

DIGNITY — SPIRIT

Working hard together
Can help obtain good things
The spirit of indulgence
Can make your thoughts take wings.

Striving for a goal Aching just to win Driving for perfection Working to no end.

Soon you find you're finished With the task begun. The challenge greatly mastered Has finally been won.

It all seems to pay When they remember you For having sought to win In the good you tried to do.

CONCENTRATION

There must be a factor
To help you get things done,
To put things in perspective
It must be concentration.

Considering a problem, Or studying a theme Takes great concentration To tranquillize those scenes.

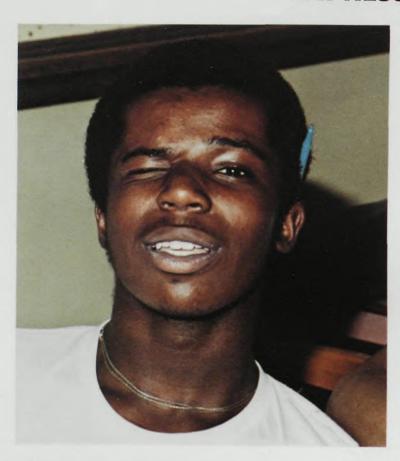

Deepest meditation Earnest admiration Thoughtful disputations All need concentration.

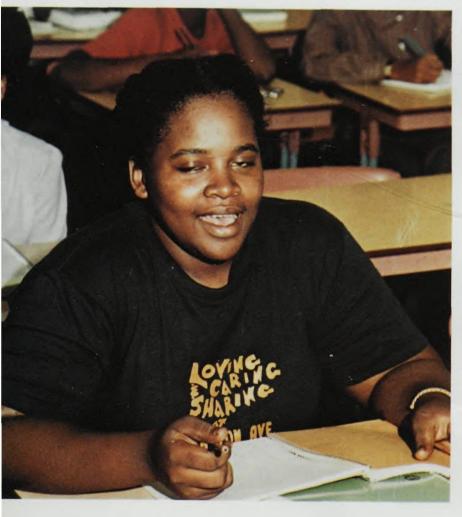

Life has just begun For we have overcome Now with concentration We'll build a new foundation.

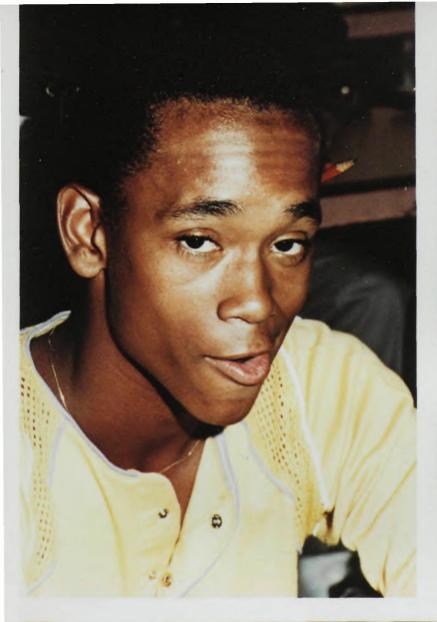

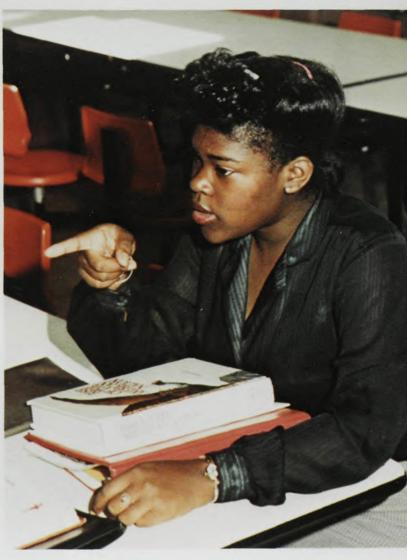

EXPRESSIONS

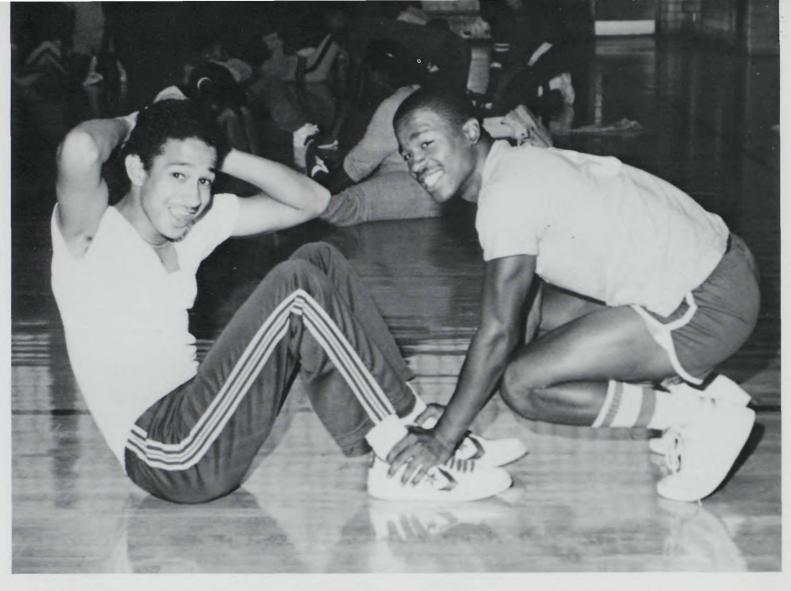

Expressions we see Tell us a lot We know when life is sunny And when it's too hot.

Sunny complexions, Faces of glee, Curious expressions Of people we see.

Some like to smile, Others only grin, Those filled with sunshine Will glow from within.

Laughter is ringing.
Funny bones are full.
Cries of excitement
Have filled up the room.

We won't stop smiling, That would dull things. We'll never end laughter For the joy it brings.

Having fun together, Working in a team, Sharing sweet embraces, Is what togetherness means.

Doing things alone Without a friend close by Is not a pleasant feeling For those who wish to try.

Having friends is something We all would like to share. Togetherness is terrific In times of great despair.

Togetherness is a feeling Deep within the heart Of friends who know That they could never part.

TOGETHERNESS

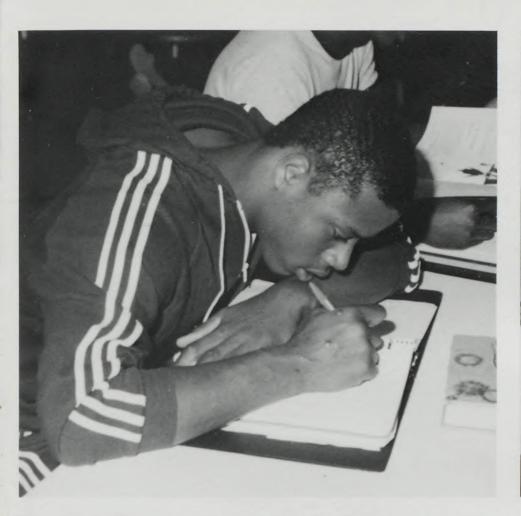

ENLIGHTENMENT

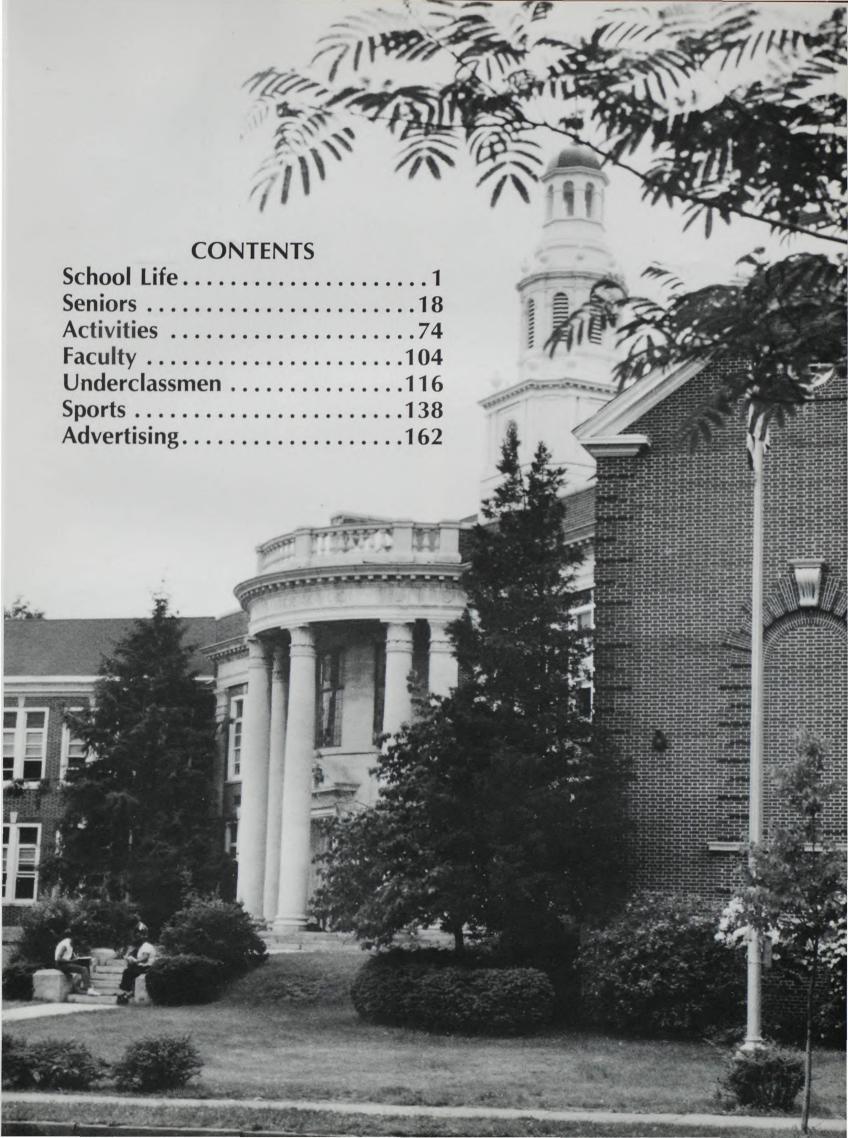

Who on earth can control the world With a blink of an eye;
Conquer anybody and everything;
Have all things worth having;
Solve all worth solving,
And find anything there is to find?
A Person With A Mind

THE BEGINNING

We end our lives at Scott Beginning something new. The world that now awaits us Shall see what we can do. Horizons to be crossed Have suddenly appeared. The landing site is ready. Departure time is near. We now begin anew In God's holy view To venture toward success With the idea of doing our best. New beginnings are here. A great life has begun. We shall go rejoicing, For we shall overcome.

SENIORS

AS WE WALK OUT OF THESE DOORS FOR THE
VERY LAST TIME,
AND WITH OUR SOCIAL LIVES
BECOMING LESS
ENTWINED,
WHO SAYS THAT GOOD THINGS BRING
ABOUT
SUDDEN ENDINGS?
WE WALK TOGETHER WITH CONFIDENCE
AND
PRIDE IN VIEW OF NEW BEGINNINGS.

Congratulations Josiah C. Airall, IV and The Graduating Class of 1983 Every civilization has its distinctive and preservative elements Citizenship must see to it that the one is destroyed and the other promoted. It cannot rise higher than its source. Every people that has deeply impressed itself upon the human family has represented one great idea which has directed its life and formed its civilization.

The Egyptian stood for life, the Persian light, the Hebrew purity, the Greek beauty, the Roman law, the Anglo-Saxon liberty. Thomas Jefferson said, "The God who gave us life, gave us liberty at the same time." This is true of every man, no matter what his color or condition. What will you stand for?

You have the good will of our Church Pastor Harry L. Batts

Congratulations Leslea on your graduation. Continue to work hard and be the best of whatever you choose to be.

TO MY SON LEONARD,

If you can face the changing world with courage and with trust,

If you can overcome all doubt And do the things you must,

If you can cling to your own dreams Believing they're worth-while,

If you can weather passing storms and never lose your smile,

If you can give as well as take And Hold your head up high,

If you can keep the joy of youth from ever running dry,

If you can open up your heart With love that Lowa endures

Then peace — and all of life's sweet gifts Will happily be yours — C. Sexton Moms

Dearest Nancy

As one segment of your small world ends here are some thoughts to ponder From here on things will change a bit as through life's road you wander

As you now move up one small plateau from high school on to college an open mind is what you'll need drinking deep at the fountain of knowledge

Always have faith in your own ideas they may not be tried and true But no one knows where they may lead and they **do** belong to you!

Also, that a nickel earned is better than any found dollar for work is honest and honorable though white or blue the collar

Never be ashamed of tears play life's game fair and square for there can be glory in failure and in success, despair

Remember, it is the test of fire that makes the finest steel Your school world is fast coming to an end Your next world is for real

May God forever guide and assist you in all your endeavors

Much, much love, Aunt Thelma & Uncle Jimmy
