The Homecoming football game is traditional for all of East Orange. For such a special event you need a queen. This year Brenda Jenkins was the top of the lovely line of royalty. A queen from each class was honored in a cavalcade of convertibles parading our five beauties to the always large Homecoming crowd. Behind the scenes and coordinator of the scenes was Janis Raymond whose expert handling of this challenging task made her a queen in her own right.

## HOMECOMING

## WHO'S WHO

Each year a book is published by leading educators entitled "Who's Who Among American High School Seniors". This year, as always, students were named from E.O.H.S. These students not only excelled in academics but asserted themselves as leaders in every aspect of student life.

## FASHION SHOW

On February 15, 1974, the sophomore class presented "An Evening of Unique Experience". The setting depicted the twenties and the costumes complimented the setting. The sophomores worked diligently, however, their efforts were rewarded. The finale was the highlight of the evening with models modeling formal attire in a setting of smoke and lights and music from "Love's Theme."

Frances becomes a swinger.

Recreating the old styles.

David Ware tipping hard.

"How's this?"

Casual Kim Dodson

Margaref Calhoun in polka dots.

Marietta wears the latest in jewelry and hairstyles.

Evening wear at its best.

Getting ready.

Marcia Layer and Keith Rowe step out in style.

Delinquent teachers go back to school.

## FOOTBALL

The record this year does not tell the whole story. Each Saturday the fighting Panthers and their coach Bob Curry ran on to the field proudly and left the field just as proudly, satisfied in the knowledge that they had performed well. Our formidable opponents, too, knew that they had to fight for their victory. The Alma Mater was sung after each game, for we were there and we knew we had something of which to be proud.

## SOCCER

Soccer in East Orange has had its ups and downs. Last year we had no soccer team and this year the student body interest showed the effects of a year of absence. A few staunch supporters came no matter what the weather and were always shown a good game. The team had its outstanding player in the person of AllCounty Senior David Fong. We feel that soccer is on the up-and-coming and we are pleased with their commendable come back.

from left: Captain Ken Young, Head Coach Lester and Co-Captain Mike Booker.

The winning habit, where will it all end? Not at East Orange High School, we can assure you of that.

After moving up from Group III to the larger, more competitive Group IV many people believed that the E.O. Panther reign in basketball would end. However, it only proved to be more successful than many other years. This year as the number 2 seeded team in the county, we surprised an over-confident Orange, who had beaten us twice in regular season games, to win the Essex County Tournament.

After this victory, it seemed as if the Panthers could do no wrong. Victory after victory came to the Panthers as they defeated some of the best teams in the state. It all came to an unbelievably beautiful end on Saturday, March 23, 1974 when in the last second of the final game with the score tied 71-71, Tyler Jenkins shouldered the responsibility and came through. With a desperation jump shot, that fell in the basket as the buzzer sounded, Tyler became the hero of the day and East Orange High School Panthers became the 1974 Group IV State Champions.

## STUDENT COURT

Girls' and Boys' Courts were designed to provide students with a fair trial before sentencing actions designated as crimes in E.O.H.S. Meeting 2 or 3 times a week, the justices hear the charges, defense, and rule on the punishment that should be given. Student Court is just another step in letting the students be the true government of their school.

Scholarship and a National Merit Scholarship letter of commendation. Her list of achievements in high school is a long one and includes membership in the National Honor Society and the Student Council. Her final triumph will be the speech she gives as Valedictorian of the senior class. She's also listed in Who's Who among American High School Students, and is Editor-in-Chief of the Syllabus.

In addition to her many personal
nealthy good looks that
advertisements always try to capture. So we feel certain that she will place well in the first two categories; poise and appearance, and physical fitness. As for the third category, creative and performing arts, Donna will definitely give the other contestants strong competition. For the talent segment in the state final at Cherry Hill, she enacted the funeral oration from Purlie Victorious, which earned her the title of N.I. Junior Miss.

Traditionally contest winners have
scholarship for the three runners-up. The contestant with "the most personality" will receive a $\$ 1,000$ award. The big prize is a $\$ 10,000$ scholarship for the new American Junior Miss. First and second runners-up receive $\$ 6,000$ and $\$ 4,000$ scholarships, while the next two girls each receive $\$ 2,000$ in scholarships. So you can see, Donna is also a very practical young lady.

## ADMINISTRATION

## SOCIAL STUDIES

The Social Studies Department has asserted itself as a major portion of our school life. The Department members expand their teachings outside of the classroom by providing opportunities such as: mock elections, courtroom visits, mayoral candidate debates and other avenues of interest to the students of East Orange High School. The Social Studies Department offerings have continued to change to meet the constantly changing needs of the students.

## PHYSICAL EDUCATION

Grunts and groans as the fat comes off and muscles tighten. Striking out, gutter balls, game points, tennis anyone, are all the sounds of physical education. Healthy bodies build strong minds.

And once the healthy body is acquired, health education teaches us how to keep it. Working together, the Health and Physical Education Department develops the complete person.

## INDUSTRIAL ARTS

Learning a trade or skill is perhaps one of the most valuable assets a young man or young woman might learn. ## GUIDANCE

When you first walk into the Guidance Office you would think it was a classroom. Always crowded with students, whose future depends upon the expertise of the members of the department, the Guidance Department is never quiet. Each student is treated as an individual and not a number. Transcripts, schedules and counseling are always performed with a smile.

"You got accepted? How lovely! Now all I have to do is send out your transcript." LOUISE T. BREWINGTON

Parlez-vous francais? Hable espanole? and a little Ronzoni sono buoni. Spanish, French, Italian, Swahili, German, and Latin are taught including not only the language but the literature, art, food, and the life of the people. A spring and winter festival plus a language magazine brings together all the languages into multilingual extravaganza.

## FINE ARTS

Music, Art, Drama, and Speech are offered to those talented in these areas or those who want to expand their knowledge in all areas. Electives are offered, so that those not wishing to major in the arts can still gain the rewards of this department. Majors are offered for those who are seriously considering the arts as a career.

## ENGLISH

Each day every member of the student body will take a trip. Either through novelists, playwrights, poets, actors, film-makers, grammarians, or semanticists, we travel to the future and the past or from country to country in the present. Each day new doors are opened to all of us in the subjects we so simplistically call English.

When you think of the power of language, the only means of communication between people, you must be a little awestruck by the mastery with which the 20 members of the English Department transmit their knowledge to us.

"That ain't half bad." MALCOLM BLODGETT-Head

"Well, I mean . . . like . . . ya know." GWEN SUTTON

ALICE KIEL

"I think l've seen my last Indian."
GORDON DUPREE

"And it's only November." FRANCES DeLUKE

## HOME ECONOMICS

Home Economics isn't merely for those who wish to be good cooks or seamstresses. It teaches valuable lessons that can be used by all. Men and women learn about how to buy and prepare food, nutrition principles, table manners, dress design, color coordination and display techniques. The excellent members of the Home Ec. department are confident in the knowledge that students leaving them will not only be adept in the kitchen or sewing room but better in every aspect of daily life.

"Betty Crocker wants my recipe." VIRGINIA TOMLIN-Head

"SHUT-UP!!!"
MARSHA WILKERSON

"Now where did that hand come from?" BETTY POLZER

"I thought lock-outs were illegal?"
FRANCES HILL

SHIRLEY BOWEN-Team Leader

PAUL BOTWINICK-Team Leader

## TEACHER CORPS

Teacher Corps is a federally funded teacher education project involving Upsala College and the East Orange Public Schools. Undergraduate students from Upsala College serve a two-year internship in the East Orange School District.

Twenty-nine are involved in the program. Eleven interns with two team leaders are assigned to East Orange High School. The East Orange School District-Upsala College Teacher Corps Project will function until June 1975. It is hoped that some facets of the program will be found useful to the district and adopted by the public schools of East Orange.

## SPECIAL SERVICES

In order to better serve the students of E.O. the Special Services Dept. was initiated. The people working in this department work with students, parents and teachers, on an individual basis as much as physically possible. Many are unaware of the work that these individuals perform, however those that are aware appreciate their services.

"Things are looking better now." GLORIA HESTER-Social Worker

"Someday we may get a classroom!" DELORES TRIMBLE-Speech Therapist

"You're not going anywhere with that magazine." MARY LOUISE VIQUEZ

"His book was three years overdue."
GEORGE FABIAN

## LIBRARY

Education does not stop in the classroom, research and reading for enjoyment are also a source of learning matter. All of this is available at our fingertips through the efforts of our able librarians. The Library also affords us a comfortable, quiet place to study.

## MEDICAL DEPT.

When we cry out in pain there are always 4 ears in tune. The two nurses of the Medical Department not only act as angels of mercy but sometimes as caring "mommies" to those of us who scrape our knees or cut our fingers.

者
"You need your polio, measles, and smallpox vaccines."
FLORENCE SKARBNIK
"Are you sure you were born? We have no record of your birth."

LOUISE HARRIS

## SPECIAL EDUCATION

Students with a special learning consideration and who cannot function in a regular classroom situation find individual instruction and specially trained teachers in the Special Ed. Department. Understanding teachers instill pride and a sense of belonging to the whole of E.O.H.S.

"I can make you an offer you can't refuse." JOHN MARTINO-Head

## DRIVER EDUCATION

The two prong learning techniques used by our Driver Ed. Department develop habits and attitudes necessary for safe driving. The two phases of this department are the classroom and Behind-the-Wheel Training programs. Defensive driving, courtesy, and safety are stressed in both phases and introduce more proficient drivers into society.

"My bowling average is 201."
EDWARD MILLER

"The keys make me tilt." RONALD CONLEY

"Betcha they won't find me in here." THOMAS TIEFENBACHER

## ADMINISTRATION

We all dread those slips from 110, know very little about the Main Office, and know next to nothing about 108, but within these offices go the making of the school. From attendance to schedules, our administrators are responsible for over 2,000 people.
This year we lost a very valuable member of this work force, Mr. Bertram Coppock. His presence is sorely missed but we wish him the best of luck in his new surroundings.
