Philosophers say that education is the backbone of wisdom. If so, then the school is the backbone of education. We graduated from grammar school and entered high school, and we will graduate from high school to enter college. From college we graduate into "life" as new citizens with great responsibilities toward our home, community, state, and our country.

Appropriately, the 1960 Syllabus staff has chosen for its theme "Stairways". The school is the "stairway" by which we reach our goals in life. This year, especially, our own school is completing a new foundation for learning in its own goal to improve the educational standards of the community. The students of East Orange High School may well be proud of this new achievement. We must always remember that the "stairways" we climb today are the "opportunities" we must gain tomorrow.

Dedication

MISS LORRAINE GENTIS

Miss Gentis is always available at her desk in Room 203.

Sincere wishes for a long and happy retirement are extended to Miss Lorraine Gentis, who leaves us this June after many years of devoted service.

A graduate of Madison College, Harrisonburg, Virginia, and Columbia University, Miss Gentis has been a member of the faculty for 29 years, teaching both Physical Education and Health Education classes. To many she became a friend outside of class, willing to listen to and aid anyone with problems. A pleasant smile, a soft voice, and a pleasing personality are some of the characteristics which will long be remembered by those who knew her.

Retiring only from teaching, Miss Gentis has many ideas on ways to spend her free time, among them, doing volunteer work for organizations.

To whatever she does, Miss Gentis will take the same thoughtfulness and friendliness; the Senior class feels fortunate in having shared them during the past years and is glad that others may share them.

Tribute

Completing a long and distinguished career of service to the public, Dr. Henry E. Kentopp, Superintendent of Schools, will retire September 1, 1960.

Upon graduation from Midland College, Nebraska, Dr. Kentopp taught mathematics and science in Central City for seven years, at the same time coaching football, basketball, track, and baseball. In 1927, he became superintendent of schools in Nelson, Nebraska. By 1930, he had received his master's degree at the University of Wisconsin and soon after, in 1932, acquired his doctorate at Columbia University. Appointed principal at Elmwood School in 1933, Dr. Kentopp attained the office of superintendent of East Orange schools within three years. To occupy his summers he taught in such places as New York State University, University of Nebraska, Syracuse University, Lehigh, and Rutgers. He also found time to act in the capacity of president for the Kiwanis Club (1941), Superintendents Association (1950), and the Schoolmasters Club (1951).

For many years Dr. Kentopp's chief goal has been "to improve further the excellent school system this fine community has provided for its youth." Evidences of the achievement of this goal are seen in many new buildings representing over \$11,000,000 in construction work. Among these are the Stockton addition (1951), completion of the north and south wings and the alteration of the middle section of Elmwood School (1951-1958), the Ashland Annex (1957), the Stockton Annex, Scott addition, City and School Library at Ashland (1958), and the East Orange High School addition (1960).

The members of the Class of 1960 have been able throughout their school days to take advantage of the improvements and advances Dr. Kentopp has introduced into the school system. His first concern has been always to find and adopt whatever was best for the student, whether in physical surroundings, methods of teaching,

or the teachers themselves.

Although few of us have been fortunate enough to know him personally, we are all grateful to him for the many superior opportunities he has made available to us. We wish him many happy years in his new home in Hendersonville, N. C., and we hope that sometimes he will think with pleasure of the many young people here that he helped to a richer and fuller life.

Stockton Addition 1951

These new school buildings, constructed since Dr. Kentopp came into office, are symbols of progress in our educational system. They are a tribute in themselves to the faith and confidence

of the community in Dr. Kentopp. His new ideas and guidance have been invaluable for making it possible to prepare better each new generation and provide a stairway to the future.

"ONWARD AND UPWARD"

I remember these words so well. This was the motto of my high school graduating class. I am told that the theme of your yearbook also features "upward" in its vocabulary.

On that memorable June evening in 1917, this motto was stretched across the proscenium arch where all could read it with ease. Little did we then realize how much of the world's happiness was wrapped up in that type of thinking. We hardly knew that in the tests of after years, those who threw themselves wholeheartedly into worthwhile undertakings would reap the lion's share of joys and satisfactions.

It has often been said that "All the world loves a winner."

It has often been said that "All the world loves a winner." It should also be stated that the winner loves the world because of the many opportunities which the world offers him.

HENRY E. KENTOPP

Dr. Kentopp and his secretary, Mrs. Musterer.

"Stairways", the theme of this year's *Syllabus*, is very symbolic. Our progress through life is a succession of events, or "stairways", determined largely by the goals that we establish for ourselves. Some people start the arduous climb to the top of their "stairways", but lack the courage and stamina to carry through. Then there are those envied people who set their goals at the top, who strive with perseverance and dilgence to achieve this lofty position, and, in achieving it, reap the exhilarating reward of success at its fullest.

We hope that we have been a constant and faithful guide in helping you climb each of the high school "steps", and we take great satisfaction in seeing you reach the top step of your high school "stairways" on your way to future goals.

Board of Education

During the year the students of East Orange High School have watched the new annex that the Board of Education helped realize as the building started its climb toward completion. This modern addition will be ready for occupancy by the beginning of the next school year.

The Board often collaborates with the P.T.A. and faculty members in working toward the development of a better educational system in this Atomic Age, thus achieving a well-rounded program for the entire student body.

The job of maintaining the high scholastic rating of the school is handled by the Board of Education. This is accomplished by the careful appointment of new teachers and approval of curriculum changes before sending them to the N. J. State Board of Education. The students will be able to look back on their years at E.O.H.S. with gratitude to the Board for making possible a good education which started each on his own path.

The Class of 1960

SENIOR CLASS OFFICERS WITH GUIDANCE COUNSELOR

Joseph Bellino (Treas.), Annette Russo (Sec.), Paul Petruzzi (Pres.), Faith Gideon (Vice-Pres.), and Mr. Palmer.

We are leaving behind us an epic fragment of memorable, carefree years,

A bittersweet mixture of laughing times and happy moments and fears,

A fusion of blue days and optimism, of excitement and despair,

Of the joy of winning a football game and the spirit that made us care,

Of the consultations in 102 and the visits to 228:

Dismissal bells and fire bells and bells that rang and meant "late",

Assembly programs, the all-school dances, pep rallies, and green call slips;

Week ends, dates, lock combinations and special days off for class trips,

Different teachers and different classrooms, and substitutes that were fun,

Happiness on Fridays when another week was done,

Who was going with whom each month and loves that lasted out;

Basketball games, the Junior Prom, and hearing the cheerleaders shout,

Cokes after school and hours of homework, activities and rock 'n' roll,

This year's Junior Prom.

History

Jitterbug, slow songs, mambo, cha-cha, the slop, and of course the stroll,

Dances at the "Y", Michael's and Don's Ivy League and beatnik impressions;

The Senior Prom, and play production, and tedious study sessions,

All the old songs which recall old parties and times both sad and friendly,

All I Have To Do Is Dream, Chantily Lace, and You Send Me;

And last of all the friends we've made—the unforgettable friends;

Shared secrets, joys, and arguments, and finally making amends,

For the friends in school make all the memories of all the things we've done,

Of all the heartache, of all the happiness, of all the laughter and fun.

And now as we paint the finishing touch on the picture of high school days,

The recollections seem blurred for they've covered a fleeting four-year phase.

So let us face the future, that close but once faraway thing,

And strive for the luck, success, and happiness that we hope the future years bring.

On the threshold of life stand 311 seniors who are about to climb the stairway of independence. What lies ahead? Let's take a glimpse into the nearest crystal ball and find out what will become of some members of the class of '60.

Is that the "Millionaire" at East Orange High? No, it is Ronnie Conley, one of the world's richest men donating his tax-free cashier's check for one million to his old Alma Mater.

At the same time Thomasine Curry is making her world premiere in her own show at Radio City. Seated in the audience are such famous personalities as author Barbara Miller, who recently published a world's best seller, and Olympics ice skating champion Jocelyn Mauriello. Also in the crowd are Lucie Libretti, an up-and-coming star, and Simon Levin, president of the New York Stock Exchange.

In Washington, D. C., President of the United States Robert Jones is having a top-secret conference with the greatest engineers in the United States. Among them are Dominick Iannelli and Donald Franklin, Mechanical Engineers; Electrical Engineer, Peter Hunt; Chemical Engineer, Gary Garabrant; and Civil Engineer, Charles Matejka.

Listening to lectures at the annual teachers' convention are Fred Moore, Shirley Merchant, Jacquie Walsh, Faith Gideon, Linda Schoemer, Janet Johnston, Joe Mann, Judy Greene, Lucille Fuela, and Markes Ditta.

Seen walking through the hall of East Orange General Hospital are Doctors Ted Houlis, Rocco Giliberti, Phyllis Gillian. Doctors Brenda Lovett and Anthony Gambrino are accompanied by their secretaries La Verne Bailey and Bonita James reading back dictations. Cheering patients are nurses Pat Ceasar, Kay Lyon, Judy Miles, Pat Gear, Myrna Chatman, Jean Davis, and Delores Davis.

One of the most over-worked persons in the United States is telephone operator Madeline Wisman, among whose best customers are Rochelle Fuchs and Judy Greenberger. Madeline also places many calls from the boys in the service to home. Calls are always coming in from service men Don Wernsing, Stephen Wagner, Richard Wylie, and John McKeown.

Spending the evening in Jerry Scala's night club, many secretaries dance the hours away with eligible young executives. A casual glance shows us Mary Ann Tortoriello, Lois Tinsley, Constance Spiezio, Marion Wild, Lucille Pica, and Linda Siddall.

Commercial air pilot Rudy Schwartz is making his three hundred and thirty-second non-stop flight from New York to Marseilles, France. Aboard the plane sits Charles Beyer, who will board his yacht in Marseilles and sail to Greece, Turkey, and Egypt during his vacation. Another passenger is Wally Florence, baseball star taking an off-season vacation.

Sitting in an office far away from France, dentist James Wilkerson waits for a child to calm down, as his dental assistant, Delia Warrick, puts the child into the chair.

A new Thunderbird pulls up in front of a beauty shop, and out hops Bobbie Romano. She has an appointment with Nancy Cuthbert, one of the leading beauticians in the United States.

Nancy's salon is a beautiful, modern fourstory building designed for her by architects Vincent Gorka and Tom Harrison and decorated by Charlotte Tasco, prominent interior decorator.

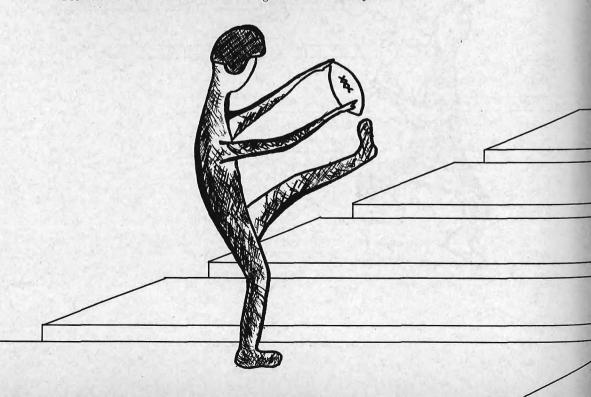

Images in our crystal ball fade; we must try another day to learn the future of more classmates.

One heart-breaking point away from possibly our second state championship.

East Orange 14—Belleville 6; East Orange 27—Nutley 19; East Orange 47—West Orange 0.

Once again, under the capable guidance of Coach Donald E. Fuoss and his assistants, the Cat gridiron contingent recorded a winning docket, which, but for a one-point loss to the pesky Montclair Eleven, might have seen it grab another state championship.

The Panthers opened their season with a three-game home stand against Belleville, Nutley, and West Orange. Doc Fuoss's charges seemed to lack polish in their victories over the Bellboy and Nutley squads. In a field day against the West Orange Cowboys, however, they showed the form which had won them the '58 state title.

East Orange 28 — Irvington 7

Next the Cats journeyed to Irvington, where they handed the Camptowners, rated number one in the county, a thorough thrashing. The bulky Panther backs, especially senior quarterback Cliff Baskerville and three-year letterman Allen Hamilton, punctured the Irvington defense time and again for long gains. Baskerville scored three touchdowns in what many considered the best effort of his high-school career. He ran 29 plays for 150 yards and completed one of two passes for 33 yards.

Hamilton, who scored the other TD, also turned in a winning performance. The sole Irvington tally came in the second quarter as a result of a fumbled kick-off return.

East Orange 7 — West Side O

Rain having caused postponement of the Montclair game, East Orange settled to an unexpected week's layover and turned its eyes toward Newark's West Siders, who were soon to invade Martens Stadium.

Though the bad weather persisted, East Orange met and defeated West Side by a slim margin. The Cats' first bid for a touchdown came early in the first period when Baskerville connected with Richard Trotman in the end zone on a twenty-yard pass play. The play was nullified, however, because of a holding penalty. Baskerville did manage to sneak the ball over later on in the period. Caruso capped the scoring with his one-point conversion.

East Orange 13 - Orange 7

The Orange game, played on a Tuesday afternoon because of another rainy Saturay, saw East Orange barely escape from Bell Stadium with its victory. Baskerville and company picked up the first TD easily enough, on a 40-yard march capped by Cliff's one-yard plunge. After that, the determined Orange squad, led by John Scott, whose aerials dented the defense nine times, held the Panthers for two periods until Orange could tie the game up at 7-7.

Coach Fuoss's boys went ahead for the final time when Baskerville climaxed a 52-yard drive with a 22-yard TD run. Thurman Davis insured victory for the Cats with a goal line interception and a 30-yard runback with only minutes remaining.

East Orange 14 - Columbia 0

In his next encounter with Columbia, Baskerville with Bobby Hooper, returning to action after suffering a broken wrist earlier in the season, led the Panthers to an outstanding victory. Hooper's four-yard dash to pay dirt came in the last period as the result of a Columbia fumble and another pass interception by Thurman Davis.

East Orange 13 - Montelair 14

With a string of 16 victories under their belts, the team, as well as the student body, looked anxiously forward to the coming Montclair fray. Ten thousand screaming fans saw Clary Anderson's Mounties convert five Panther fumbles into two touchdowns. Gary Testa's second conversion, which proved to be the winning point, hit the crossbar and bounded fifteen feet straight up before falling between the uprights.

The sputtering Cat machine retaliated late in the second quarter. Racing against the clock, Baskerville ran three options around the end for 22 yards. He then connected on three aerials, the

last one to Thurman Davis in the end zone. In the third period they scored on a 67-yard drive with Cliff doing most of the carrying. The deflected conversion attempt gave Montclair its 14-13 margin; and once again a Panther team reaching for state laurels was stopped by the Montclair spoilers.

East Orange 20 - Barringer 13

Climaxing the season with the 63rd consecutive Thanksgiving Day-Barringer Game, the Panthers traveled to Newark Schools Stadium with hopes of retaining the prized Old Guard Trophy and avenging their setback to Montclair.

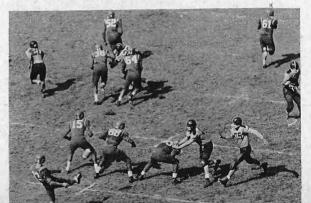

The fray, which developed into a running game, saw Barringer take off to an early 7-0 lead when one of the backs belted over his guard slot and charged 30 yards to pay dirt. The Cats bounded back with a 52-yard drive. Another Baskerville-to-Davis pass play got the TD. Caruso's point-after attempt was off; the score was then 7-6.

Barringer went ahead again on a 64-yard drive to the goal: the conversion attempt was off. With only a minute left in the half, East Orange took the kick-off, and, on the second play from scrimmage, went 65 yards for a Panther touchdown. Baskerville swept off end for the point after, to tie the score at 13-13.

Barringer began a drive which, by the first play of the final period, carried her to the Panther one-foot line. Miraculously, the Cat line, stiffened by Wally Florence, Charlie Zontanos, and Frank Arace, held; and then Cliff Baskerville, standing on his own goal line, initiated a 22-play, 99%-yard drive which culminated in the winning tally. The Cats returned joyously to Pantherdom with the 20-13 victory and the Old Guard Trophy.

The team did not have the slightest idea that it was their last victory under the guidance of Dr. Fuoss. He will not be forgotten by the players or the fans who are deeply grateful for last year's state championship and the four fine teams he produced. Best wishes from everyone in East Orange go with him on his new venture.

George Stohrer, who averaged over 35 yards per punt, gets off a good one against Nutley.

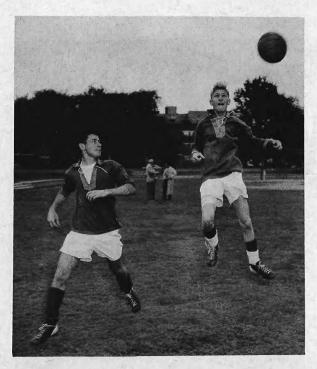

FIRST ROW: J. Carnegie, S. Kornhauser, K. Ehret, J. Andes, H. Rowe, R. DeCicco, C. Webley. SECOND ROW: L. Green, W. Leidemann, F. Moore, L. Chor-

bajian, G. Sager, A. Broadfoot, N. Frawert, Mr. Griffin (Coach). THIRD ROW: W. Iooss, W. Engle, E. Izzo, K. Boehling, R. Voorhees, K. Meacham, J. Jansons.

Soccer

The 1959 soccer team, led by seniors Grant Sager, Eddie Izzo, and Harry Rowe, had a tough season with extremely tough opponents. Although the record was poor, the team was a spirited one that E.O.H.S. was proud to have. The team looks forward to next year, with such players as Ken Boehling and Conrad Webley to serve as a backbone.

Cross Country

The 1959 Cross Country team had an interesting and active season. Led by William Moore, the captain, the Panthers ran home first in 8 meets and second in 3 meets. The senior lettermen were Hamilton Shephard, Harry Mugford, and Skip Henry. Coach Smith predicted that the prospects are improving, and the 1960 Panthers would be a strong team with experience.

Basketball

Under the capable coaching of Mr. Frank Milner, East Orange High's basketball squad turned in an 11-7 mark, including a win over Newark Tech in the Essex County Tournament, for its best season in three years.

After beginning the season with a victory skein that saw the squad dump Orange and Nutley and trounce Newark's Barringer (70-36), the Cats waited anxiously for the match with Irvington, one of the best teams in the county. In that fray, on the Camper's court, the East Orange Five fell to the taller Irvington team (49-45).

Milner's boys retaliated three days later, however, by handing Nutley a second defeat (47-32). They then travelled to Orange, where they barely escaped with a win (41-39).

Next the East Orange starting five, Grant Sager, Allan Hamilton, Al Schito, Richard Thiry, and Bob Pearsall, faced Montclair and suffered their second defeat (51-45).

A win over Columbia marked the beginning of another three-game string, as the Cats bested Belleville (76-43) and then went on to defeat county champion Bloomfield (72-59) in one of their best performances of the year.

East Orange ended the regular season by losing two frays to West Orange interspaced by victories over Columbia and Kearny and a second loss to Montclair, and then turned to the Essex County Tourney.

In the first round of the tourney, the Cats edged by Newark Tech, thus gaining a shot at Bloomfield in the quarterfinals. Bloomfield, vengeful after the earlier loss to the Panthers, controlled the court throughout the game and won (61-47). Bloomfield went on to win the tournament from Montclair in the finals. The State Tourney saw the Cats fall to Newark's South Side in the first round.

Though all five of Coach Milner's starters are being graduated, he has a number of boys coming up from the freshmen and the J.V. ranks who should prove more than capable in varsity action.

Baseball

The best season the baseball team has had for 10 years was the highlight of the '59 team. With six victories and 10 losses, the Panthers were led by Andy Allan, who placed on one of the all-state teams. Also, Wally Florence, Egidio Caruso, and John Rellah added to the Panther attack. Mr. Von Stetten, the coach, claimed that with good pitching the '60 season should be a good one.

The 1959 team, led by Ray Somma (Upsala Invitational champion), Simon Levin, and Grant Sager, both returning two-year lettermen, and the new addition, Ken Edwards, had expectations for an outstanding season. The team was disrupted by unexpected injuries and difficulties which hurt its record. Ending the season was the state tournament, entered after a lapse of a few years. Here the team downed Bergenfield 3-0 in the first round and in a near upset was dropped by second-seeded Dickinson.

Track 1959

The 1959 track team was superlative in all respects. The team was strong, and finished third in the state. The outstanding members were Vincent Robertson, state champ in the high jump; Larry Anderson, second in the state in the 440; Ralph Sanders, fourth in the state in the 880; and Norman Tate, fifth in the state in the broad jump. It was an excellent season, and Pantherites can well be proud of their track team.

Girls' Athletic Association

Upholding its motto, "A sport for every girl and every girl in a sport", the Girls' Athletic Association has provided a varied and interesting program of after-school activities throughout the year.

Opening the program in the fall are field hockey and volleyball, highlighted by Playdays with other schools and the student-faculty vol-

leyball game. From the gymnasium comes the sound of music as modern and folk dancing classes get under way later on.

Following Christmas vacation we find the basketball season in full swing with intramural games and the student-faculty battle tops on the agenda.

Spring brings a host of sports, including softball, tumbling, ping-pong, and badminton. Tennis at Memorial Park, bowling at the Paladium, and swimming at the Y also attract the interest of many.

For those who take special interest in a sport, instruction in how to officiate at basketball, hockey, volleyball, and softball is provided during homeroom periods.

At the end of each year, girls who have accumulated points through active participation in sports are presented with awards at the G.A.A. tea. Another function of this annual party is the induction of new officers.

Combining their efforts in leading the G.A.A. this year were Barbara Morris, president; Saundra Graddy, vice-president; Jean Whittemore, secretary; and Doris Walker, hostess.

Student Council

a "government of the students, by the students, for the students."

Under the able leadership of President Tyrone Brown, Vice-President Ted Houlis, Secretary Sandra Bellina, and Treasurer Theresa Conte, the East Orange High School General Organization of 1959-1960 has completed one of the most successful years in the school's history.

The Student Council began the school year with an orientation program presented for the benefit of newly elected council members. In this program, parliamentary procedure was explained by Corinne McGovern, our parliamentarian.

The first major project was a Student Council Week in which was included a Clean-Up Day and a Dress-Up Day. The grand finale of the week was a football rally at Martens Stadium prior to the highly anticipated Barringer game.

Other projects of the year included the revival of the Teens-for-Safe-Driving Club; the forming of the Booster Club to support athletic activities; and the revision of the Constitution with emphasis placed on election procedure.

The Banking Committee, headed by Susan Baker, the Rally Committee under Carolyn Pitts and Pat Caesar functioned smoothly and productively.

Our deep appreciation and gratitude go to Miss Leinonen and Mr. Adams (who is a novice this year as Student Council advisor) for their commendable guidance.

For many years now, *The Syllabus* has been a school institution; however, true to its meaning, it can be only a compendium of past events, only a brief summary. In each volume the events of the past four years have been digested. *The Syllabus* is a symbol representing our high school lives during our short stay within its walls.

But also, it is a symbol of what can be accomplished through student-faculty co-operation. Only an able editor with a competent staff and valuable guidance can produce a fitting publication.

Miss Marion K. Bragg is the faculty sponsor for the Editorial Staff, and Mrs. Howard Wolverton for the Business Staff. Editor-in-chief of the 1960 Syllabus is Simon Levin. Upon Simon rests the responsibility for the success or failure of the book. Rosalie Muller and Judy Greenberger are the associate editors. Of the many contributing committees, Jacquie Walsh is chairman of the write-ups; Rochelle Fuchs, of the activities committee; Tyrone Brown, in charge of the sports writing; and Inese Zeltins and Kathy Rose, of the art work. Many photographs were contributed by the staff photographer, Donald Stellhorn.

On the Business Staff, Alex Goodman is the Advertising Manager, while Maria Stevenson is Business Manager. The Business Staff provides the funds for the publication by selling advertising space to local merchants and organizations, and, of course, by selling the yearbook to students of all four classes.

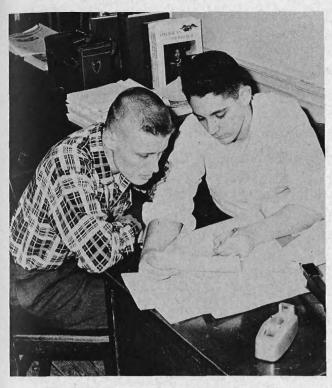

The organization of such a publication includes many students: photographers, writers, artists, and businessmen. This is what makes *The Syllabus* truly an *all-school* effort with participation and co-operation by many.

The News . . .

... Voice of the Red 'n' Blue ...

Featuring a host of articles reflecting the life of both school and students from classroom to athletic field, *The News*, published successfully for 60 years, has become an important voice in the activities of the "Red 'n' Blue."

Each month the editorial staff of *The News*, under the direction of Mr. Harold L. Krueger, spends more than 24 hours of after-school time in the shaping of the student paper issued ten times yearly. The *News* Board again this year followed a closely knit schedule which provided six days for the mapping of each issue.

Three weeks prior to the date of each publication the editors meet to decide what the general make-up of the paper is to be. On the following Monday the editors then assign articles, pictures, cartoons, and other copy to the more than 40 staff members.

Tuesday, Wednesday, and Thursday of the next week are set aside as copy days. On these days editors and writers type stories, write captions for pictures, write headlines, and do the final page planning. On Thursday evening the paper is then sent to the printer.

On the following Tuesday, termed galley day, the printer returns the proof and the staff make the last-minute corrections. Student subscribers receive their copies of *The News* on Friday of that week.

A registered member of the Columbia Scholastic Press Association, *The News* for many years has been a top ranking New Jersey high school paper. Again this spring, the six newly elected editors attended the C.S.P.A. convention at Columbia University in New York City.

Department of Vocal Music

A trio, A. Brandon, R. Walker, and B. Washington, with Mr. Gilbert fill the familiar music office at rehearsal.

Another year has passed, and as we look back at the creative departments in the school, the Music Department stands out as one of the most inspiring ones.

Once again the traditional Christmas concert had as its processional At Solemn Midnight, which set the Yuletide tone for the musical evening. The songs sung by the music students were representative of many countries and many religions, varying from "I Have a Little Dreydl," a Hebrew song, to "Carol of the Drum," a Czechoslovakian number, to the strangely melodic "The Three Kings," an American accomplishment.

Many of the music students shared their music with others when they went carolling to various grammar and junior high schools in the city. Terminating their journey was a visit to the East Orange General Hospital.

On February 6, some of the outstanding students of the department participated in an operatic festival at Clark Township Regional High School.

Closing the musical season was another brilliant highlight, a spring concert that proved to be entertaining and musical.

Girls' Study Hall Council

We at E.O.H.S. should feel proud knowing that we are one of the few schools in which the girls of the student body conduct their own study halls.

The Girls' Study Hall Council holds meetings once monthly under the guidance of Miss Ellen Leinonen and its officers: President Jacquie Walsh, Vice-President Linda Schoemer, and Secretary Barbara Cochran.

Under the watchful eyes of the study hall chairman, the study halls have been conducted, for the second year, in the auditorium and the students' cafeteria.

Among the opportunities offered the study hall chairmen are those of assuming responsibility, acquiring self-confidence, and attaining poise.

We have seen the Girls' Study Call Council complete its thirty-ninth successful year in East Orange High School.

... The spirit of the community ...

A group of Candystripers on the way to their after-school duties at the East Orange General Hospital.

THE CANDYSTRIPERS

The Candystripers, both at East Orange General Hospital and Orange Memorial, have been of invaluable importance to many affiliated with these two hospitals. Originated in 1944 in Vernon L. Davey, they transferred to East Orange High School in 1954. Their founder and sponsor, Miss Lindsay, should be highly commended for her many helpful years of service to this group.

The girls, acting as Junior Nurses' Aides, perform various duties including working in the Admitting Office and the Pediatrics Ward, running errands, giving ice water to the patients, taking care of flowers, delivering trays, feeding patients, and creating an atmosphere of cheer wherever they go.

The high distinction that the Candystripers have brought to East Orange has spread to forty-six states, to Puerto Rico, Israel, and Australia. These girls are examples of ambitious young women volunteering their services to shut-ins and bringing with them a ray of sunshine.

Social Committee

Under the guidance of Miss Ellen Leinonen, members of the Social Committee devoted many after-school hours to the planning, preparation, and sponsoring of the three dances held at East Orange High School this year. The group worked as a team to make the school's social functions successful. Acting as chairman and assisted by Chancey Calice, Maija Jansons, and Laura Fitzpatrick, Carol Wollmuth directed the committee's activities.

The popular Rhythmaires provided a delightful background for the all-school dance held on October 24. Appropriately depicting the theme of the "Bubble Bounce", a number of balloons were sent cascading over the dancers. Everybody present enjoyed the evening.

Highlighting the winter months was the Junior

Prom held on February 6. With Winter Wonderland as a theme, the gymnasium was transformed into a starlit Wonderland.

The Tremlos created beautiful atmosphere as the sound of their music filled this Wonderland. As the evening progressed, the excitement mounted and the guests anxiously awaited the crowning of the new queen. Miss Laura Fitzpatrick had tears in her eyes as she graciously accepted the title of the Junior Prom Queen the class of '61 had bestowed on her. The couples departed, still under the spell of a most memorable Junior Prom.

Plans for a senior prom to be held at the Hotel Suburban, complete with queen, are now in the making.

The Young Linguists . . .

The Language Clubs of East Orange High School have completed another fun-filled and worthwhile year.

Le Cercle Francais, under the leadership of Gale Meade, president, and Mrs. Vaala, sponsor, took several trips, including one to New York and B. Altman's. Then everyone enjoyed a puppet show in French, with costumes, scenery, and script by the French Club members.

Los Cervantinos was visited by speakers from Chile and a representative of the Latin-American Institute. This club, under the direction of Valerie Terrell, president, and Mr. Wharton, sponsor, also visited the Hispanic Museum and saw Jose Greco dance.

Le Circolo Italiano put on its annual Columbus Day program. Theresa Conte headed this club, with Mr. De Marzo as sponsor. A Christmas party with Italian entertainment was the highlight of the year.

All these clubs participated very well in the Language Day Field Trip to Rutgers University.

With the stress on Space, interest in our science clubs runs high . . .

Mr. Piel uses his slinkies to demonstrate pulses to some interested after-school physics students.

Astronomy Club

The science clubs of East Orange High School have been functioning in the desire to give sincerely interested students of science an opportunity to develop their interests and special capacities.

The Chemistry Club, after a period of inactivity, is

reorganizing and will be in full swing by next fall.

Tom Geisler, President of the Astronomy Club, has helped expand its scope to include projects dealing with the space age: missiles, rockets, and satellites. Their projects for the year included discussions on the possibility of life on Venus and spatial explorations by the United States and Russia. Another project was Telescope Night, which was held at Scott High School.

The Biology Club under Inese Zeltins has had an active year. Mr. R. Clark, Mr. E. Piel, and Dr. Ringleheim presented a forum on the workings of the brain. Most of the members of the Biology Club contributed projects to the

Annual Science Fair, held January 14.

The Annual Science Fair gives these and other interested students a chance to contribute their original projects for judgement. At this year's Fair, in the Biology display, Lynn Arin, Carol Trelease, and Jackie Hayward shared first prize with a project dealing with the Egg-Embroyology of a chicken.

In the physical science categories, Jon Davis Smith won first place with a digital computer which he con-

structed.

Frank Pendorf won first prize in the basic science contributions. His project was the growing of crystals.

These science clubs will be able to operate more efficiently with better equipment and facilities in the new building.

The two service clubs that dominate the scene at East Orange High School are the Library Council and the Projectionists' Club.

Under the leadership of Mrs. Beebee, the Library Council functions to promote smoother running of the various services of the Library. Members file, shelve, and check out books, and take attendance. Having these tasks done aids Mrs. Beebee and also acquaints the members with library procedure and placement. The president of the Library Council this year is Carol Bard.

The Projectionists' Club is indispensable to the smooth use of audio-visual aids in teaching. As most teachers use this method at one time or another, the club performs a vital service for the school. Recognition, however, is not given often enough to this club. There are many members throughout the school who show films during their study periods. Donald Stellhorn is in charge of the male members of the office staff, which includes Ed Rottner, Ken Boehling, Jack Carnegie, and Bob O'Neill. The secretaries of the office staff take care of the clerical part by sending assignment sheets to the members of the club. Rosalie Muller, Jane McCarthy, Jackie Astwood, Libby Albanese, and Stephanie Michaels are on this staff.
