Volume LX-Clifford J. Scott High School
..-' PUBUC LBRAPV
EAST ORAAGE, NEW JERSEY

Amidst the azure sky of East Orange stands the sturdy red brick structure of Clifford J. Scott High School. Its stately glistening cupola rises into the sky and serves as a beacon for this prolific building which has graced the northwestern corner of this city for over sixty years. It has graduated students who have entered the medical, legal, scientific, political, sports, and entertainment fields. Clifford J. Scott High School has adjusted to the educational needs of its precious students and is a "unique" school in an urban environment. Technology and interdisciplinary studies are its strong features as it moves into the twenty-first century with the central focus of managing itself under Whole School Reform.

Clifford J. Scott High School enhances its academic studies with co-curricular activities. Students may participate in the National Honor Society, serve on the Student Council, extend their day in a work-study program, assist in putting together the TARTAN yearbook, adopt-a-staff member in the Future Teachers' Club, act as a lawyer in Student Court hearings, or join a competitive sport such as soccer, football, volleyball, bowling, cross country, indoor and outdoor track, basketball, softball, and tennis.
