FOREWORD

It is a paradox of our time that as advances in television, jets, and satellites shrink the distance of time and space; these same advances make the world of the individual grow larger by giving him greater knowledge of distant lands and their inhabitants. As the world of the individual grows, he must assume greater responsibilities to maintain peace and order.

The editors of the 1962 *Tartan* believe that our success in obtaining world peace will depend upon our ability to communicate — to talk and write of our own ideas and way of life, to listen and read with understanding of the ways of others. At Scott we have the opportunity to acquire the knowledge and skills that are essential to effective communication.

In the following pages we have tried to show the many opportunities offered to Scott students. As Seniors we leave Scott knowing that the responsibility for the future of the world is ours. If we are to have peace and order, then we *must* communicate with all our acquired skill and knowledge.

"Battle formation."

"A quiet spot and a good book."

Technology spreads the spoken word.

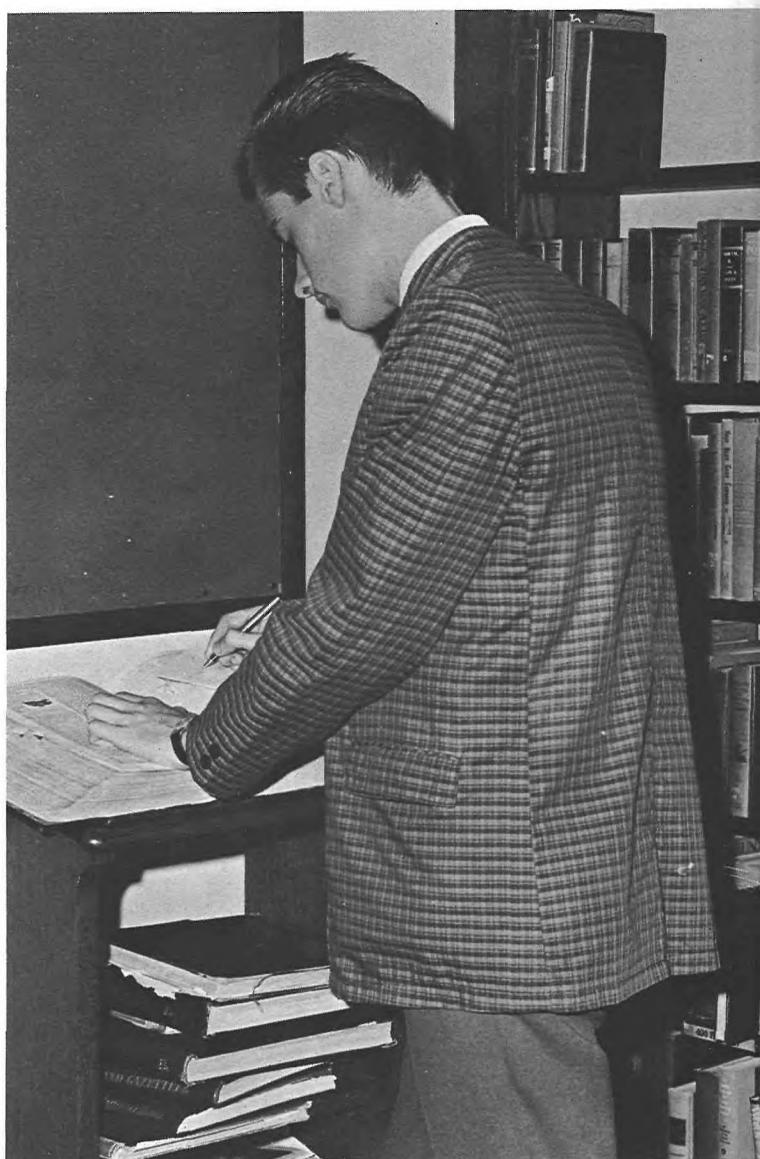

Etymology — history of the word.

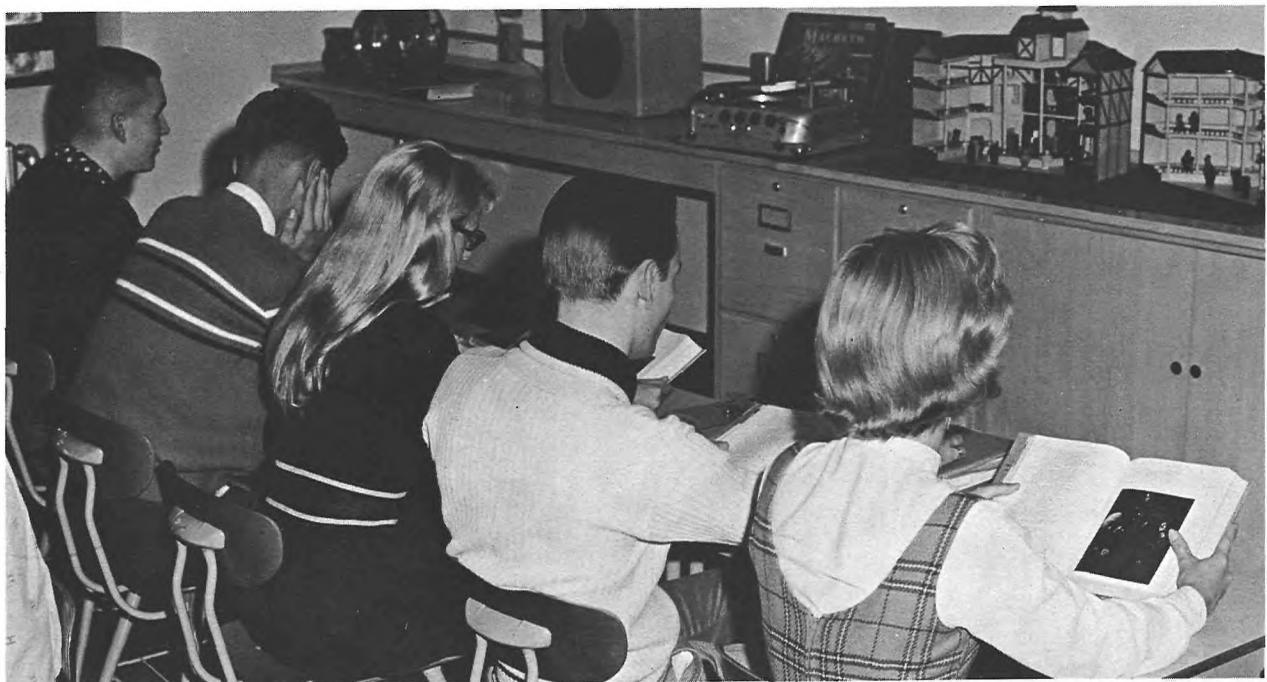

ENGLISH

Reading maketh a full man, conference a ready man, and writing an exact man.

To use the language properly, one must know the definition.

"Is this a dagger I see before me?"

A little bit of the Pyrenees.

FOREIGN LANGUAGE

The immense value of becoming acquainted with a foreign language is that we are thereby led into a new world of tradition and thought and feeling.

Oui, je parle français . . .

The unseen teacher speaks the native tongue.

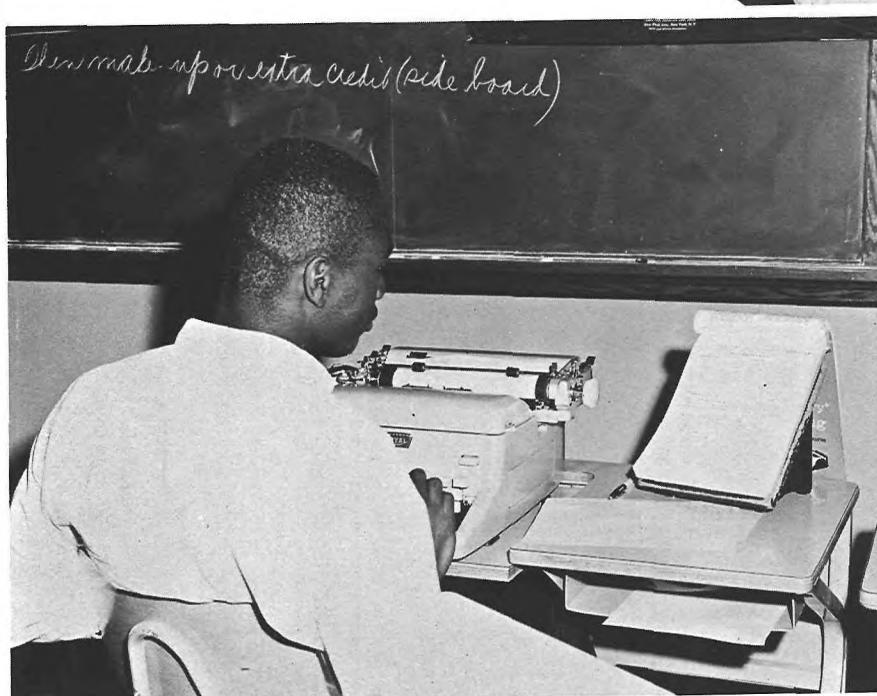

Setting up accounts.

BUSINESS

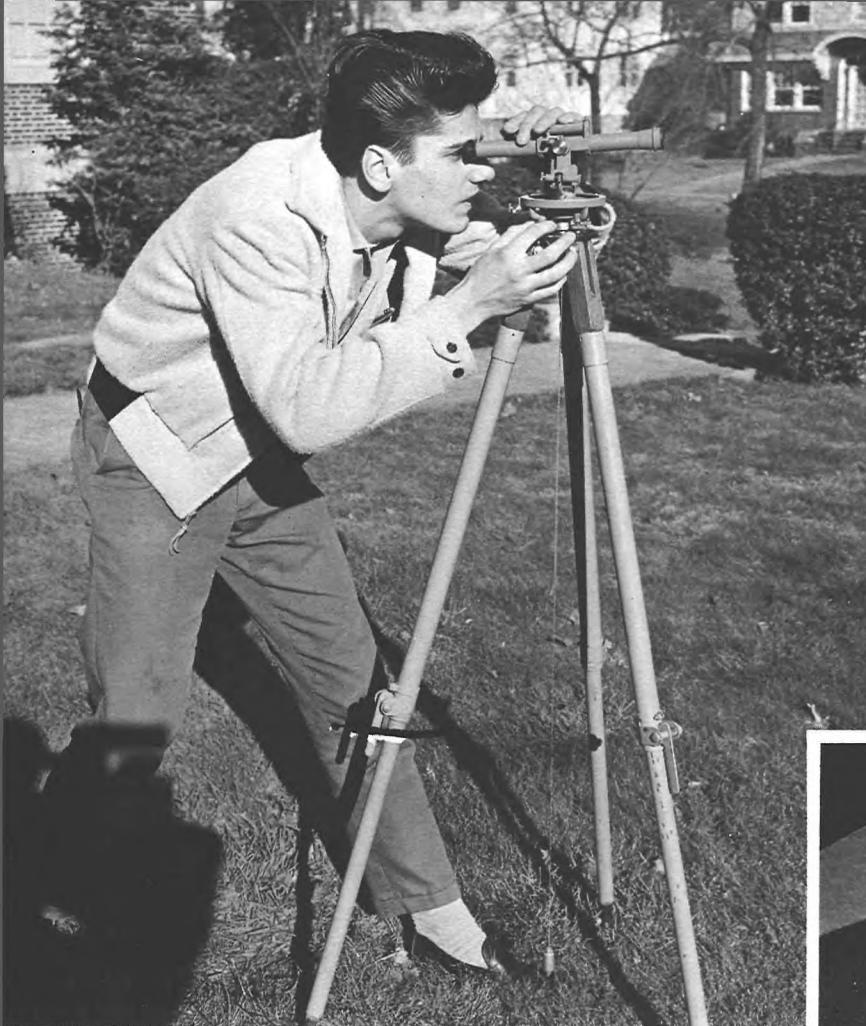

There is little gained by seeking business success without some good hard work.

*The banking committee
in action.*

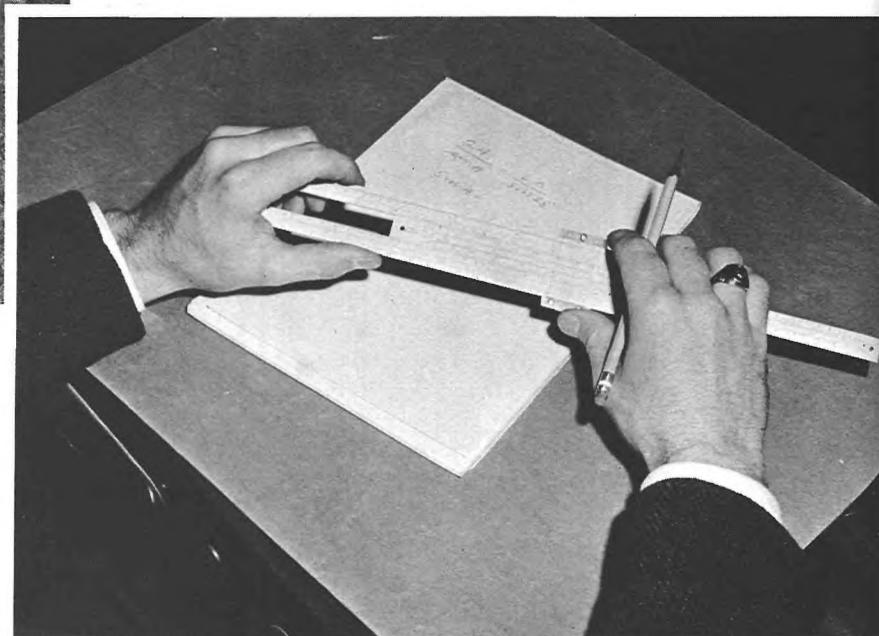

"a s d f g h j k l;..."

MATHEMATICS

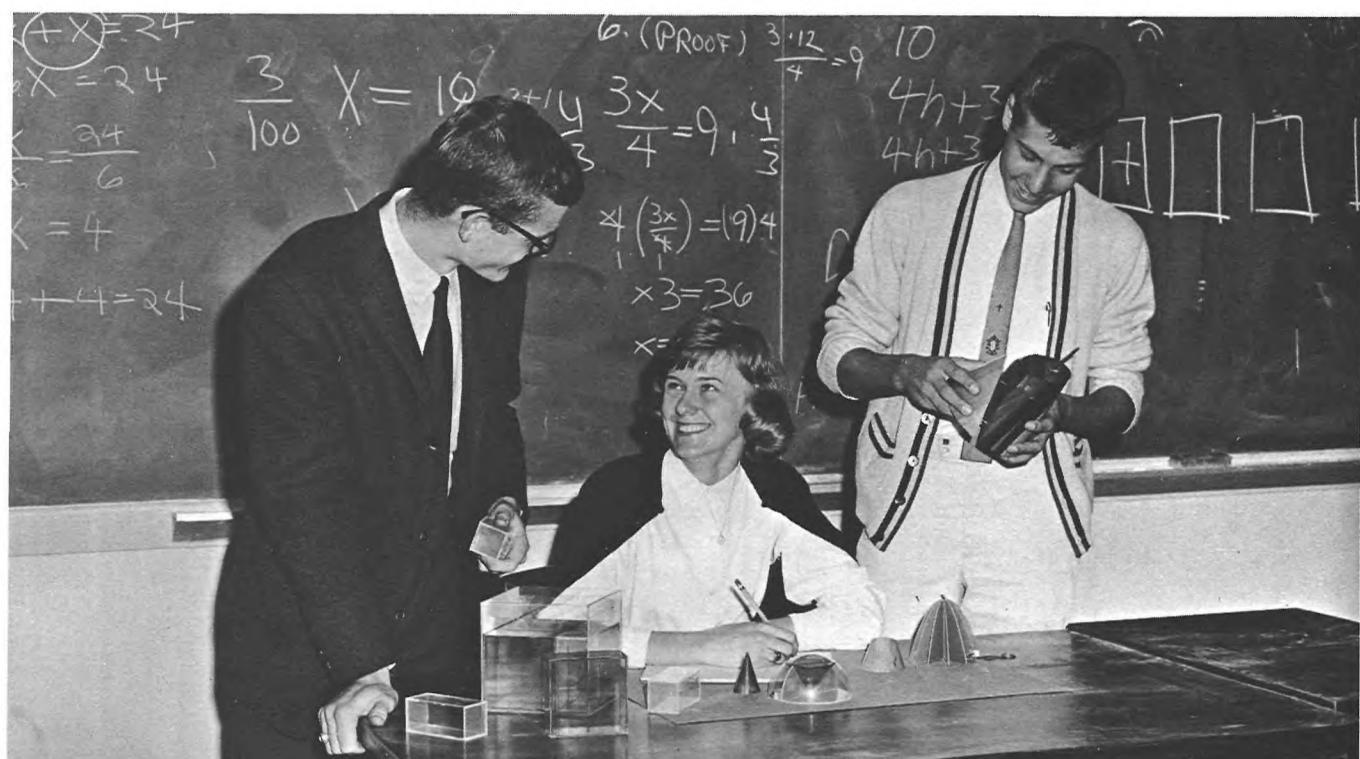

*He who speaketh the language of mathematics,
speaketh the language of all science.*

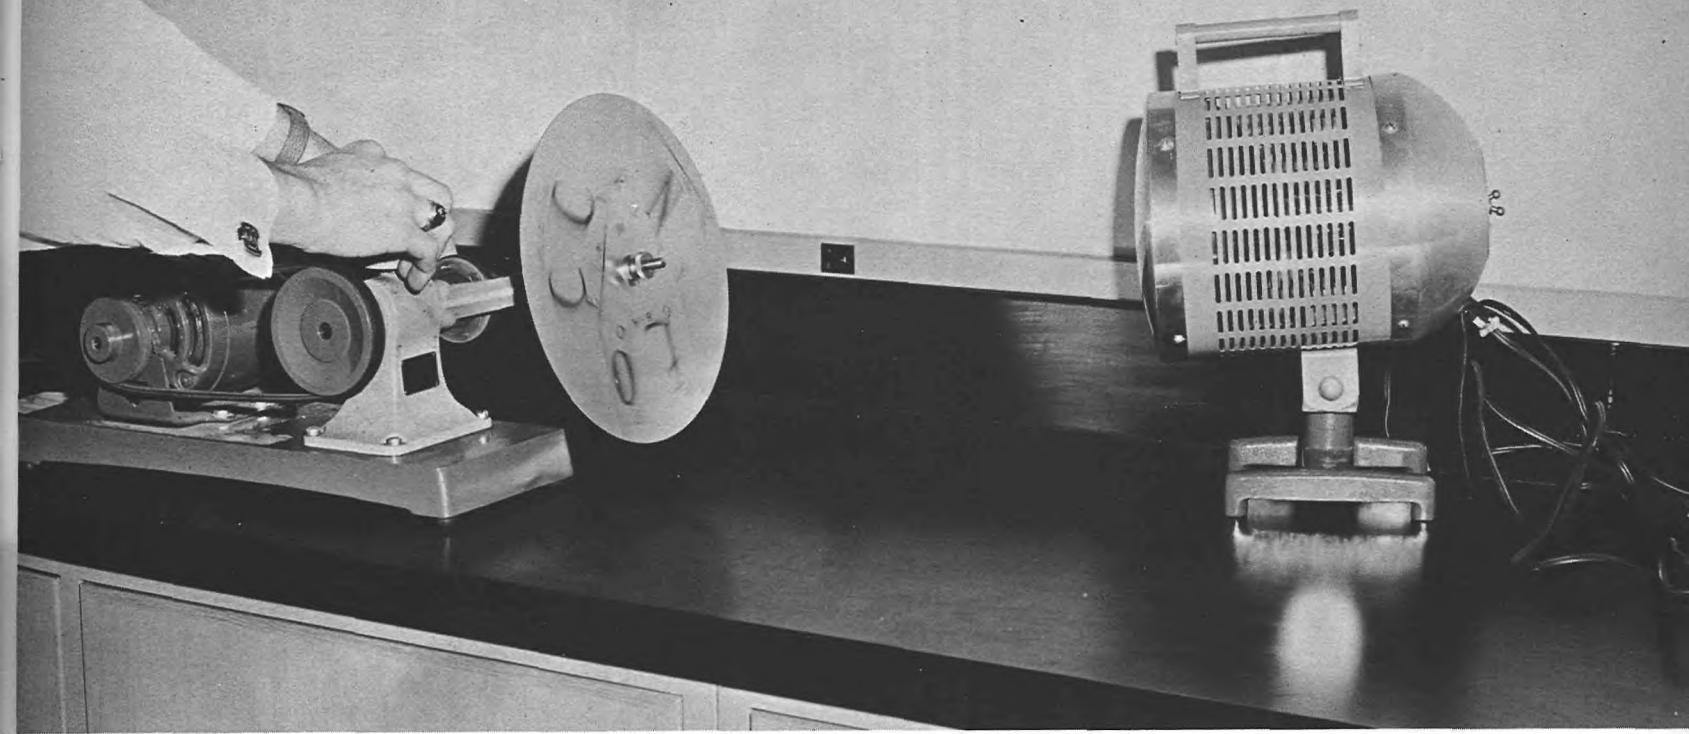

*"Whether it be a road or building
the course must be true."*

The mathematician's time-saver.

"Oh well, at least one of us is concentrating on math."

The instructor halts motion with a strobe light.

SCIENCE

Learn, therefore, that the universe is not bounded in any direction.

A sketch aids the understanding.

Self-evaluation, an integral part of P.A.D.

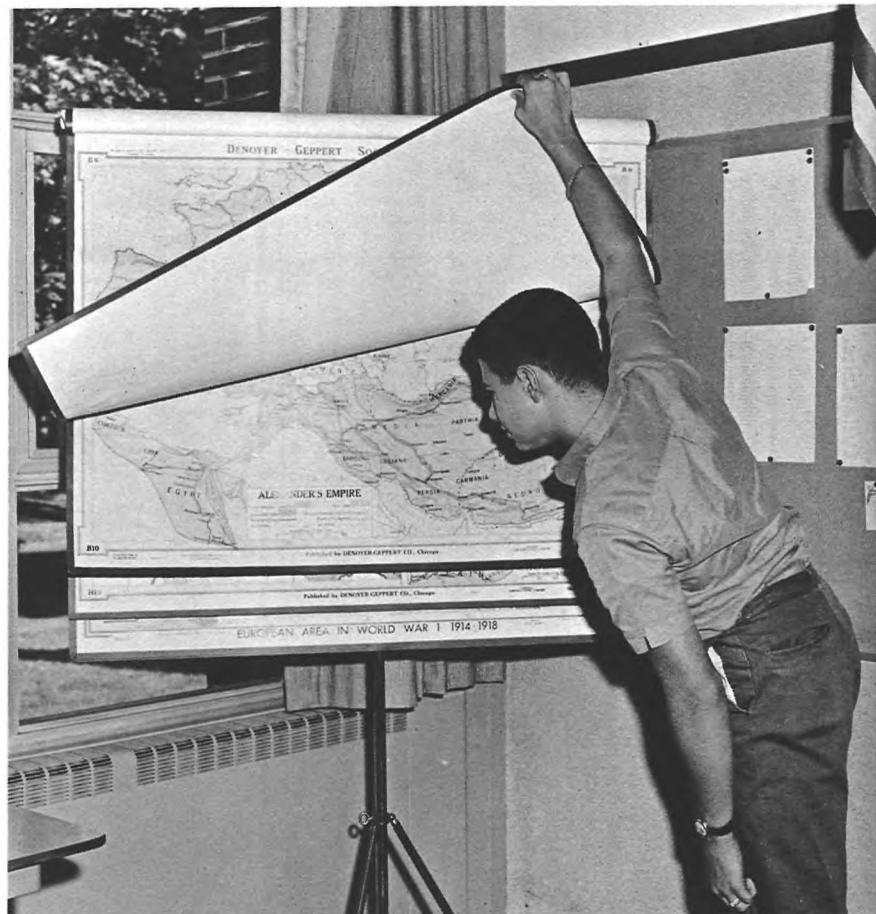

Here beneath the flag is an explanation of its meaning.

SOCIAL STUDIES

The spirit of truth and the spirit of freedom — they are the pillars of society.

Maps aid the study of World History.

MUSIC

*Music is the universal language
of all mankind.*

*The chorus is ready; the
procession begins.*

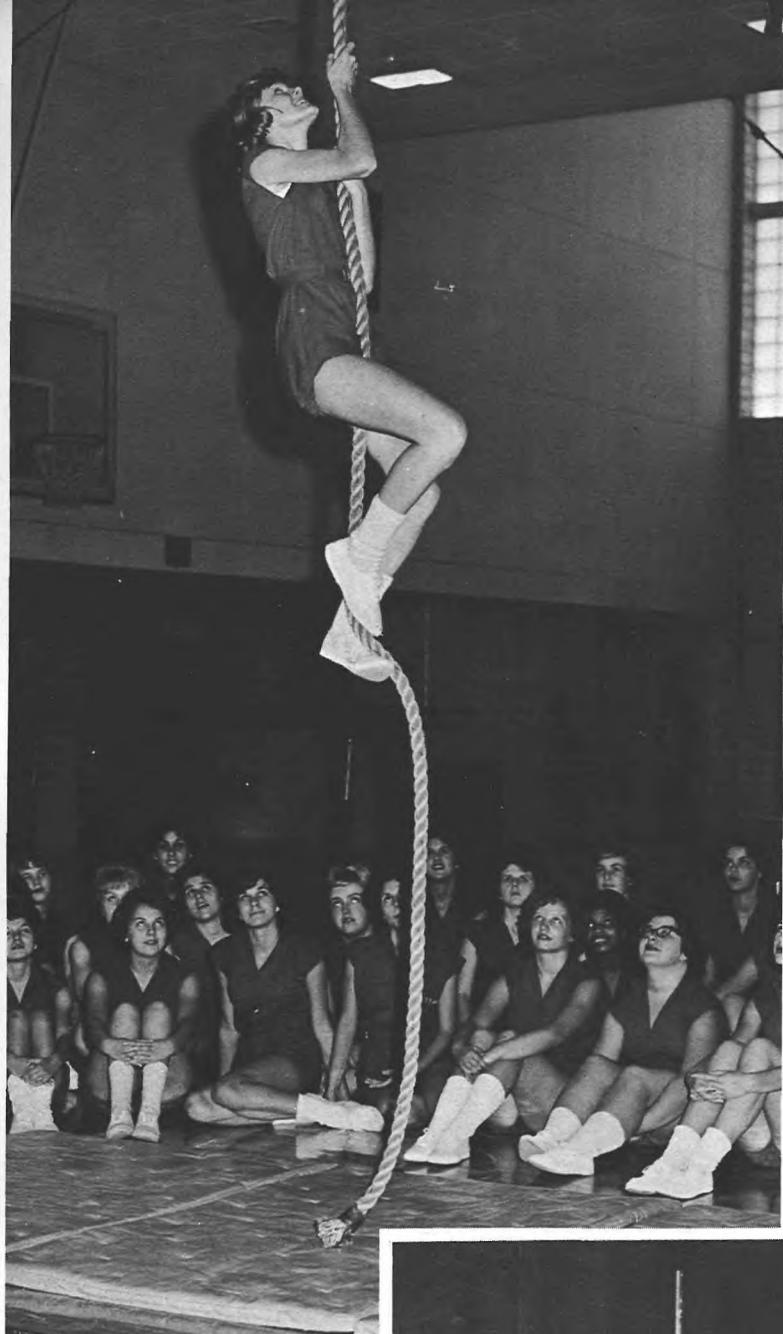

The sweet sounds of a "licorice stick."

The typesetter — the unseen maker of the printed word.

INDUSTRIAL ARTS

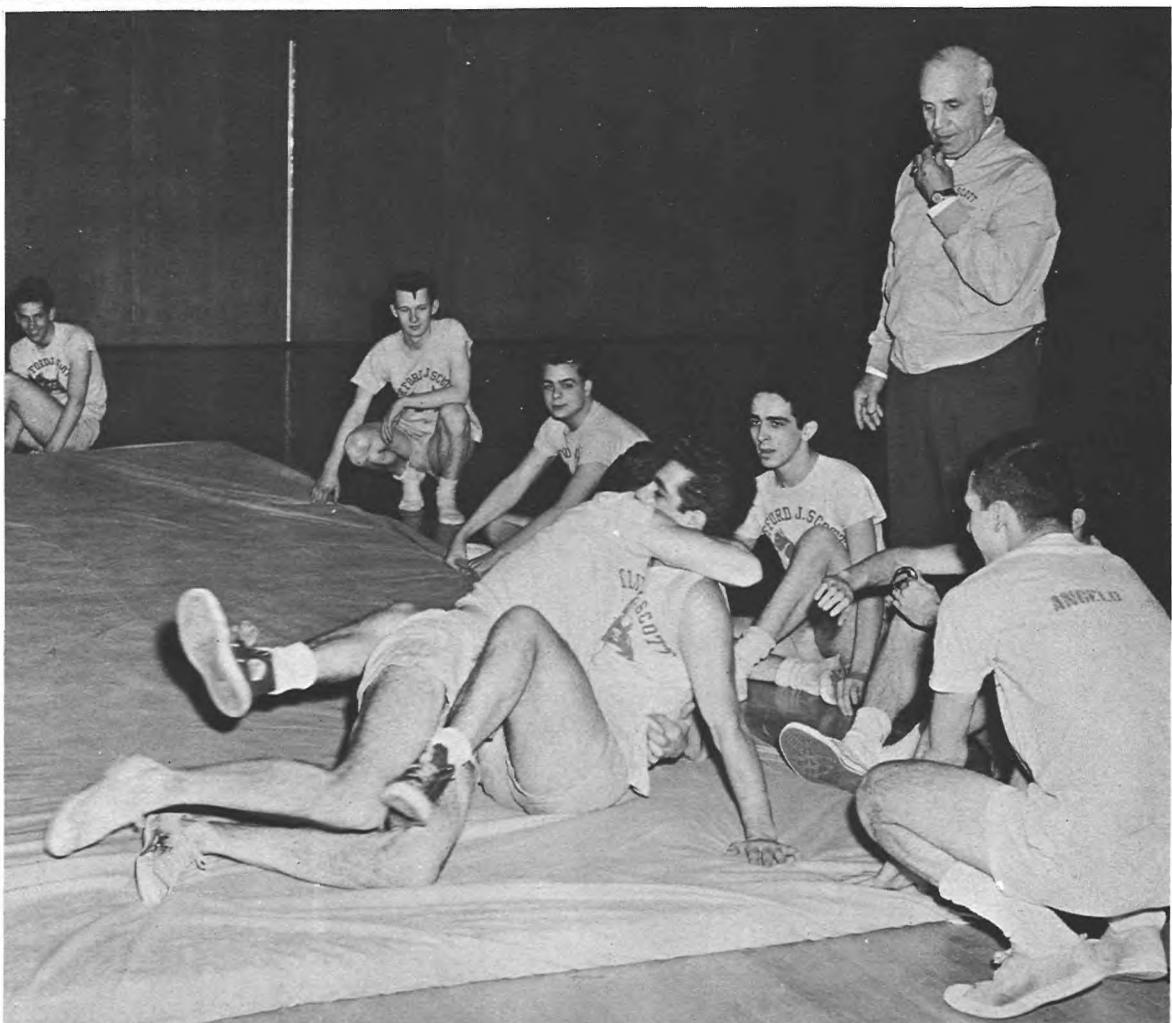

Words put into action.

"It looks easy."

PHYSICAL EDUCATION

They seek perfection. Few attain it but all who seek it gain.

Not a word was spoken.

Always providing a good show for the crowd, Scott's men on the gridiron finished their season with a winning record of 5 and 4. After a few high-scoring victories, they went on to highlight this season with a thrilling win over previously undefeated Millburn. Quarterback Buddy Harris, one of the county's top scorers, and tackle Pat Curcione were named to the All-State Group II Team.

The Scott basketball team, under Coach Ed Lyons, posted a 21-3 record for one of the most successful seasons in the history of the school. Among the highlights of the season were the coveted Essex County Tournament Championship and advancement to the sectional finals in the State Tournament. Some of the Scotties' victories came over arch-rivals Immaculate, Valley, Millburn, Bloomfield, and East Orange. Chris Kinum and Buddy Harris were the team leaders in scoring and rebounding respectively.

Essex County Tournament

This year's cagers became the first team in Scott's history to win the Essex County Tournament. By taking the crown, Scott also became the first small school to win the tourney. En route to victory, the Scotties defeated West Side 57-47, intra-city rival East Orange 43-35, West Orange 48-44, and Seton Hall 56-47. Coach Ed Lyons and his fine team are to be commended highly for the honors and recognition which they have brought to the school this year.

---	--------	---

Having the experience of only one year of varsity competition, Scott's soccermen finished their regular season with an excellent record of 7 wins, 3 losses, and 2 ties. This fine record enabled them to compete in the Group II State Tournament. However, the highlight of the season was the first annual Scott-East Orange soccer game which brought the two friendly rivals together on Scott's soccer field. This crowd thriller kept the fans jumping and the players running until the whistle blew, ending the game in a 2-2 tie. By the end of the season, Bob Tomasetti led the team in scoring with 9 goals, thus setting a new school record; and Herb Cohen, after only one year as goalie, was named to the All-State Third Team.

Mr. Best gives tips to Tom Neis and Jim Liggins.

Once again Scott's track team finished its season with an admirable record by winning 8 and losing only 2. Led by Jimmy Liggins and Buddy Harris, the cindermen not only took a third place in the Group II State Tournament, finishing only four points behind the first place team, but also departed from the track with three State Championships. Liggins won two of these by taking first place in the 100-yard dash and the 180-yard low hurdles. Harris won the other first place with his first-rate performance in the 120-yard high hurdles.

John Willet twists away from an inside pitch.

The Scotties had a fine baseball season in the spring of '61, both in their regular season and in the State Tournament. Spurred on by the accurate pitching of Dick Paddock and the big bat of Ray Minette, the Scotties compiled a total of 10 wins and 4 losses. Paddock pitched in ten of these fourteen games and finished the season with the pitching record of 7 wins and 3 losses. Minette's big bat swung away to a .362 average thereby leading the team in hitting.

GIRLS' SPORTS

Gerhild Ukryns.

Scott has an extensive sports program for girls. Covering a wide range of group and individual activities, the program includes instruction and participation in hockey, basketball, softball, and tennis. Any girl may participate in these extra-curricular activities; however, only those who have successfully competed in try-outs may join one of the three modern dance groups: Performing, Concert, Orchesis. For girls in the modern dance program, the year's highlight is a recital of dances composed by members of the three

groups and by girls in the various physical education classes. Swimming is another activity offered to girls at Scott. The school is given the use of the Y.W.C.A. pool once a week.

Thus through its program in regular physical education and health classes as well as in its varied extra-curricular activities, Scott offers its girls opportunity for acquiring skill in games, and improvement in grace and physical fitness.

To the Class of 1962

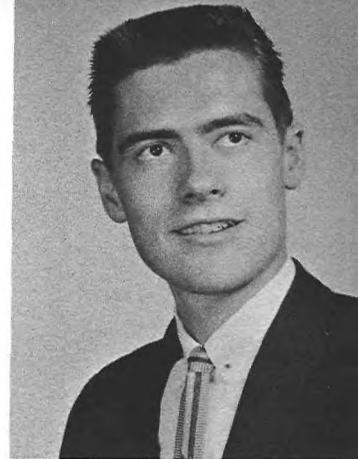

As you have gone through school, especially during these past few years, you have probably thought seriously about what the future has in store for you. No one has appeared to you and told you what decision to make. You were to think about your future, yourself.

The majority of the accomplishments of today depend on the thinkers of yesterday, while tomorrow's advancements depend on you, graduates, the thinkers of today.

We sincerely wish you success and happiness in all you undertake. We leave this one though for you to ponder, "think first before you act."
