INTRODUCTION

In the year 1891 the first four-year high school was built in East Orange. The older children would have underclassmen to push around. Until then there had been no high school throughout the whole East Orange community. The first graduating class consisted of three students.

Students today can follow various curricula such as college prep, business, medical, vocational, and basic studies. When the school was first established, it had space for home economics, manual training, and commercial courses.

Throughout its history, East Orange High School has distinguished itself both in academics and athletics. Our students have attended the finest colleges and vocational schools and have gone on to become physicians, attorneys, teachers, engineers, entertainers, and skilled technicians. In athletics, East Orange High School has long been recognized as a powerful force. In its early history our tennis, swimming, baseball, and track and field teams distinguished themselves. In more recent years our school became well known for its prowess in football and basketball.

We look forward to the twenty-first century with anticipation and fully expect that East Orange High School will continue to exert a positive influence on the student body and the community which it serves.

Paulette Gilchrist Class of 1966

"This school was one of the best in the state or maybe the country. When I was here it was a very strict. For instance the right side effect. If you were caught walking on the left side, you'd risk suspension."

My SENIOR year was great! All my years were great. I worked in 110 as student worker in the discipline office. It was a great experience to be able to share."

Paulette Crisp

The following Alumni attended East Orange High School as students and have now returned to their Alma Mater as teachers and staff members. It is with deep appreciation for their dedication that we present them to you.

"Attending E.O.H.S. in 1981 the year was a very memorable year. The student body in East Orange High at that time was very close knit; everyone looked out for the next person."

All our team sports were very good that year — Football, Basketball, Baseball, and Track. The students supported each team by attending every game and by boosting the team onto a victory."

The seniors would show the underclassmen how you were to carry yourself in school and out of school. You RESPECTED all upper-classmen and teachers and that carried on until I was a SENIOR and we kept the tradition of E.O.H.S. GROWING STRONG. I really enjoyed myself at E.O.H.S., it was a great experience for me and I took that experience to college."

Accordingly, it made for friendly atmosphere."

Mr. Martin Mellinger

"When I graduated from East Orange High the school was smaller both in number of students and in the size of the building."

"To be a student at E.O.H.S. was an honor. It was a great pleasure to take part in anything you could grasp. We wanted to carry out the endeavors of our dreams of our hearts and minds. This was truly the place to be. C.J. Scott, our sister school, was just a baby then but she was still respected by all of us. We were like 'Big Brother' and they were 'Little Sister.' 'E.O. and Scott need improvement.' E.O.H.S. then for education was ranked in the top 20 in the country. The pride was so strong that if you were from E.O. and you said something bad about E.O., there was a fight."

Receiving a high school education from E.O.H.S. was quite an achievement."

Class of 1956

"I was most FORTUNATE to have been educated by the E.O. school district, and I will never forget the four fruitful and enjoyable years spent as a student at E.O.H.S. I dream that as an E.O.H.S. faculty member, I can continually help to bring the same caliber of experience to the students who now walk the halls of our high school."

Mrs. Mary E. Rogers

Bernice Oliver
Class of 1956

"The years I spent at E.O.H.S. were exciting, enjoyable, and academically challenging."

Mrs. Bernice Scales

Thomasina Curry
Class of 1960

"My experience in this institution was one I'll never forget."

Robert Curry
Class of 1963

This pride can be reestablished but it must come from the students. They must strive to reach goals and listen to those in authority, who are trying to help them."

Mr. Robert Curry

"As a student at East Orange High School from 1959-1963, I experienced the strong sense of pride from the athletic program which was one of the best in the state, in most sports. That school pride carried over to the classroom where most students strived to better themselves. The "glue" that held it all together was the respect that we all had for one another and particularly the teachers. When you told someone you went to East Orange High School, you knew that you were SOMEBODY in their eyes."

**Minnie
Wardlaw
Class of 1963**

"In 1959-1963 I was a member of the student body at E.O.H.S. At that time the school was made up of about 45% blacks and 55% whites. We had exchange students from Europe, Africa, South and Central America. There wasn't a lot of racial problems in the school. We had school pride and we respected our teachers. We also supported our school's athletic teams. When the drama and music department had performances, it was for two days and they played to a packed house in the auditorium."

Mrs. Minnie Wiggins

**Cassandra

Class of 1964**

"We developed a strong sense of family which still exists between us today."

Mrs. Cassandra Banks

**Gilda I. Parks
Class of 1968**

"My school years of 1964 - 1968 were absolutely great! Everyone had a healthy attitude and good behavior. There was no such thing as 'security' in the school because we conducted ourselves as civilized human beings. Profanity was non-existent and fights were seldom. Nearly everyone was clean-cut and neat we took pride in ourselves and our school."

Mrs. Gilda I. Norwood

**Renee

"I can recall being a student of these red and blue halls during 1972-1976, how we always had school spirit and morale, respect for oneself and others especially adults."

Mrs. Renee Coleman

**Janis E.

Class of 1969**

"When I attended E.O.H.S. it was a school to be proud of. I have returned to work at E.O.H.S. to help the students succeed in their educational endeavors and to help E.O.H.S. regain its status as one of the best schools in the state!!"

Mrs. Janis Sledge

**Ms. Tina
Thornton-

Class of 1971**

"The year I graduated from East Orange High was a year of change and struggle for Black Americans across the nation. Many of us at E.O.H.S. joined the struggle, but we never let our pride of E.O.H.S. out of sight. Good grades were 'in' and failure was 'out.' College after graduation was the 'norm' thing to do. This school prepared me well for my career."

Mrs. Tina Evans

**George

MR. JON D. LAVELLE

We dedicate this page in memory of our long time friend and advisor, Mr. Jon D. Lavelle. For many, wonderful years, Mr. Lavelle worked unceasingly to produce and edit the East Orange High School year-book, setting the highest standards of excellence for us to follow.

Mr. Lavelle will be missed by one and all; he gave unselfishly of his time, effort and love. During his twenty years here at East Orange High, he was always involved in making dances, family nights and talent

shows successful. There was never an athletic meet, or a school function that went unattended by our friend, advisor, and confidant, Jon.

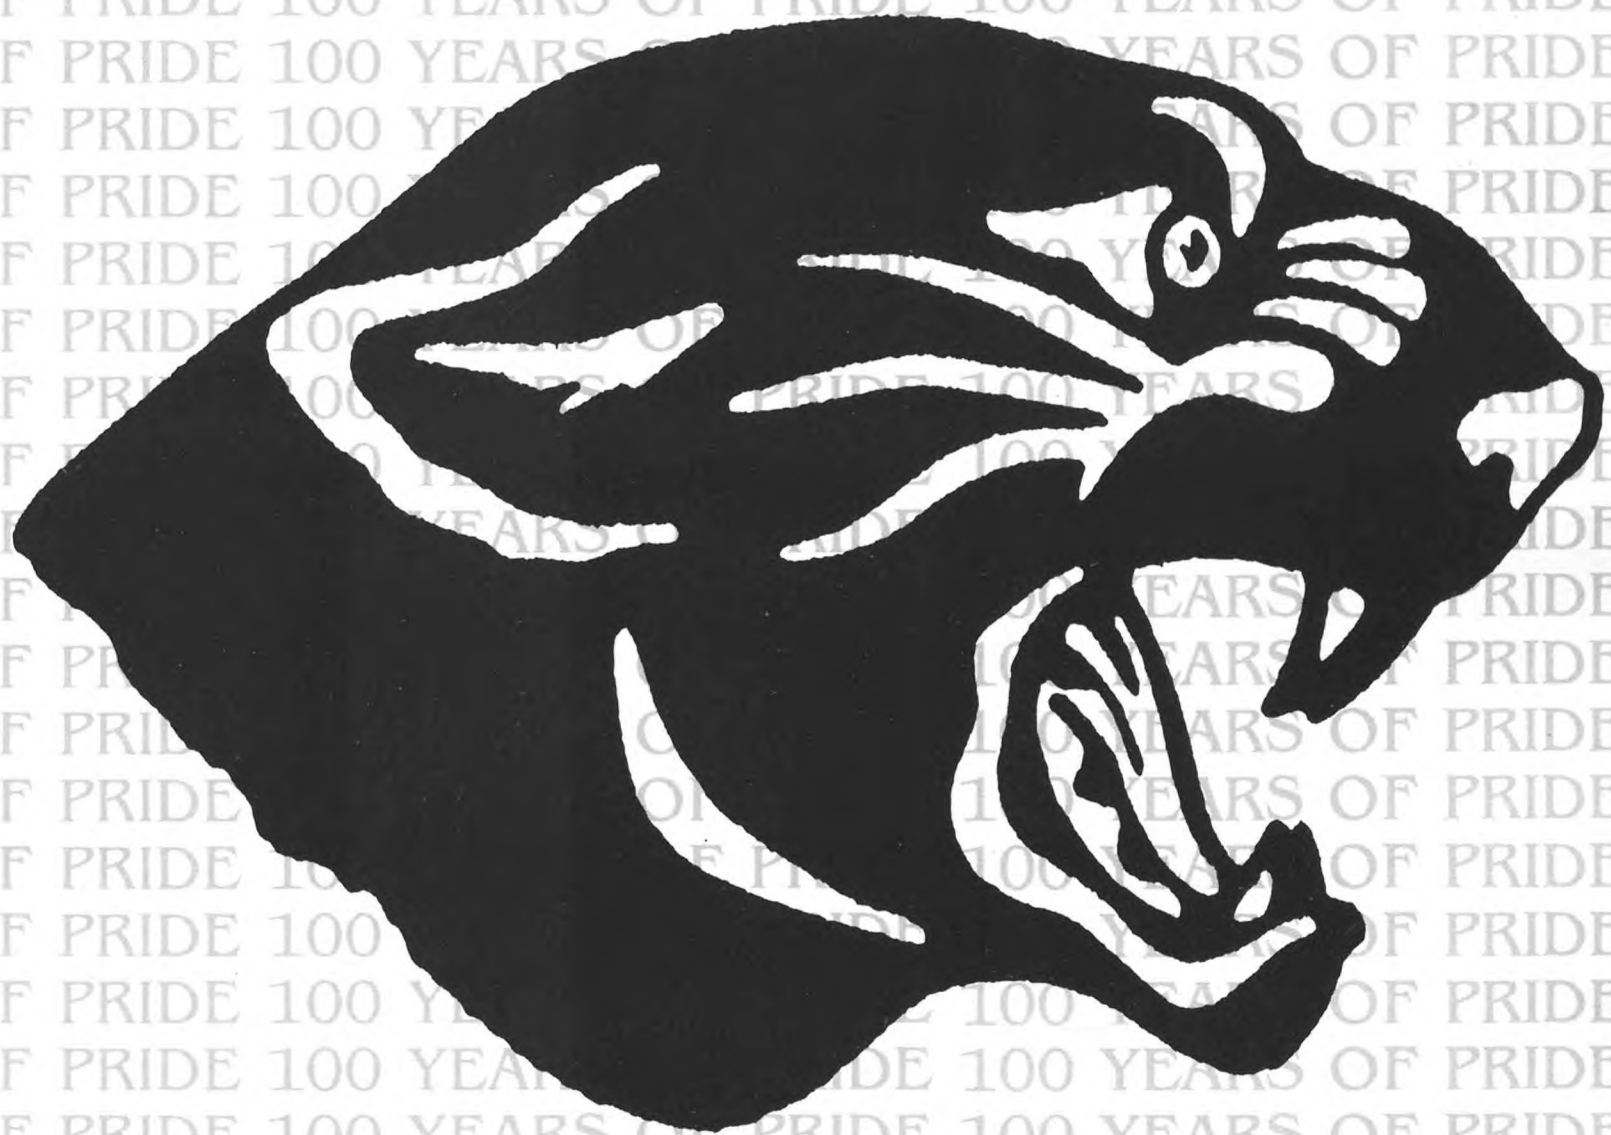

Jon was a man of true integrity, high moral fiber and unending concern for the well-being of everyone here at East Orange. His booming laugh, good natured manner and ongoing enthusiasm, support, and love has left a void in all our hearts.

Mr. Lavelle we miss you!!

THE MOCK TRIAL TEAM

The Mock Trial Team consists of ten students from each high school who assume the roles of lawyers and witnesses. The students act out an actual legal case and compete against other school in the county, region, and state.

The competition is an attempt to demystify the operation of the law, court procedures, and the legal system. It is also an attempt to help students increase basic life and leadership skills such as listening, speaking, writing, reading, and analyzing. The Mock Trial competition also brings law to life for students through active preparation for and participation in the competitions.

THE SPANISH CLUB

The Spanish Club is an organization whose goal is to enhance the members' knowledge of the Spanish language and of the Hispanic people, their culture, and traditions. Interesting and informative activities are planned to achieve this goal such as vocabulary build-up, games of geography, and field trips. The club meets ever other Wednesday and is open to all students who are studying Spanish.

PEER COUNSELING

This year Leadership Club members, Derrick Armstrong, Tavares Armstrong, Angela Lewis, Denise Nicholson, and Nicole Thornton helped to found a Peer Counseling service at EOHS. The students, working as equals with staff members who serve as Auxiliary Counselors, were trained by advisors Michael Z. Murphy and Moira Weidenborner. They act as empathetic listeners and crisis counselors to student in conflict as well as students in crisis. Peer Counselors also help to teach listening skills to Peer Counselor trainees for this ongoing service in The "US Room." Room 268. By volunteering their lunch period, study hall or after-school time, they are relieving the tensions and worries of their fellow students and creating a deeper sense of "community" at EOHS.

DESIRE

(Dedicated To East Orange High School)

In the far distant light, I see bodily figures,
Reaching out to me
Wanting to take my fledgling abilities,
Into their inspiring arms
What such divine influence can be so,
Warm-hearted
What such guidance can these strangers,
Give me

We rode on an escalator, upwards,
That took me to where I strive to achieve —
A role model for the young, a celebrity
To my people — remembered when I'm gone

We proceeded back on the escalator, backwards,
That took me to where I once was — frigid, dejected,
Dolorous, alone — memories are what they are now,
But my past will always be with me

We proceeded back on the escalator, upwards,
That took me to where I was founded — and left there,
These strangers spoke out to me, "Always look upward,
And reach your goal, when you get there,
If there's a male downward, wave to him,
His name is FAILURE, look upward and you'll see me,
Knowing oneday, we'll all be together"

Now, I have these wings called DESIRE
