned to make successful the supervision of Mr. George Gilbert, school music director. Completing his second year with us, he has accomplished excellent work with the six choral groups. Acknowledgement should also be given to Mrs. Elsie P. Davis for her capable accompaniment during class periods and also at the Christmas Concert presented on December 18 and 19.

During the second school semester, Mr. Gilbert presented our annual Spring Concert. Filled with melodies both gay and delightful, this concert added a new and

pleasant atmosphere to the beginning of the spring season.

The members of the Department of Music are anxiously awaiting the yearly trip to the Metropolitan Opera House, a treat which is remembered by all who are able to attend.

The task of directing and managing this department of A Cappella Choir, the Spirituals Choir, two Girls' Glee Clubs, the Boys' Glee Club, and a very special and amusing group, the Vocal Ensemble, takes much cooperation between the student and the faculty. With this understanding we know that East Orange High School will always present splendid musical programs year after year.

# GIRLS' STUDY HALL COUNCIL

With the helpful guidance of Miss Ellen Leinonen, the Girls' Study Hall Council has completed another successful year at East Orange High School.

Under the leadership of its officers—President Cary Keogh, Vice-President Kathy Fritz, and Secretary Mary Lou Harrington—the Girls' Study Hall Council has continued to uphold its outstanding record in East Orange High School activities for its thirty-seventh year.

The duties of the chairmen included calling the study hall to order, taking attendance, giving permission to talk, and combating offenses such as gum chewing and talking without permission.

East Orange High School is one of the few schools to have a study hall supervised by members of the student body.

Learning responsibility, leadership, and personal poise is among the values offered to the study hall chairmen.

### COMMUNITY SERVICE ORGANIZATIONS

Forty-four new members have been added to this year's group of E. O. H. S. Candystripers. They are helping the more experienced ones in performing very important community service work at East Orange General Hospital.

The Candystripers were started in 1944 in Vernon L. Davey and later transferred to East Orange High School in 1954. Junior Nurses' Aids projects have been started in forty-seven states, Puerto Rico, Hawaii, Israel, and Australia, because of the fine example of the girls in East Orange High School.

The Candystripers are under the direction of Miss Ruth Lindsay, who should be commended for her years of service to this group.

The girls perform such duties as giving ice water to the patients, taking care of flowers, delivering trays, feeding patients, running errands, and creating an atmosphere of cheer wherever they go.

There are fifteen volunteers from East Orange High School working at the Valley Community Center in Orange. They are doing as so many students have done from East Orange High School for over ten years. They work with children from the ages of five to twelve, helping these underprivileged children in gymnastics, dramatics, twirling, and dancing.

Mr. William Biesiadecki is in charge of the applicants whom Mr. Edward Strobridge, Director of the Center, has chosen on the basis of their school record and other determining factors.

# INTERCLUB

Composed of representatives from every club in East Orange High School, the Inter-Club Council tries to stimulate more interest and participation in our school's clubs by widely publicizing the various activities.

The Inter-Club Council is headed by G. O. Vice-President Joseph DeCapua. All club presidents work with the Council. They select regular meeting days as well as days for non-scheduled parties in order to avoid conflicts among clubs. Problems such as support, publicity, and club projects are discussed at council meetings. Regular reports are submitted to the Council by all participating clubs.

The Council usually submits a report introducing the student body to the various clubs, which, such as service clubs, hobby clubs, plus the clubs in the Science Departments, round out the Council's membership.

# SCIENCE CLUBS

For many years the Science Clubs of E.O.H.S. have attracted the interests of scores of our students. This year was no exception. Future Galileos, Burbanks, and Pasteurs gathered to discuss the intricacies of the A.B.C.'s of science-Astronomy, Biology, and Chemistry.

The Astronomy Club, under the guidance of Mr. Hahn, swung their telescopes toward a sky dotted with sputniks and guided missiles. Club discussions centered around topics of current interest such as double stars and optics. During a field trip to the Beseler optical works, the students learned about the mysteries of lenses and their application to tele astronomy.

Miss Miola inspired the Biology Club to hold the first Science Fair of E.O.H.S. Top honors in this successful exhibition were won by Carl Quillan who constructed a mechanical ear. A field trip to Upsala College revealed stimulating laboratory work in Zoology and Biology. Many other field trips and talks are given to its members during the year.

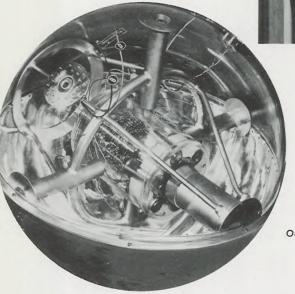

Mr. Briscoe's Chemistry Club was composed of budding chemists whose ambition it was to perform all the brilliant and more startling experiments which had been impossible to test during class periods. Work in this field was a factor in the high scores which certain students attained in this year's Chemistry Achievement

# LANGUAGE CLUBS

The language clubs of East Orange High School are three in number, Le Cercle Francais, Circolo Italiano, and Los Cervantinos. Each club is an outgrowth of classwork, enabling its members to put into practical use their knowledge of languages.

Mr. DeMarzo, head of the Department of Foreign Languages and of the Italian Club, expressed the philosophy of this department as follows: "We believe that a knowledge of foreign languages is vital to the present day life. We believe in teaching the language, literature, and life of peoples 'foreign' to us. These clubs do a lot to inculcate their ideas."

Meeting twice a month, they have a great deal of fun with skits, playets, music, and quizzes. The Circolo Italiano, headed by Mr. DeMarzo, held its annual Columbus Day Assembly with talent from the club itself. Miss Hendricks and Los Cervantinos went on a trip to a consulate in New York and held an assembly program in May; this was the first of its kind in several years. Le Cercle Francais visited the United Nations building. Mrs. Vaala and the group afterwards visited a French restaurant.

These clubs were all very successful, this year as previous years.

# OUR SERVICE CLUBS

Rendering an indispensible service to their school and to their community are the Projectionists Club and the Library Council.

President Peter McCulloch and Secretary Ellen Thornton head the Projectionists Club and make certain that its main responsibilities are fulfilled. Some seventy-five projectionists operate and repair various pieces of the visual and audio aid equipment of East Orange High School. They aid in directing the film and slide sections of our weekly assemblies along with supplying operators for service organizations in the city. The members are first taught to operate the motion picture projector, progressing to more difficult machines as their skill increases.

An office force of several students known as "trouble shooters" set up equipment for use by the projectionists and effect minor technical repairs.

Some of the girls in the Projectionists Club work in Mr. Bowden's office. Their main duty is the distributing of assignment slips.

Equally devoted to serving students as well as teachers are the members of the Library Council, who help the librarian, Mrs. Beebe, with the desk work, shelving, and various other duties of running a library. By assuming a large part of the clerical and non-technical work, they not only aid the students, but increase their own knowledge. These girls help others to use the library more efficiently. They create displays and give book talks to introduce students to the new and increasing quantity of material available in the library.

The Library Council and the Projectionists Club accomplish vital services for their school and their classmates by volunteering their time and effort.
